The Sibylline Oracles Milton S. Terry, 2012 This is the extended and annotated edition including an extensive annotation of almost 10 000 words about the oracles in religion an interactive table of contents perfect formatting for electronic reading devices THE Sibyls occupy a conspicuous place in the traditions and history of ancient Greece and Rome Their fame was spread abroad long before the beginning of the Christian era Heraclitus of Ephesus five centuries before Christ compared himself to the Sibyl who speaking with inspired mouth without a smile without ornament and without perfume penetrates through centuries by the power of the gods The ancient traditions vary in reporting the number and the names of these weird prophetesses and much of what has been handed down to us is legendary But whatever opinion one may hold respecting the various legends there can be little doubt that a collection of Sibylline Oracles was at one time preserved at Rome There are moreover various oracles purporting to have been written by ancient Sibyls found in the writings of Pausanias Plutarch Livy and in other Greek and Latin authors Whether any of these citations formed a portion of the Sibylline books once kept in Rome we cannot now determine but the Roman capitol was destroyed by fire in the time of Sulla B C 84 and again in the time of Vespasian A D 69 and whatever books were at those dates kept therein doubtless perished in the flames It is said by some of the ancients that a subsequent collection of oracles was made but if so there is now no certainty that any fragments of them remain
