Selections From The Greek Elegiac Iambic:

Selections from the Greek Elegiac, Iambic and Lyric Poets John Andrew Moore, 1947 **Selections from the Greek elegiac, iambic and lyric poets** J. A. Moore, 1958 *Greek Elegy and Iambus* William Allan, 2019-08-29 Elegy and iambus are major forms of Greek literature which are crucial to understanding the Archaic and early Classical periods in particular. This edition gathers work by ten poets: two iambic Semonides and Hipponax; six elegiac Callinus, Tyrtaeus, Mimnermus, Theognis, Xenophanes, Simonides; and two writing in both forms, Archilochus and Solon. It explores a representative sample of each poet's surviving work while also highlighting their variety and provides an up-to-date commentary on major pieces including recent discoveries such as Simonides' Plataea elegy and Archilochus' Telephus elegy. The wide-ranging Introduction discusses such issues as poet and persona, contexts of performance and various cultural themes: expansion and contact with foreign cultures, social and political revolution, sexuality and gender, rationalism as well as language, style, metre and textual transmission. The volume will be of interest to upper-level undergraduate and graduate students as well as to scholars of early Greek literature and cultural history.

Essays on Ancient Greek Literature and Culture Ewen Bowie, 2022-01-26 In this book, one of the world's leading Hellenists brings together his many contributions over four decades to our understanding of early Greek literature: above all, of elegiac poetry and its relation to fifth-century prose historiography; but also of early Greek epic, iambic, melic, and epigrammatic poetry. Many chapters have become seminal: e.g., that which first proposed the importance of now-lost long narrative elegies and others exploring their performance contexts when papyri published in 1992 and 2005 yielded fragments of such long poems by Simonides and Archilochus. Another chapter argues against the widespread view that Sappho composed and performed chiefly for audiences.
