Self-liberation Through Seeing with Naked Awareness Karma-glin-pa, 1989 A spiritual classic along the lines of The Tibetan Book of the Dead this text is a clear and accessible guide to the essence of Dzogchen and the attainment of Buddhahood A text belonging to the same cycle as The Tibetan Book of the Dead this instruction on the method of self liberation presents the essence of Dzogchen The Great Perfection regarded in Tibet as the highest and most esoteric teaching of the Buddha Teaching the attainment of Buddhahood in a single lifetime this text was written and concealed by Guru Padmasambhava in the eighth century and rediscovered six centuries later by Karma Lingpa The commentary by the translator is based on the oral teachings of Namkhai Norbu Rinpoche and Lama Tharchin Rinpoche Beyond the Separate Self Colin Drake, 2011 This book is designed to help its readers go beyond the separate self that is to free oneself from obsessive thinking and worrying about one's self image health wealth status achievements lack of achievements past future and ultimate survival p 5 **Yoga Spandakarika** Daniel Odier, 2005-03-23 Translation and commentary of one of the most important texts of the Kashmirian Shivaism tradition of Tantra Author was a student of the late Kalu Rinpoche Explores the transmission of Mahamudra the Great Cosmic Gesture Includes the Vijnanabhava Tantra which contains the totality of the oldest source text on Yoga The Spandakarika the Tantric Song of the Divine Pulsation is said to have been transmitted

directly to the sage Vasugupta from the hands of Shiva on Mount Kailas In his commentary on these fifty two stanzas the sage Ksemaraja described them as the heart of the Mahamudra The oldest masters of Spandakarika viewed everything in the universe including matter as consciousness and created a yoga practice in accordance with this realization The sacred dance of Yoga Spandakarika Tandava is extremely subtle and difficult requiring thousands of hours of practice to master yet it surpasses any other physical practice allowing the practitioner to touch the divine inner pulse Once its third stage has been mastered the yogi or yogini is able to manifest the dance of Shiva in space a tradition visible in the statuary of Tantric temples in India and Tibet Energy is no longer contracted by the perception of duality and the mind and body become unbounded forming a sphere that contains all that was formerly outside In Yoga Spandakarika Daniel Odier passes on these vanishing teachings as he received them from his Tibetan master Kalu Rinpoche and Kashmiri yogi Lalita Devi Electrical Christianity L. Ron Gardner,2013-07 Electrical Christianity is a revolutionary guide to Jesus teachings and spiritual enlightenment It provides clear cut in depth instructions on how to directly plug into the Divine Being the Holy One and literally pull down His Power Grace is not an abstract principle it is the palpable experience of God s Spirit power and anyone who religiously or devotedly and intensely practices the discipline of true Holy Communion presented in this book can experience the descent of Divine Power the Holy Spirit The true Eucharist the practice of Holy Communion which in its awakened form implies reception of the Holy Spirit is the very heart of real Christianity and the foremost method for attaining salvation spiritual enlightenment Electrical Christianity not only details the radical or gone to the root practice of Holy Communion but also analogizes it to an electrical circuit The Eucharist is simply Ohm s Law applied to spirituality and once you grasp the Eucharist Ohm s Law connection which is explicated in this book you ll become like Jesus a spiritual revolutionary In addition to explicating the Eucharist Ohm s Law connection the book also sheds penetrating light on psychology politics and sociology It presents a vision of integral psychology that differs markedly from Ken Wilber s considers Jesus politics in a modern context and examines the history and future of Christianity in the New or Aquarian Age The Reality of ESP Russell Targ,2012-12-19 On February 4 1974 members of the Symbionese Liberation Army kidnapped nineteen year old newspaper heiress Patricia Hearst from her Berkeley California apartment Desperate to find her the police called physicist Russell Targ and Pat Price a psychic retired police commissioner As Price turned the pages of the police mug book filled with hundreds of photos suddenly he pointed to one of them and announced That s the ringleader The man was Donald DeFreeze who was indeed subsequently so identified Price also described the type and location of the kidnap car enabling the police to find it within minutes That remarkable event is one reason Targ believes in ESP Another occurred when his group made 120 000 by forecasting for nine weeks in a row the changes in the silver commodity futures market As a scientist Targ demands proof His experience is based on two decades of investigations at the Stanford Research Institute SRI which he cofounded with physicist Harold Puthoff in 1972 This twenty million dollar program launched during the Cold War was supported by the CIA

NASA the Defense Intelligence Agency and Army and Air Force Intelligence The experiments they conducted routinely presented results could have happened by chance less than once in a million Targ describes four types of experiments Remote Viewing in which a person describes places and events independent of space and time For example while in California Price drew to scale a Soviet weapons factory at Semipalitinsk with great accuracy later confirmed by Satellite photography In another remote viewing Targ accurately sketched an airport in San Andreas Columbia himself Distant Mental Influence where the thoughts of the experimenter can positively or negatively affect the physiology heart rate skin resistance etc of a distant person Whole field isolation where someone in a state of sensory isolation accurately describes the visual experiences of someone else in another place Precognition and retrocausality showing that the future can affect the past That is the elephant you see on television in the morning can be the cause of your having dreamed about elephants the previous night Final chapters present evidence for survival after death explain how ESP works based on the Buddhist Hindu view of our selves as nonlocal eternal awareness discuss the ethics of exercising psychic abilities and show us how to explore ESP ourselves I am convinced Targ says that most people can learn to move from their ordinary mind to one not obstructed by conventional barriers of space and time Who would not want to try that **The Tibetan Book of the Great Liberation** W. Y. Evans-Wentz, 2000-09-28 The Tibetan Book of the Great Liberation which was unknown to the Western world until its first publication in 1954 speaks to the quintessence of the Supreme Path or Mah y na and fully reveals the yogic method of attaining Enlightenment Such attainment can happen as shown here by means of knowing the One Mind the cosmic All Consciousness without recourse to the postures breathings and other techniques associated with the lower yogas The original text for this volume belongs to the Bardo Th dol series of treatises concerning various ways of achieving transcendence a series that figures into the Tantric school of the Mah y na Authorship of this particular volume is attributed to the legendary Padma Sambhava who journeyed from India to Tibet in the 8th century as the story goes at the invitation of a Tibetan king Padma Sambhava s text per se is preceded by an account of the great guru s own life and secret doctrines It is followed by the testamentary teachings of the Guru Phadampa Sangay which are meant to augment the thought of the other gurus discussed herein Still more useful supplementary material will be found in the book s introductory remarks by its editor Evans Wentz and by the eminent psychoanalyst C G Jung The former presents a 100 page General Introduction that explains several key names and notions such as Nirv na for starters with the lucidity ease and sagacity that are this scholar s hallmark the latter offers a Psychological Commentary that weighs the differences between Eastern and Western modes of thought before equating the collective unconscious with the Enlightened Mind of the Buddhist As with the other three volumes in the late Evans Wentz s critically acclaimed Tibetan series all four of which are being published by Oxford in new editions this book also features a new Foreword by Donald S Lopez **Limitless Mind** Russell Targ, 2010-10-04 The psychic abilities of most humans are dampened by the clatter of our conscious minds In this timely book Russell Targ shows readers

how to quiet this noise and see into the far reaches of time and space through remote viewing He also illuminates the phenomena of intuitive medical diagnosis and distant healing in a groundbreaking synthesis of research and empirical data Drawing on a broad range of spiritual traditions Targ demonstrates that these psychic abilities offer a path of self inquiry and self realization and have the power to expand each person s limited awareness into the consciousness shared by all beings Targ explores the scientific and spiritual implications of remote viewing as well as offering practical techniques and exercises to nurture this universally available but often untapped skill

Transhumanism David Livingstone, 2015-09-02 Transhumanism is a recent movement that extols man s right to shape his own evolution by maximizing the use of scientific technologies to enhance human physical and intellectual potential While the name is new the idea has long been a popular theme of science fiction featured in such films as 2001 A Space Odyssey Blade Runner the Terminator series and more recently The Matrix Limitless Her and Transcendence However as its adherents hint at in their own publications transhumanism is an occult project rooted in Rosicrucianism and Freemasonry and derived from the Kabbalah which asserts that humanity is evolving intellectually towards a point in time when man will become God Modeled on the medieval legend of the Golem and Frankenstein they believe man will be able to create life itself in the form of living machines or artificial intelligence Spearheaded by the Cybernetics Group the project resulted in both the

development of the modern computer and MK Ultra the CIA's mind control program MK Ultra promoted the mind expanding potential of psychedelic drugs to shape the counterculture of the 1960s based on the notion that the shamans of ancient times used psychoactive substances equated with the apple of the Tree of Knowledge And as revealed in the movie Lucy through the use of smart drugs and what transhumanists call mind uploading man will be able to merge with the Internet which is envisioned as the end point of Kabbalistic evolution the formation of a collective consciousness or Global Brain That awaited moment is what Ray Kurzweil a director of engineering at Google refers to as The Singularity By accumulating the total of human knowledge and providing access to every aspect of human activity the Internet will supposedly achieve omniscience becoming the God of occultism or the Masonic All Seeing Eye of the reverse side of the American dollar bill

Y. Evans-Wentz, 2000-09-28 This life story of Milarepa the important Tibetan religious leader who lived over 800 years ago is part of a remarkable four volume series on Tibetan Buddhism produced by the late W Y Evans Wentz all four of which are being published by Oxford in new editions While there are many parochial differences among the several sects of Tibetan Buddhism each holds the Great Yogi Milarepa in the highest reverence and esteem For exemplified in Milarepa's life as we discover in these pages are all of the teachings of the great yogis of India including those of Gautama the Buddha the greatest yogi known to history Amid his detailed introductory and explanatory notes for this text Evans Wentz also reveals compelling similarities between the life and thought of Milarepa and those of Jesus Gandhi and saints in ancient China or India or Babylonia or Egypt or Rome or in our own epoch In composing this translation from the original Tibetan the late L ma Kazi Dawa Samdup who was Evans Wentz's guru for many years aimed to show Western readers one of our great teachers as he actually lived much of which is couched in the words of his own mouth and the remainder in the words of his disciple Rechung who knew him in the flesh For this third edition Donald S Lopez author of *Prisoners of Shangri La* Tibetan Buddhism and the West has written a critical foreword that updates and contextualizes this crucial part of Evans Wentz's scholarship within the yoga tradition *Tibet's Great Yogi, Milarepa* Gtsan-smyon He-ru-ka, Zla-ba-bsam-'grub (Kazi), 2000 This extraordinary work is the life story of Milarepa the important Tibetan religious leader who lived over 800 years ago While there are many differences among the several sects of Tibetan Buddhism each holds the Great Yogi Milarepa in the highest reverence and esteem *Do You See What I See?* Russell Targ, 2010-03-01 Now in paperback the droll memoir by a world class physicist that includes recollections of his involvement with pioneering laser research encounters with many of the most recognizable literary cultural and entertainment figures of the 20th century and his role in teaching ESP techniques to the CIA a real life X Files saga Russll Targ is a Zelig like

character His story is an idiosyncratic journey through the highways and byways of American intellectual scientific and cultural life in 20th century His father the long time editor in chief at Putnam acquired *The Godfather* on the basis of an outline scribbled on the back of a napkin His mother was the first press agent of the fan dancer Sally Rand His step mother is the legendary literary agent Rosalind Targ He was married for thirty years to the sister of the infamous chess master Bobby Fischer He briefly dated Henny Youngman s cousin He attended college with Alan Alda s wife Arlene He was part of Ayn Rand s study group in the 1950s along with economist Alan Greenspan He was a pioneer in laser research He spent many years developing air borne laser wind sensors for Lockheed and NASA He co founded the Stanford Research Institute remote viewing program which was funded by the CIA and was instrumental in tracking Soviet and Chinese weapon installations during the Cold War And he is a legally blind motorcyclist who happens to be a Buddhist This is a fascinating memoir by a first class intellect the story of a physicist who has pushed the boundaries of science to explore the realms of parapsychology spirituality and the unexplained

The End of Suffering Russell Targ, J. J. Hurtak, 2006-02-27 This spiritual inquiry into the nature of truth draws on Buddhism and quantum physics to liberate us from limited understandings of ourselves and others The hopeful teaching of this book is that while everybody suffers most of this suffering is unnecessary it can be overcome The belief that things must be either true or untrue leads us to think in terms of polarities good or evil right or wrong This friend or foe approach may seem to make life easier but in *The End of Suffering* Russell Targ and J J Hurtak assert that this worldview only increases our experience of suffering In an effort to overcome the polarity of opposites and the accompanying suffering Targ and Hurtak combine the wisdom of the East with the findings of quantum physics uncovering a middle ground that shows opposing sides are really the same Buddha taught us to live a helpful and compassionate life and to surrender our ego to the peace of spaciousness The middle path of Buddhism also shows that things may be neither true nor not true or both true and untrue *The End of Suffering* puts the perceived opposites of Buddhism and physics together showing step by step how we can learn to surrender the story of who we think we are and experience an end to our suffering

The Tibetan Book of the Dead Karma-glin-pa, 2000-09-28 As a contribution to the science of death and dying not to mention the belief in life after death or the belief in texts of the world for its socio cultural influence in this regard is without comparison
