Self Determination And The Social Education Of Native Americans:

Self-Determination and the Social Education of Native Americans Guy B. Senese, 1991-06-19 Self determination a crucial conceptual development in American Indian social and educational policy and the force behind current Indian policy programs is critically analyzed in this volume by a scholar educator who has worked closely with Native Americans Guy B Senese explores the wide gulf between the rhetoric and the reality of self determination in contemporary Native American education an area that has received little scrutiny by students of American education policy Senese contends that many aspects of Native American self determination policy work against the full realization of that policy and are in fact contradictory Arguing that self determination is not a unified coherent policy moving toward more community and tribal self government and economic self help Senese makes a strong case for his theory that the policy has been a vehicle to promote a smooth transition toward a termination of the tribal federal relationship This book is an excellent addition to the developing literature that questions the pluralist assumptions of the late twentieth century liberal progressive social policy Each of the volume s three parts addresses a basic assumption of Native American social education policy Part I shows how self determination policy grew as a response to the moral requirements of reservation development in a political climate of American patriotism Part II shifts the focus more directly to schooling including a discussion of the concept of community control and the 1975 Self Determination and Educational Assistance Act The concluding section analyzes the dialogue that resulted from the fragmentation of Native Americans who were divided over the meaning of self determination How the concepts of trust and sovereignty have created grounds for the expropriation of the meaning of self determination is also explored This volume s analysis of American Indian social and educational policy makes it required reading in the areas of Ethnic Studies Educational Policy Studies Ethnohistory and Sociology of Education The work is an important addition to the Education and Ethnic Studies collections of public and university libraries [Theoretical Perspectives on American Indian Education](#) Terry Huffman, 2010-11-16 Theoretical Perspectives on American Indian Education introduces four prominent theoretical perspectives on American Indian education cultural discontinuity theory structural inequality interactionist theory and transculturation theory By including readings that each feature a theoretical perspective Huffman provides a comparison of each perspective s basic premise fundamental assumptions regarding American Indian education implications and associated criticisms Bringing together treatments on a variety of theories into one work this book integrates current scholarship and discussions for researchers students and professionals involved in American Indian education *Native Activism in Cold War America* Daniel M. Cobb, 2008-10-24 The heyday of American Indian activism is generally seen as bracketed by the occupation of Alcatraz in 1969 and the Longest Walk in 1978 yet Native Americans had long struggled against federal policies that threatened to undermine tribal sovereignty and self determination This is the first book length study of American Indian political activism during its seminal years focusing on the movement s largely neglected early

efforts before Alcatraz or Wounded Knee captured national attention Ranging from the end of World War II to the late 1960s Daniel Cobb uncovers the groundwork laid by earlier activists He draws on dozens of interviews with key players to relate untold stories of both seemingly well known events such as the American Indian Chicago Conference and little known ones such as Native participation in the Poor People s Campaign of 1968 Along the way he introduces readers to a host of previously neglected but critically important activists Mel Thom Tillie Walker Forrest Gerard Dr Jim Wilson Martha Grass and many others Cobb takes readers inside the early movement from D Arcy McNickle s founding of American Indian Development Inc and Vine Deloria Jr s tenure as executive director of the National Congress of American Indians to Clyde Warrior s leadership in the National Indian Youth Council and describes how early activists forged connections between their struggle and anticolonialist movements in the developing world He also describes how the War on Poverty s Community Action Programs transformed Indian Country by training bureaucrats and tribal leaders alike in new political skills and providing activists with the leverage they needed to advance the movement toward self determination This book shows how Native people who never embraced militancy and others who did made vital contributions as activists well before the American Indian Movement burst onto the scene By highlighting the role of early intellectuals and activists like Sol Tax Nancy Lurie Robert K Thomas Helen Peterson and Robert V Dumont Cobb situates AIM s efforts within a much broader context and reveals how Native people translated the politics of Cold War civil rights into the language of tribal sovereignty Filled with fascinating portraits Cobb s groundbreaking study expands our understanding of American Indian political activism and contributes significantly to scholarship on the War on Poverty the 1960s and postwar politics and social movements

A Critical Pedagogy for Native American Education Policy Lavonna L. Lovern, F.E. Knowles, 2015-10-14 A Critical Pedagogy for Native American Education Policy is an application of critical pedagogical theory to historical and recent Native American educational policy Focusing primarily on the Mvskoke Creek the authors provide a detailed historic timeline that is tied to the functionalist view of sociology as it is reflected in the institution of education in general Knowles and Lovern examine the policy from the critical perspective with the application of Habermas and Freire They argue that the functionalist mode of education has furthered the cause of colonization and its attendant cultural destruction The emancipatory possibilities presented by the work of Habermas and Freire are mined for their application to the deficits created by the historical and continued colonization of Native Americans

Sociocultural Influences and Teacher Education Programs Dennis M. McInerney, Shawn Van Etten, 2003-06-01 In this volume we describe exemplary programs in teacher education that attempt to address some of the issues alluded to above Our authors address theoretical perspectives on the importance of teacher education for improving educational outcomes the achievement gap between different groups and in particular the significant achievement gap between indigenous students and other minorities and mainstream groups and how this might be overcome by better trained teachers and how teachers learn to be effective teachers and are these skills of

effective teaching broadly applicable across all educational environments

American Indian Higher Educational Experiences Terry E. Huffman, 2008 *American Indian Higher Educational Experiences* examines the multiple ways sixty nine American Indian college students construct and use their ethnic identity while enrolled in a predominantly non Indian university Although their cultural backgrounds and orientations differ widely for all of these sixty nine students there exists a profound connection between how they view their personal ethnicity and how they interpret their experiences in academia

American Indian Activism Troy R. Johnson, Joane Nagel, Duane Champagne, 1997 *ESSAYS ON THE OCCUPATION OF ALCATRAZ ISLAND IN 1969*

American Educational History William H. Jeynes, 2007-01-18 *American Educational History* School Society and the Common Good is an up to date contemporary examination of historical trends that have helped shape schools and education in the United States Author William H Jeynes places a strong emphasis on recent history most notably post World War II issues such as the role of technology the standards movement affirmative action bilingual education undocumented immigrants school choice and much more

Native American Education Lorraine Hale, 2002-07-19 This authoritative volume puts the schooling of Native American children in the broader context of the country s educational agenda and demonstrates how Native American learning continues to be a challenge to minority education in the United States This fascinating overview provides a comprehensive introduction to the education of Native Americans in the United States Historically schools were seen as essential to formal education but also as the custodians of community values a way to socialize Native Americans into the European way of life *Native American Education A Reference Handbook* describes the role played by various churches and missionaries and their different approaches to education against a backdrop of mostly unfamiliar social and legal history For example most Americans probably do not know that Indians helped write the Constitution and that an Indian served as vice president of the United States Author Lorraine Hale provides strategies for preserving Indian culture within the framework of modern American education

Contemporary Native American Political Issues Troy Johnson, 2000-01-01 How does one make a clear distinction between issues such as tribal sovereignty indigenous rights and law and justice How do these topics differ and can they be separated from issues such as identity health and environment The answer of course lies in the interconnectedness of all aspects of Native American life culture religion and politics This format encourages the consideration of Native politics both in terms of unifying themes and contexts and with regard to local situations needs and struggles From the Introduction by Troy Johnson Troy Johnson and has assembled a volume of top scholarship from which emerges the complexity and diversity of Native American political life in the 1990 s Each topical section is introduced by the editor s own commentaries which provide background and integrated analyses of the issues at hand They are followed by informative critical case studies and essays that offer experiences and perspectives from a variety of Native American and political settings Students will gain grounded understandings of key issues as well as a variety of theoretical perspectives from which to understand contemporary

American Indian political life Topics include sovereignty international indigenous rights economic development law repatriation and activism *Historical Dictionary of American Education* Richard J. Altenbaugh,1999-10-30 The history of American education is a vital and productive field of study This reference book provides factual information about eminent people and important topics related to the development of American public private and parochial schools covering elementary and secondary levels In addition to major state and regional leaders and reformers it includes biographies of significant national educators philosophers psychologists and writers Subjects embrace important ideas events institutions agencies and pedagogical trends that profoundly shaped American policies and perceptions regarding education The more than 350 entries are arranged alphabetically and written by expert contributors Each entry closes with a brief bibliography and the volume ends with a list of works for further reading Entries were drawn from a review of leading history of education textbooks and the *History of Education Quarterly* These topics were further refined by comments from leading authorities and the contributors Most of the contributors are established scholars in the history of education curriculum and instruction school law educational administration and American history a few also work as public and private school teachers and thus bring their practical experience to their entries The period covered begins in the colonial period and continues through the 1990s Term Paper Resource Guide to American Indian History Patrick LeBeau,2009-03-20 Major help for American Indian History term papers has arrived to enrich and stimulate students in challenging and enjoyable ways Students from high school age to undergraduate will be able to get a jump start on assignments with the hundreds of term paper projects and research information offered here in an easy to use format Users can quickly choose from the 100 important events spanning from the first Indian contact with European explorers in 1535 to the Native American Languages Act of 1990 Coverage includes Indian wars and treaties acts and Supreme Court decisions to founding of Indian newspapers and activist groups and key cultural events Each event entry begins with a brief summary to pique interest and then offers original and thought provoking term paper ideas in both standard and alternative formats that often incorporate the latest in electronic media such as iPod and iMovie The best in primary and secondary sources for further research are then annotated followed by vetted stable Web site suggestions and multimedia resources usually films for further viewing and listening Librarians and faculty will want to use this as well With this book the research experience is transformed and elevated Term Paper Resource Guide to American Indian History is a superb source to motivate and educate students who have a wide range of interests and talents The provided topics typify and chronicle the long turbulent history of United States and Indian interactions and the Indian experience *Education for Social Work Practice with American Indian Families: Introductory text* ,1981

Social Issues in Contemporary Native America Hilary N. Weaver,2016-04-01 Hilary Weaver has drawn together leading Native American social workers researchers and academics to provide current information on a variety of social issues related to Native American children families and reservations both in the USA and in Canada Divided into four major

sections each containing an introduction this book places the historical foundations of Native American social work in context in order to fully provide the reader with a comprehensive survey on various aspects of working with Native American families community health and wellness and community revitalization and decolonization This groundbreaking volume should be read by both educators and students in social work and other helping professions in the USA and Canada as well as all human service professionals working with Native Americans

Native American Voices Susan Lobo, Steve Talbot, Traci Morris Carlston, 2016-02-19 This unique reader presents a broad approach to the study of American Indians through the voices and viewpoints of the Native Peoples themselves Multi disciplinary and hemispheric in approach it draws on ethnography biography journalism art and poetry to familiarize students with the historical and present day experiences of native peoples and nations throughout North and South America all with a focus on themes and issues that are crucial within Indian Country today For courses in Introduction to American Indians in departments of Native American Studies American Indian Studies Anthropology American Studies Sociology History Women s Studies

Education in the Comanche Nation Linda Sue Warner, 2016-02-05 This collection delivers an altogether unique perspective of research on American Indian Alaska Native education policy and practice by creating a cultural lens framed as tribal core values to allow readers to rethink research on and about tribal populations The policies that affect American Indian education often create a disconnect between an general educational hegemonic mandate of one size fits all and the deeply held cultural beliefs of American Indian Alaska Native peoples This book provides current thinking about both policies and processes that support native ways of knowing and how tribal incorporation of values support the resiliency that characterizes the United States first peoples It considers a range of issues including the relationship between Native American fathers and daughter how Habermasian theory applies to Native American education policy and the experiences of Indian college students in predominately white institutions This book was originally published as a special issue of the International Journal of Qualitative Studies in Education

Non-Western Educational Traditions Timothy Reagan, 2017-07-06 Indigenous Knowledge Systems Concluding Reflections Questions for Reflection and Discussion Author Index Subject Index

Fort Marion Prisoners and the Trauma of Native Education Diane Glancy, 2014-11-01 At the end of the Southern Plains Indian wars in 1875 the War Department shipped seventy two Kiowa Cheyenne Arapaho Comanche and Caddo prisoners from Fort Sill Oklahoma to Fort Marion in St Augustine Florida These most resistant Native people referred to as trouble causers arrived to curious boisterous crowds eager to see the Indian warriors they knew only from imagination Fort Marion Prisoners and the Trauma of Native Education is an evocative work of creative nonfiction weaving together history oral traditions and personal experience to tell the story of these Indian prisoners Resurrecting the voices and experiences of the prisoners who underwent a painful regimen of assimilation Diane Glancy s work is part history part documentation of personal accounts and a search for imaginative openings into the lives of the prisoners who left few of their own records other than carvings in their cellblocks and the famous ledger books They

learned English mathematics geography civics and penmanship with the knowledge that acquiring the same education as those in the U S government would be their best tool for petitioning for freedom Glancy reveals stories of survival and an intimate understanding of the Fort Marion prisoners predicament **Resources in Education** ,1996 [Encyclopedia of American Social Movements](#) Immanuel Ness,2015-07-17 This four volume set examines every social movement in American history from the great struggles for abolition civil rights and women s equality to the more specific quests for prohibition consumer safety unemployment insurance and global justice

The Top Books of the Year Self Determination And The Social Education Of Native Americans The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous engrossing novels captivating the hearts of readers worldwide. Lets delve into the realm of bestselling books, exploring the captivating narratives that have captivated audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This touching tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can triumph. Self Determination And The Social Education Of Native Americans : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This intriguing historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and suspenseful novel that will keep you speculating until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
