Self Relations In The Psychotherapy Proc:

Self-relations in the Psychotherapy Process J. Christopher Muran, 2001-01-01 The concept of self for many psychotherapists has alluring appeal that conceals a haunting paradox Self Relations in the Psychotherapy Process examines the root of this paradox How can therapy that is predicated on the notion of the self as firmly bound and highly individuated succeed when this concept is being challenged by the postmodern view of the self as much more fluid and complex If we accept that the self is an ever changing social and historical construction how do we alter our approach to understanding disorder and change

Self-in-Relationship Psychotherapy Augustine Meier, Micheline Boivin, 2022-07-29 In this innovative book the authors set out their theory of Self in Relationship Psychotherapy SIRP advocating for the integration of relational self and physical intimacy needs in the conceptualization and treatment of psychological problems placing human needs at the center of treatment This marks a shift in how psychological and relational problems are understood currently being perceived in terms of affects cognitive processes and behaviors Using numerous illustrations from their own clinical practice Meier and Boivin contend that this understanding overlooks the pivotal role that needs play in all aspects of peoples personal lives and relationships Children adolescents and adults do not live primarily from feelings and thoughts but from basic psychological and relational needs such as wanting to be in a meaningful relationship having the autonomy and freedom to make decisions about their lives experiencing being competent being regarded as a significant and important person and experiencing emotional intimate and sensual and or sexual connections By taking such an approach this book stands out among other books on psychotherapy theories Authored by two seasoned psychologists who have provided therapeutic services to children adolescents and adults for 40 years this book comprises the foundational theory for practicing Self in Relationship Psychotherapy making it of interest to graduate students clinicians in training and practicing psychologists social workers and psychotherapists alike

The Dialogical Self in Psychotherapy H. J. M. Hermans, Giancarlo Dimaggio, 2004 How can a theory of the self be used to understand the psychotherapeutic process The basic assumption of the dialogical self is that there is no centralised headquarter in the mind but that the internal self is made up of a number of different characters Interpersonal relationships from infancy onwards become internalised these internalised relationships then influence relationships during life The Dialogical Self in Psychotherapy is divided into four clear and accessible sections which explore theoretical and historical assumptions of the dialogical self from different angles psychological developmental and neurobiological the relationships between Dialogical Self Therapy and the authors own theoretical perspectives treatment of clients suffering from severe disorders method and research The Dialogical Self in Psychotherapy gathers together psychotherapists from divergent origins to explore current thinking in the field cognitive constructivist process experiential narrative psychodynamic psychodramatic humanistic and cognitive analytic This innovative book brings together inter and intra subjective dialogue and clearly demonstrates how they are incorporated into the therapeutic process **The**

Courage to Love: Principles and Practices of Self-Relations Psychotherapy Stephen Gilligan, 1997-05-17 This is a book about how psychotherapy may be used to cultivate the courage and freedom to love In a time when love seems to be fading and hatred and despair rising it presents love as a skill and force that can heal and invigorate reconnect and guide calm and encourage In Gilligan's self relations approach psychotherapy is a conversation about competing differences When these differences are treated violently or indifferently problems arise solutions develop when the skills of love are practiced Those practical skills are described here with an emphasis on postconventional ethics Buddhist and aikido principles and ideas of human sponsorship

Core Processes in Brief Psychodynamic Psychotherapy Denise P. Charman, 2003-10-03 Many students enter graduate programs with little or no experience of psychodynamic psychotherapy Efforts to impart clinical skills have often been less than systematic and beginning psychotherapists have not always been encouraged to think about what they are doing and why they are doing it from a scientific standpoint Thoughtfully building on current debates over efficacy and effectiveness this book outlines a promising approach to training in which the work of therapy is divided into tasks patterned after Luborsky's influential delineation of curative factors significant developments in the course of the therapy that are crucial for effective change Each task step for the therapist cognitive behavioral affective or a combination is analyzed taught separately and then put in sequence with the other task steps Curative factors have been extensively studied in recent years and the approach rests on a solid empirical base In a climate of increased accountability clinicians must demonstrate that they are responding to providers requests to conduct evidence based practices Core Processes in Brief Psychodynamic Psychotherapy will be an invaluable resource not only for students and trainees but for established therapists who find themselves asked to justify their work

Philosophical Issues in Counseling and Psychotherapy, James T. Hansen, 2013-11-21 To become a counselor or psychotherapist one must learn a confusing and conceptually disconnected array of theories techniques and ideologies For instance CBT humanistic and psychodynamic interventions have virtually opposite conceptual foundations but they are all used to help clients What principles however connect the various movements trends and methods of helping In Philosophical Issues in Counseling and Psychotherapy Encounters with Four Questions about Knowing Effectiveness and Truth James T Hansen asks and proposes beginning resolutions to four fundamental philosophical questions about knowing effectiveness and truth that are designed to unite and give meaning to diverse and seemingly contradictory models of helping What does it mean to know a client What makes counseling effective Are truths discovered or created in the counseling relationship Should counselors abandon the idea of truth Although these questions are complex Hansen provides plain language answers that make the material accessible to readers who have no formal education in philosophy Furthermore he addresses these questions in the context of his personal struggles to find meaning making the book an engaging and highly enjoyable reading experience

Walking in Two Worlds Stephen G. Gilligan, Dvora Simon, 2004

Systems of Psychotherapy Donald K. Fromme, 2010-10-26 Psychotherapy today encompasses a broad spectrum of approaches that focus to a varying extent on psychophysiological behavioral environmental or other aspects of human problems Despite the overlap that exists between many of these approaches there is no method that integrates more than a few of these aspects It is therefore important to understand the inherent advantages and disadvantages of each therapy system and how each helps people to solve their problems Systems of Psychotherapy Dialectical Tensions and

Integration provides an in depth overview of the major therapeutic systems in practice today and outlines the philosophical differences and opportunities for integration among them This volume also considers the new ideas and approaches to therapy stemming from the postmodernist and integrative movements By highlighting the unique merits of each system readers are encouraged to combine factors present in the various systems to create a comprehensive view of human nature and functioning that will improve therapeutic outcomes Topics covered in this volume include Empirical foundations of psychotherapy Treatment planning and the initial interview Psychopharmacology Cognitive Behavioral interventions Humanistic approaches Interpersonal approaches Family systems and couples approaches Ecosystemic interventions Systems of Psychotherapy is an educational text which spans historical and contemporary issues in psychotherapy and is an ideal reference for students of clinical counseling and school psychology psychiatric residents and graduate students in clinical social work
