Reginald,Mary Wickizer Burgess,Mary A. Burgess,1996-01-01 An Annotated Bibliography of the First 300 Publications of the Borgo Press 1975 1998      **Ross MacDonald** Tom Nolan,2015-07-07 When he died in 1983 Ross Macdonald was the best known and most highly regarded crime fiction writer

in America Long considered the rightful successor to the mantles of Dashiell Hammett and Raymond Chandler Ross Macdonald and his Lew Archer novels were hailed by The New York Times as the finest series of detective novels ever written by an American Now in the first full length biography of this extraordinary and influential writer a much fuller picture emerges of a man to whom hiding things came as second nature While it was no secret that Ross Macdonald was the pseudonym of Kenneth Millar a Santa Barbara man married to another good mystery writer Margaret Millar his official biography was spare Drawing on unrestricted access to the Kenneth and Margaret Millar Archives on more than forty years of correspondence and on hundreds of interviews with those who knew Millar well author Tom Nolan has done a masterful job of filling in the blanks between the psychologically complex novels and the author s life both secret and overt Ross Macdonald came to crime writing honestly Born in northern California to Canadian parents Kenneth Millar grew up in Ontario virtually fatherless poor and with a mother whose mental stability was very much in question From the age of twelve young Millar was fighting stealing and breaking social and moral laws by his own admission he barely escaped being a criminal Years later Millar would come to see himself in his tales wrongdoers I don t have to be violent he said My books are How this troubled young man came to be one of the most brilliant graduate students in the history of the University of Michigan and how this writer who excelled in a genre all too often looked down upon by literary critics came to have a lifelong friendship with Eudora Welty are all examined in the pages of Tom Nolan s meticulous biography We come to a sympathetic understanding of the Millars long and sometimes rancorous marriage and of their life in Santa Barbara California with their only daughter Linda whose legal and emotional traumas lie at the very heart of the story But we also follow the trajectory of a literary career that began in the pages of Manhunt and ended with the great respect of such fellow writers as Marshall McLuhan Hugh Kenner Nelson Algren and Reynolds Price and the longtime distinguished publisher Alfred A Knopf As Ross Macdonald A Biography makes abundantly clear Ross Macdonald s greatest character above and beyond his famous Lew Archer was none other than his creator Kenneth Millar

**Meanwhile There Are Letters** Suzanne Marrs, Tom Nolan, 2015-07-14 2016 Edgar Award Finalist 2016 Anthony Award Finalist 2016 Macavity Award Finalist In 1970 Ross Macdonald wrote a letter to Eudora Welty beginning a thirteen year correspondence between fellow writers and kindred spirits Though separated by background geography genre and his marriage the two authors shared their lives in witty wry tender and at times profoundly romantic letters each drawing on the other for inspiration comfort and strength They brought their literary talents to bear on a wide range of topics discussing each others publications the process of translating life into fiction the nature of the writer s block each encountered books they were reading and friends and colleagues they cherished They also discussed the world around them the Vietnam War the Nixon Carter and Reagan presidencies and the environmental threats facing the nation The letters reveal the impact each had on the other s work and they show the personal support Welty provided when Alzheimer s destroyed Macdonald s ability to communicate and write

The editors of this collection who are the definitive biographers of these two literary figures have provided extensive commentary and an introduction They also include Welty's story fragment Henry which addresses Macdonald's disease With its mixture of correspondence and narrative Meanwhile There Are Letters provides a singular reading experience a prose portrait of two remarkable artists and one unforgettable relationship

**The Archer Files** Ross Macdonald, 2015-07-21 No matter what cases private eye Lew Archer takes on a burglary a runaway or a disappeared person the trail always leads to tangled family secrets and murder Widely considered the heir to Sam Spade and Philip Marlowe Archer dug up secrets and bodies in and around Los Angeles Here The Archer Files collects all the Lew Archer short stories ever published along with thirteen unpublished case notes and a fascinating biographical profile of Archer by Edgar Award finalist Tom Nolan Ross Macdonald's signature staccato prose is the real star throughout this collection which is both a perfect introduction for the newcomer and a must have for the Macdonald aficionado

**The Detective and the Artist** J.K. Van Dover, 2019-02-11 This book focuses on the distinctive role that artists have played in detective fiction as detectives as villains and victims and as bystanders With a few significant exceptions literary detectives have always identified themselves as essentially the deconstructors of the artful crimes of others They may use various methods ratiocinative scientific or hard boiled but they always unravel the threads that the villains have woven into deceptive covers for their crimes The detective does in the end produce a work of art a narrative that explains everything that needs explanation But the detective's moral work is often juxtaposed to the aesthetic work of the painters poets and writers that the detective encounters during an investigation The author surveys this juxtaposition in works by important authors from the early development of the genre Poe Conan Doyle the golden age Bentley Christie Sayers James et al and the hard boiled era Hammett Chandler Macdonald Spicer et al

**Hard-boiled Heretic** Mary Stanley Weinkauff, 1994-01-01 A study of the character of Lew Archer and the

novels that he appears in *Eudora Welty* Suzanne Marrs, 2006 In this definitive account of the life of one of the finest writers of the 20th century Marrs restores Eudora Welty's story to human proportions tracing Welty's history from her roots in Jackson Mississippi to her rise to international stature The Crafty Reader Robert Scholes, 2008-10-01 I believe that it is in our interest as individuals to become crafty readers and in the interest of the nation to educate citizens in the craft of reading The craft not the art This book is about that craft from the Introduction This latest book from the well known literary critic Robert Scholes presents his thoughtful exploration of the craft of reading He deals with reading not as an art or performance given by a virtuoso reader but as a craft that can be studied taught and learned Those who master the craft of reading Scholes contends will justifiably take responsibility for the readings they produce and the texts they choose to read Scholes begins with a critique of the New Critical way of reading bad for poets and poetry and really terrible for students and teachers of poetry using examples of poems by various writers in particular Edna St Vincent Millay He concludes with a consideration of the strengths and weaknesses of the fundamentalist way of reading texts regarded as sacred To explain and clarify the approach of the crafty reader the author analyzes a wide ranging selection of texts by figures at the margins of the literary and cultural canon including Norman Rockwell Ana's Nin Dashiell Hammett and J K Rowling Throughout his discussion Scholes emphasizes how concepts of genre affect the reading process and how they may work to exclude certain texts from the cultural canon and curriculum **A Tyrannous Eye** Pearl Amelia McHaney, 2014-07-17 A Tyrannous Eye Eudora Welty's Nonfiction and Photographs is the first book length study of Eudora Welty's full range of achievements in nonfiction and photography A preeminent Welty scholar Pearl Amelia McHaney offers clear eyed and complex assessments of Welty's journalism book reviews letters essays autobiography and photographs Each chapter focuses on one genre filling in gaps left by previous books With keen skills of observation finely tuned senses intellect wit awareness of audience and modesty Welty applied her genius in all that she did holding a tough line on truth breaking through the veil of indifference to each other's presence each other's wonder each other's plight McHaney's study brings critical attention to the under evaluated genres of Welty's work and discusses the purposeful use of arguments examples and styles demonstrating that Welty pursued her craft to a high standard across genres with a greater awareness of context than she admitted in her numerous interviews Welty consistently dared new styles new audiences and new publishing venues in order to express her ideas to their fullest It is serious daring as she wrote in *One Writer's Beginnings* that makes for great writing In *Place in Fiction* Welty asks How can you go out on a limb if you do not know your own tree No art ever came out of not risking your neck And risk experiment is a considerable part of the joy of doing *Contemporary Literary Criticism* Daniel G. Marowski, 1986-12 Entries include critical commentary brief biographical information a portrait when available a list of principal works and may also include a further reading section *The Letters of William Gaddis* William Gaddis, 2023-05-09 A revelatory collection of correspondence by the lauded author of titanic American classics such as *The Recognitions* and *J R*

shedding light on his staunchly private life UPDATED WITH OVER TWO DOZEN NEW LETTERS AND PHOTOGRAPHS Now recognized as one of the giants of postwar American fiction William Gaddis shunned the spotlight during his life which makes this collection of his letters a revelation Beginning in 1930 when Gaddis was at boarding school and ending in September 1998 a few months before his death these letters function as a kind of autobiography and also reveal the extent to which he drew upon events in his life for his fiction Here we see him forging his first novel *The Recognitions* 1955 while living in Mexico fighting in a revolution in Costa Rica and working in Spain France and North Africa Over the next twenty years he struggles to find time to write the National Book Award winning *J R* 1975 amid the complications of work and family deals with divorce and disillusionment before reviving his career with *Carpenter's Gothic* 1985 then teaches himself enough about the law to produce *A Frolic of His Own* 1994 Resuming his lifelong obsession with mechanization and the arts he finishes a last novel *Agap Agape* published in 2002 as he lies dying This newly revised edition includes clarifying notes by Gaddis scholar Steven Moore as well as an afterword by the author's daughter Sarah Gaddis
