Shandaa In My Lifetime:

Shandaa Belle Herbert,1982 *Shandaa* Velle Herbert,1988-09-01 Excerpt from the Introduction Belle Herbert is a Gwich in Athabaskan woman who lives in the village of Chalkyitsik Alaska on the Black River According to conflicting birth records she is between 105 and 127 years old Her son died in 1964 at the age of 68 so Belle may well have seen more than 120 springtimes People in the Yukon Flats refer to her as Belle so that is how we will refer to her here I Bill Pfisterer lived in Fort Yukon for some years and often heard people mention Belle and her stories In the fall of 1979 the Alaska Humanities Forum provided us with money to do a series of recordings with Belle telling her life story I made several trips to Chalkyitsik to talk with her the accounts in this book have been transcribed from the recordings of those meetings **Shandaa in My Lifetime** Belle Herbert,1982 In Gwich in Athabaskan and English Biography of Athabaskan woman from the village of Chalkyitsik *The Straight Path of the Spirit* Richard Katz,1999-04 The inspiring story of one man s exploration of indigenous healing in a culture fighting to preserve its spiritual health A firsthand account of a little known healing tradition A dramatic story of self transformation by a well respected Harvard educated anthropologist In the late 1970s Richard Katz a clinical psychologist trained in anthropology spent two years living in a remote island community in Fiji hoping to record the practices of its healers At the foundation of their healing he discovered was the concept of the straight path a journey through life whose truth is revealed only to the extent that it is searched for with honesty and faith It is a way of healing that in its very essence is a way of living a path that emphasizes the spiritual dimensions of health and the relevance of these to the community But while interviewing healers at work Katz was drawn into an increasingly suspenseful drama Unexplained deaths rumors and suspicions and the intrusion of a zealous evangelist rocked the village and soon revealed to the author the dangerous alternative to the straight path the misuse of power that some call witchcraft *The Straight Path of the Spirit* is an engrossing story of indigenous healers and a dramatic account of cultures in collision Through the story of his own self transformation Katz reveals not only those aspects of life essential for the Fijians as they struggle to hold onto their identity but also what is of importance to all of us who seek to retain our humanity *In the Footsteps of the Traveller* Chris M. Cannon,2025-04-10 Teachings from the stars Much more than stories about the sky Indigenous astronomies provide powerful centuries old models of knowing being and relating to the world Through collaboration with more than sixty five Dene Elders and culture bearers across thirty four communities in Alaska and Canada In the Footsteps of the Traveller reveals the significance of the stars to Northern Dene life language and culture At the centre of these knowledge systems is the Traveller a being who journeyed around the world in Ancient Time before incarnating among the stars The Traveller constellation is a teacher a gamekeeper a guardian and a practical guide for wayfinding The Traveller together with a host of other celestial and atmospheric phenomena like thunder and the northern lights bridges the divide between earth and sky instilling balance and instructing people on how to live with each other and their environments This study combines interviews stunning

photographs and detailed illustrations of the northern night sky author Chris M Cannon s own experiential learning and a foreword from Chief Fred Sangris of Yellowknives Dene First Nation Rooted in years of collaborative fieldwork In the Footsteps of the Traveller leads the way to deeper understandings of Northern Dene astronomical knowledge The Languages of Native North America Marianne Mithun,2001-06-07 This book provides an authoritative survey of the several hundred languages indigenous to North America These languages show tremendous genetic and typological diversity and offer numerous challenges to current linguistic theory Part I of the book provides an overview of structural features of particular interest concentrating on those that are cross linguistically unusual or unusually well developed These include syllable structure vowel and consonant harmony tone and sound symbolism polysynthesis the nature of roots and affixes incorporation and morpheme order case grammatical distinctions of number gender shape control location means manner time empathy and evidence and distinctions between nouns and verbs predicates and arguments and simple and complex sentences and special speech styles Part II catalogues the languages by family listing the location of each language its genetic affiliation number of speakers major published literature and structural highlights Finally there is a catalogue of languages that have evolved in contact situations **Alaska** Claus-M.
