Dale B. Martin

Self Deception Wholeness In Paul And Matthew:

Self-Deception and Wholeness in Paul and Matthew Dan O. Via, 2005-10-18 Via uses the concept of self deception as a vantage point for understanding something about Paul and Matthew Employing an existential method in the broad sense Via asks about the nature of a pervasive phenomenon of human existence with some attention given to psychological aspects Nevertheless this study is primarily exegetical and interpretive aimed at theological understanding rather than intensively methodological Positing that self deception is a deformation Via undertakes to pay attention primarily to the subversion of the self and the recovery of wholeness Additionally attention is paid to self deception as a social phenomenon and some consideration is given to its social causes and implications

Self-deception and Wholeness in Paul and Matthew Dan Otto Via, 1990 *The True Self and False Self* Matthew Brett Vaden, 2022-01-06 We go through life focusing our attention on many things But how much do we focus on ourselves We may be aware of many things but are we self aware This is a question our contemporary culture asks us to consider more and more and words like self awareness personal identity authenticity and mindfulness are becoming not just buzz words but virtues The ancient dictum know thyself reverberates in all corners of our lives from Disney characters on our TVs to DISC profiles at our workplaces Some of the more mindful members of our society may even be tempted to disdain those who are not as mindful as they are But what if our self aware culture hailing us to pursue our true selves is unaware of itself What if our definitions of true and false self understanding are myopic slanted towards a narrow solipsism that is actually leading people away from authenticity while all the while championing it If so how would we know Who is best able to define these things and to teach us how to know ourselves truly Matthew Brett Vaden traces the wisdom of past and modern day sages to discover how we can truly discover ourselves

The Sermon on the Mount and Moral Theology William C. Mattison, III, 2017-07-03 In this volume William C Mattison III demonstrates that virtue ethics provides a helpful key for unlocking the moral wisdom of the Sermon on the Mount Showing how familiar texts such as the Beatitudes and Petitions of the Lord's Prayer are more richly understood and can even be aligned with the theological and cardinal virtues he also locates in the Sermon classic topics in morality such as the nature of happiness intentionality the intelligibility of human action and the development of virtue Yet far from merely placing the teaching of Aristotle in the mouth of Jesus he demonstrates how the Sermon presents an account of happiness and virtue transformed in the light of Christian faith The happiness portrayed is that of the Kingdom of heaven and the habits needed to participate in it in the next life but even initially in this one are possible only by God's grace through Jesus Christ and lived in the community that is the Church

Paul and the Self J. Knox Chamblin, 2011-07-21 An outstanding contribution to the subjects of intra and interpersonal relations is the work done by J Knox Chamblin Paul and the Self The author has studied every Pauline passage relating to the self and arranged his findings so as to enrich our understanding of a holistic personal maturity as well as a holistic corporate maturity The serious Bible student should have this book J Grant

Howard author of *The Trauma of Transparency* 1997 *The Shame Factor* Robert Jewett, Wayne Alloway, John G. Lacey, 2010-10-15 This volume deals with the varied forms of shame reflected in biblical theological psychological and anthropological sources Although traditional theology and church practice concentrate on providing forgiveness for shameful behavior recent scholarship has discovered the crucial relevance of social shame evoked by mental status adversity slavery abuse illness grief and defeat Anthropologists sociologists and psychologists have discovered that unresolved social shame is related to racial and social prejudice to bullying crime genocide narcissism post traumatic stress and other forms of toxic behavior Eleven leaders in this research participated in a conference on The Shame Factor sponsored by St Mark s United Methodist Church in Lincoln NE in October 2010 Their essays explore the impact and the transformation of shame in a variety of arenas comprising in this volume a unique and innovative resource for contemporary religion therapy ethics and social analysis *What the Bible Says about the Dangers of Self-Deception* Joseph K. Pak, 2024-10-17 How do people know if they are deceiving themselves Self deception is something everyone practices to one degree or another and it is closely related to other deception deceiving other people and Satan s deception as the father of lies John 8 44 How dangerous is self deception It can cost people their eternal destiny if they are deceiving themselves about their salvation Self deception has been a topic of keen interest among philosophers theologians and psychologists and is also a significant theme in the Bible This book first introduces what the fields of philosophy theology and psychology say about self deception and then examines many Bible passages that address the topic of self deception to gain a biblical understanding of what it is and how to prevent it **Abingdon New Testament Commentaries: Romans** Leander E. Keck, 2011-09-01 Like widely differing siblings raised by the same parents each letter produced by Paul has its own distinguishing character For the historically minded critic each letter s unique traits provide important clues for detecting the circumstances in which Paul wrote it as well as what he hoped to achieve with it Scholars assume that by examining the content of the letter the answer they can infer the readers situation that Paul is addressing the question a method sometimes called mirror reading In the case of Romans however both the particular traits and the overall content are so unusual that scholars continue to debate why Paul wrote precisely this letter and what he hoped to achieve by it in Rome So begins Leander Keck s seminal work on the New Testament book of Romans Keck asserts that because Romans is part of the New Testament we can compare it with the other letters ascribed to Paul as well as with what Acts reports about his message and mission But the first readers of Romans had only this letter they could compare it only with what they may have heard about him While this commentary does from time to time compare Romans with what Paul had said before it concentrates on Romans itself what Paul says in this text should not be conflated with nor inflated into what he thought comprehensively though it is essential to understand that as well We do not really need another major commentary on Romans that loses us in the minutiae of word studies literary parallels sociological and rhetorical hypotheses we have such in plenty The Abingdon series however by its limited size forces the

contributor to focus on the primary task of the commentator to clarify the meaning intended or potential of the words of the text and to provide some basic reflection on its continuing significance And that is where Keck excels James D G Dunn
Review of Biblical Literature 04 2006 **The Revelation of God And/as Human Reception** Dan Otto Via,1997-10-01 A resourceful and thorough study of an important issue in New Testament and systematic theology this book is one that takes human action and reception into full account Where does God s revelation reside in the event or in the interpretation If history is about the creation of meaning what does it mean to say that God reveals God s self in history Dan Via addresses these and related issues in this original volume **1-2 Timothy, Titus** David W. Pao,2023-11-07 As the inaugural volume of the Brill Exegetical Commentary Series this commentary provides a fresh reading of the Pastoral Epistles while interacting with recent developments in biblical studies and the auxiliary disciplines A fresh translation of the Greek text is followed by text critical grammatical historical and theological analyses of the text Instead of a commentary on the commentaries this work grounds the reading of the Pastoral Epistles within their proper linguistic and socio cultural contexts thus allowing their distinct theological voices to emerge In Search of First-Century Christianity Joe E. Barnhart,Linda T. Kraeger,2019-06-04 Originally pulished in 2000 In Search of First Century Christianity contends that Christianity in the first century had no founder but rather evolved as a convergence of many forces political disillusionment cultural mutations religious and theological motifs psychosocial losses and new expectations Moving on from an examination of the foundations of historical and literary criticism in the Renaissance and a detailed study of two writers in antiquity Thucydides and Chariton to examine writings in the period between Plato and the Gospel of Mark the authors then explore the writing of Paul and the stories told in the Gospels With the early Christians drawing from both Greek and Hebrew sources Barnhart and Kraeger propose that like Plato Paul and other Christians generated an anti tragic theatre gospel with the Jesus figure being the creation of a culture steeped in an anthropomorphic metaphysical view of the world The Oxford Handbook of Biblical Studies J. W. Rogerson,Judith M. Lieu,2006-03-17 The Oxford Handbooks series is a major new initiative in academic publishing Each volume offers an authoritative and up to date survey of original research in a particular subject area Specially commissioned essays from leading figures in the discipline give critical examinations of the progress and direction of debates Biblical studies is a highly technical and diverse field Study of the Bible demands expertise in fields ranging from Archaeology Egyptology Assyriology and Linguistics through textual historical and sociological studies to Literary Theory Feminism Philosophy and Theology to name only some This authoritative and compelling guide to the discipline will therefore be an invaluable reference work for all students and academics who want to explore more fully essential topics in Biblical studies **Paul's True Rhetoric** Mark Douglas Given,2001-01-01 Given argues that Paul s rhetorical strategies in Acts and in his letters display intentional ambiguity cunning and deception and make vulnerable to the charge that he perpetrates sophistries *The Corinthian Body* Dale B. Martin,1999-01-01 Annotation In this intriguing discussion of Paul s first letter to

the Corinthians Dale Martin contends that Paul's various disagreements with the Corinthians were the result of a fundamental conflict over the ideological construction of the human body and hence the church as the body of Christ This led to differing opinions on a variety of theological viewpoints including the role of rhetoric and philosophy in a hierarchical society the eating of meat sacrificed to idols prostitution sexual desire and marriage and the resurrection of the body Book jacket

The Theme of Recompense in Matthew's Gospel Blaine Charette, 2015-01-29 Matthew's theology of the Spirit has received scant scholarly attention a regrettable oversight since the evangelist is careful to note that the eschatological redemption described in his Gospel is the direct result of the activity of God's Spirit Matthew's narrative of God's restoring work which begins with Jesus and continues through his followers is informed by even as it extends the larger biblical narrative concerning God's creative redemptive and restorative work at the centre of which stands his Spirit his active presence As the study elaborates upon the broad sweep of Matthew's interest in the Spirit the operation of the Spirit is examined in relation to the three theological categories of christology soteriology and ecclesiology

Love Without Pretense Walter T. Wilson, 1991 Revision of the author's thesis University of Chicago 1990

Matthew Anna Case-Winters, 2015-03-18 One of the most beloved books of the New Testament the Gospel of Matthew speaks with eloquence and power Among the Gospels Matthew paints a fuller picture of the life ministry and teachings of Jesus Anna Case Winters's incisive commentary reveals that Matthew is clearly a theological book It is about God's saving work in Jesus Christ Moreover it is presented in a way that easily lends itself to the task of teaching and preaching Case Winters highlights five themes that shape the distinctive portrait of Jesus this Gospel offers Here we see Jesus facing up to conflict and controversy ministering at the margins overturning presuppositions about insiders and outsiders privileging the powerless demonstrating the authority of ethical leadership challenging allegiance to empire and pointing the way to a wider divine embrace than many dared imagine Case Winters captures the core of Matthew's unique Gospel which speaks powerfully to the life of Christian faith today in the midst of our own issues and struggles

Biblical Interpretation and Christian Ethics J. I. H. McDonald, 1993-12-02 Inter disciplinary studies are emerging rapidly to meet the insistent demands of the modern age Biblical interpretation is itself inter disciplinary drawing together the biblical traditions and others to address the problem of interpreting texts Christian ethics is also multi disciplinary and thus no stranger to this new ethos To bring these two areas together is a potentially creative undertaking It comes at a time when much attention is being paid to reading texts and the interpretive tradition The author's principal aim is to read the Bible in the context of moral concern Attention is paid to the liberal quest and to eschatology and ethics each marking a distinct epoch in the relationship of Bible and ethics before the post critical age is studied under the rubric participation in meaning The final section deals with ethics and historical reading and with ethics and contemporary reading The book concludes with a discussion of selected practical topics

The Birthing of the New Testament Thomas L. Brodie, 2004 Many are saying that the prevailing paradigm of New Testament

origins is going nowhere In its place Brodie s stunning book invites us to suspend all knowledge we already have about the history of the New Testament s development and to be willing to entertain the following thesis Everything hinges on Proto Luke a history of Jesus using the Elijah Elisha narrative as its model which survives in 10 chapters of Luke and 15 of Acts Mark then uses Proto Luke transposing its Acts material back into the life of Jesus Matthew deuteronomizes Mark John improves on the discourses of Matthew Luke Acts spells out the story at length Add the Pauline corpus the descendant of Deuteronomy via the Matthean logia and the New Testament is virtually complete This is a totalizing theory an explanation of everything and its critics will be numerous But even they will be hugely intrigued and have to admit that Brodie s myriads of challenging observations about literary affinities demand an answer *The Rhetoric of the Gospel, Second Edition* C. Clifton Black, 2013-07-29 While most books on biblical rhetoric focus primarily on the epistles this volume from prominent scholar C Clifton Black considers the variety of rhetorical critical approaches now being applied to the Gospels including Luke Acts This updated edition takes into account recent research since the first volume was published in 2001 and features two brand new chapters Black provides an overview of the different forms of rhetorical criticism with examples from the Gospel of John studies of characterization in Matthew and Luke an analysis of classical rhetorical criteria found in Mark and Luke Acts and an analysis of the rhetoric of the parables with implications for contemporary preaching
