## **Selections From The Woman Question In Europe:**

*Selections from The Woman Question in Europe* Theodore Stanton, 1974      *Selections from The Woman Question in Europe* Donald G. Rohr, 1974      *The Cambridge Companion to Nineteenth-Century Thought* Gregory Claeys, 2019-08-22

Leading historians introduce the most influential trends in thought which originated or developed in the nineteenth century

**The Woman Question in Europe, a Series of Original Essays** Theodore Stanton, 2016-04-18 The woman question in Europe a series of original essays by Theodore Stanton This book is a reproduction of the original book published in 1884 and may have some imperfections such as marks or hand written notes      **The Woman Question in Europe** Theodore

Stanton, 2015-04-30 Among the contributors to this 1884 work are many famous names in the struggle for women's rights

**European Feminisms, 1700-1950** Karen M. Offen, 2000 This ambitious book explores challenges to male hegemony throughout continental Europe over the past 250 years For general readers and those interested primarily in the historical record it provides a comprehensive comparative account of feminist developments in European societies as well as a rereading of European history from a feminist perspective By placing gender or relations between women and men at the center of European politics it aims to reconfigure our understanding of the European past and to make visible a long but neglected tradition of feminist thought and politics On another level the book seeks to disentangle some misperceptions and to demystify some confusing contemporary debates about the Enlightenment reason nature and public vs private equality vs difference In the process the author aims to show that gender is not merely a useful category of analysis but that sexual difference lies at the heart of human thought and politics      *Contemporary Ukraine on the Cultural Map of Europe* Larissa M. L. Zaleska Onyshkevych, Maria G. Rewakowicz, 2014-12-18 The concept of a return to Europe has been integral to the movement for Ukrainian national rebirth since the nineteenth century While the goal of a more fully reformed politics remains elusive numerous expressions of Ukrainian culture continue to develop in the European spirit This wide ranging book explores Ukraine's European cultural connection especially as it has been reestablished since the country achieved independence in 1991 The contributors discuss many aspects of Ukraine's contemporary culture history politics and religion in Part I literary culture in Part II and language popular culture and the arts in Part III What emerges is a fascinating picture of a young country grappling with its divided past and its colonial heritage yet asserting its voice and preferences amid the diverse and at times conflicting realities of the contemporary political scene Europe becomes a powerful point of reference a measure against which the situation in post independence Ukraine is gauged and debated This framework allows for a better understanding of the complexities deeply ingrained in the social fabric of Ukrainian society      **A Companion to Nineteenth-Century Europe, 1789 - 1914** Stefan Berger, 2008-04-15 This Companion provides an overview of European history during the long nineteenth century from 1789 to 1914 Consists of 32 chapters written by leading international scholars Balances coverage of political diplomatic and international history with discussion of economic social and cultural

concerns Covers both Eastern and Western European states including Britain Pays considerable attention to smaller countries as well as to the great powers Compares particular phenomena and developments across Europe

*Women and Gender in Postwar Europe* Joanna Regulska, Bonnie G. Smith, 2012-03-12 Women and Gender in Postwar Europe charts the experiences of women across Europe from 1945 to the present day Europe at the end of World War II was a sorry testimony to the human condition awash in corpses the infrastructure devastated food and fuel in such short supply From Soviet Union to the United Kingdom and Ireland the vast majority of citizens on whom survival depended in the postwar years were women This book charts the involvement of women in postwar reconstruction through the Cold War and post Cold War years with chapters on the economic social and political dynamism that characterized Europe from the 1950s onwards and goes on to look at the woman s place in a rebuilt Europe that was both more prosperous and as tension filled as before The chapters both look at broad trends across both eastern and western Europe such as the horrific aftermath of World War II but also present individual case studies that illustrate those broad trends in the historical development of women s lives and gender roles The case studies show difference and diversity across Europe whilst also setting the experience of women in a particular country within the broader historical issues and trends in such topics as work professionalization sexuality consumerism migration and activism The introduction and conclusion provide an overview that integrates the chapters into the more general history of this important period This will be an essential resource for students of women and gender studies and for post 1945 courses

**Russian and West European Women, 1860-1939** Marcelline J. Hutton, 2001-08-14 This ambitious study provides a sweeping overview of the position of women in England France Germany and Russia USSR during a seminal period in world history Comparing Russian and European women s quest for respectability self realization justice and simple survival from 1860-1939 the book illustrates their struggles to realize their dreams and their resourcefulness in coping with often dreary hard even horrifying lives Deftly combining statistical data to underscore collective experiences and belles lettres to highlight the texture of individual women s lives the book assesses the significance of gender class nationality and religion Through vivid description this history conveys a comprehensive picture of women s social educational economic and political position in the late nineteenth and early twentieth century This richly researched work traces common patterns and unique experiences in women s lives showing how they defined themselves coped with daily life and confronted disaster with courage and resourcefulness

**Women, Art and the Politics of Identity in Eighteenth-Century Europe** Melissa Hyde, Jennifer Milam, 2017-03-02 The eighteenth century is recognized as a complex period of dramatic epistemic shifts that would have profound effects on the modern world Paradoxically the art of the era continues to be a relatively neglected field within art history While women s private lives their involvement with cultural production the project of Enlightenment and the public sphere have been the subjects of ground breaking historical and literary studies in recent decades women s engagement with the arts remains one of the richest and most under explored areas for scholarly

investigation This collection of new essays by specialist authors addresses women s activities as patrons and as patronized artists over the course of the century It provides a much needed examination with admirable breadth and variety of women s artistic production and patronage during the eighteenth century By opening up the specific problems and conflicts inherent in women s artistic involvements from the perspective of what was at stake for the eighteenth century women themselves it also acts as a corrective to the generalizing and stereotyping about the prominence of those women which is too often present in current day literature Some essays are concerned with how women s involvement in the arts allowed them to fashion identities for themselves whether national political religious intellectual artistic or gender based and how such self fashioning in turn enabled them to negotiate or intervene in the public domains of culture and politics where The Woman Question was so hotly debated Other essays examine how men s patronage of women also served as a vehicle for self fashioning for both artist and sponsor Artists and patrons discussed include Carriera Queen Lovisa Ulrike and Chardin the Bourbon Princesses Mlle Clermont Mme Ad la de and Nattier the Duchess of Osuna and Goya Marie Antoinette and Vig e Lebrun Labille Guiard Queen Carolina of Naples Prince Stanislaus Poniatowski of Poland and Kauffman David and his students Mesdames Benoist Lavoisier and Mongez

**The Concept of Woman** Prudence Allen,1997 The culmination of a lifetime s scholarly work this pioneering study by Sister Prudence Allen traces the concept of woman in relation to man in Western thought from ancient times to the present Volume I uncovers four general categories of questions asked by philosophers for two thousand years These are the categories of opposites of generation of wisdom and of virtue Sister Prudence Allen traces several recurring strands of sexual and gender identity within this period Ultimately she shows the paradoxical influence of Aristotle on the question of woman and on a philosophical understanding of sexual coomplemenarity Supplemented throughout with helpful charts diagrams and illustrations this volume will be an important resource for scholars and students in the fields of women s studies philosophy history theology literary studies and political science In Volume 2 Sister Prudence Allen explores claims about sex and gender identity in the works of over fifty philosophers both men and women in the late medieval and early Renaissance periods Touching on the thought of every philosopher who considered sex or gender identity between A D 1250 and 1500 The Concept of Woman provides the analytical categories necessary for situating contemporary discussion of women in relation to men Adding to the accessibility of this fine discussion are informative illustrations helpful summary charts and extracts of original source material some not previously available in English In her third and final volume Allen covers the years 1500 2015 continuing her chronological approach to individual authors and also offering systematic arguments to defend certain philosophical positions over against others

The European Court of Justice Gráinne De Búrca,Joseph Weiler,2001 This collection of essays aims to look afresh at an institution which although already the subject of numerous academic analyses and extensive legal research remains of central importance to all who are interested in the development of European Union law and policy Various contributions seek

to develop particular avenues of analysis which despite the significant increase in the range and volume of literature on the Court of Justice have not yet been very fully explored They include a legal philosophical account of the ECJ's reasoning a sociological analysis of patterns of litigation before the Court and an investigation of the impact and presence of gender in the Court's work and on its institutional position Other contributions look anew at the more topical and sometimes controversial subject of the relationship between national courts and the Court of Justice both under the preliminary reference procedure and in other contexts and a final essay considers the likely effect on the Court of Justice and the Court of First Instance of the reforms to the judicial structure proposed during the Nice Intergovernmental Conference

**The Cambridge History of Modern European Thought** Warren Breckman, Peter Eli Gordon, 2019 In these well nigh encyclopedic volumes Warren Breckman and Peter E Gordon engage in a daunting feat They offer compact and informative introductions to essays on very many crucial dimensions of thought in the nineteenth and twentieth centuries And they furnish along with their own substantive chapters contributions from an array of prominent scholars of intellectual and cultural history all of whom demonstrate impressive expertise in their varied areas of inquiry The result is an important work of both scholarly and general interest Back cover

**Views and reviews; a selection of uncontrolled articles** Havelock Ellis, 1932 **Index Catalog of the Scranton Public Library Authors and Subjects, June 30, 1902** Scranton Public Library, 1903 **Bulletin of the Salem Public Library** Salem Public Library, 1897 *The New Englander*, 1885

**A History of Modern Europe** Albert S. Lindemann, 2012-12-10 A History of Modern Europe surveys European history from the defeat of Napoleon to the twenty first century presenting major historical themes in an authoritative and compelling narrative Concise readable single volume covering Europe from the early nineteenth century through the early twenty first century Vigorous interpretation of events reflects a fresh concise perspective on European history Clear and thought provoking treatment of major historical themes Lively narrative reflects complexity of modern European history but remains accessible to those unfamiliar with the field

**The Routledge Handbook of Gender in Central-Eastern Europe and Eurasia** Katalin Fábián, Janet Elise Johnson, Mara Lazda, 2021-07-25 This Handbook is the key reference for contemporary historical and political approaches to gender in Central Eastern Europe and Eurasia Leading scholars examine the region's highly diverse politics histories cultures ethnicities and religions and how these structures intersect with gender alongside class sexuality coloniality and racism Comprising 51 chapters the Handbook is divided into six thematic parts Part I Conceptual debates and methodological differences Part II Feminist and women's movements cooperating and colliding Part III Constructions of gender in different ideologies Part IV Lived experiences of individuals in different regimes Part V The ambiguous postcommunist transitions Part VI Postcommunist policy issues With a focus on defining debates the collection considers how the shared experiences especially communism affect political forces organization of gender through a broad variety of topics including feminisms ideology violence independence regime transition and public policy It is a foundational
