## **Shape Of Pneumatology:**

The Shape of Pneumatology John McIntyre, 2004-07-01 Addresses one of the most difficult aspects of the doctrine the heterogeneity of the biblical and traditional material from which it is derived and points to the areas where church must act to recover the sense of the immediacy of the Holy Spirit

**Role of the Holy Spirit in Protestant Systematic Theology** Wilson Varkey, 2011-08 This volume is a meticulously researched text on pneumatology that puts the major pneumatological issues together without confining to the traditional way of dealing with the doctrine of the Holy Spirit Although

pneumatology has been a neglected field in theological discussions of the past there is a renewal of interest among theologians on pneumatology today This renewal of interest has led to the formation of this work on the role of the Holy Spirit in the Protestant Systematic Theology Through highlighting the role and significance of the Holy Spirit in the whole divine action this volume contends that pneumatology is not a dull theological locus but rather an essential theological disposition relevant for today The detailed arguments found within challenge and inspire the contemporary pneumatological discussions as it relates to all the facets of theological reflection and action

The Spirit in Public Theology Vincent E. Bacote, 2010-11-01 In The Spirit in Public Theology Bacote shows how Dutch politician and church leader Abraham Kuyper lived a thoroughly Christian life and explains why Christians need to follow Kuyper by taking their faith into the public sphere Identifying the characteristics of a true Christian worldview Bacote demonstrates the need for a public theology that stresses engagement between the church and the world The Spirit in Public Theology should be required reading for pastors students and all Christians who want to take their faith beyond the four walls of the Church

**The Holy Spirit and Worship** Elizabeth Welch, 2022-06-30 The Holy Spirit has become an object of greater attention in Trinitarian theology and indeed in the broader life of the Church since the rise of Pentecostalism at the beginning of the twentieth century Different understandings of the Holy Spirit have had different impacts on worship here Elizabeth Welch examines four surprising overlaps in the thought of two radically different traditions of the church about the relationship between the Holy Spirit and worship These traditions are represented by John Owen from seventeenth century England and John Zizioulas from contemporary Greece Welch explores in turn the common themes of the personal and relational nature of the triune God the immediacy of the encounter with God through the Holy Spirit in worship the role of the Holy Spirit in leading people into truth and the transformative nature of worship that draws people into sharing God's purpose for the world In each the insights of Owen and Zizioulas shed new light on the ongoing debate in the Church today

**T&T Clark Handbook of Pneumatology** Daniel Castelo, Kenneth M. Loyer, 2020-09-17 This handbook provides an interdisciplinary and diverse reference work to the Holy Spirit Daniel Castelo and Kenneth M Loyer gathered together a wide range of voices that are religiously geographically and ethnically diverse bringing theology into conversation with biblical studies ethics and morality and global Christian studies The T T Clark Handbook of Pneumatology examines the Holy Spirit in a variety of sources such

as the Synoptic Gospels the Catholic Epistles the Old Testament and the Hebrew Scriptures It also includes chapters on key concepts in the field such as mediation and sacramentality ecology and creation This broad scope enables readers to appreciate how nuanced the field of Pneumatology is and how it can be relevant for other Christian discourses The Holy Spirit as Person and Power Rob Yule, 2020-01-10 In just over one hundred years the Pentecostal charismatic movement has transformed world Christianity Noted for their rediscovery of spiritual gifts and commitment to world evangelization 700 million Pentecostals and charismatics now account for more than 27 percent of the global Christian movement The Pentecostal charismatic movement has been more noted for its activism than for theological reflection But this may be changing The Holy Spirit as Person and Power challenges traditional theology to take account of what has been disclosed in the dynamism and variety of charismatic experience The author is a theologically trained practitioner impacted in midlife by a transforming experience of the Holy Spirit He has been a hands on leader in the renewal movement Now in his later years he reflects on the meaning of the grace imparted to the church by the renewing activity of God's Spirit This is not the work of an enthusiast claiming a new revelation Rather the author draws attention to many nuances in the Bible's description of the Spirit that have been overlooked in traditional pneumatology By relating these insights to Orthodox Catholic Protestant and evangelical theology he has produced a book with ecumenical implications for all branches of world Christianity **Types of Pentecostal Theology** Christopher A. Mission Roji T. George, 2019-09-10 This is a collection of articles from various church backgrounds and theological viewpoints It reaffirms the necessity and urgency of a pneumatic missiology It does not speak of God's saving mission as originating simply from God it highlights the central role of the Spirit in the effective mission of the church *Faith Seeking Understanding* Daniel L. Migliore, 2004-06-14 Daniel Migliore's *Faith Seeking Understanding* has been a standard introduction to Christian theology for more than a decade The book's presentation of traditional doctrine in freshly contemporary ways its concern to hear and critically engage new voices in theology and its creative and accessible style have kept it one of the most stimulating balanced and readable guides to theology available This second edition of *Faith Seeking Understanding* features improvements from cover to cover Besides updating and expanding the entire text of the book Migliore has added two completely new chapters The first *Confessing Jesus Christ in Context* explores the unique contributions to Christian theology made by recent theologians working in the African American Asian American Latin American Hispanic feminist womanist and mujerista traditions The second new chapter *The Finality of Jesus Christ and Religious Pluralism* addresses the growing interest in the relationship of Christianity to other religions and their adherents Migliore's three delightful theological dialogues are followed by a new appendix an extensive glossary of theological terms making the book even more useful to students seeking to understand the history themes and challenges of Christian belief

Cooper David D Daniels III Louis B Gallien Jr Clarence E Hardy III Dale T Irvin Ogbu U Kalu Leonard Lovett Cecil M Robeck Jr Cheryl J Sanders Craig Scandrett Leatherman William C Turner Jr Frederick L Ware and Amos Yong     **The Holy Spirit, Inspiration, and the Cultures of Antiquity** Jörg Frey, John Levison, 2014-10-29 Early Christian claims to the Holy Spirit arose in a vibrant cultural matrix that included Stoicism Jewish mysticism the Dead Sea Scrolls Greco Roman medicine and the perspectives of Plutarch In a range of articles this multidisciplinary volume discovers in these texts rich cultural connections related to inspiration and the Holy Spirit Essential reading for scholars of Judaism and the New Testament as well as classicists and theologians     **Holy Spirit and Salvation** Veli-Matti Kärkkäinen, 2010-01-01 Theologians from the early church to the present have written much about the Holy Spirit and Christian salvation This extensive sourcebook of primary theological texts makes many of these writings available with a description of their context and importance Especially valuable are more recent works emerging from theologians in Africa Asia and Latin America This global perspective coupled with the broad selection of writings from the history of theology makes this the most complete collection of primary source material on these topics     **The Spirit and the Song** Chris E. W. Green, Steven Félix-Jäger, 2024-09-16 The Spirit and the Song Pneumatological Reflections on Popular Music explores pertinent pneumatological issues that arise in music It offers three distinct contributions first it asks what if anything music tells listeners about God s Spiritedness Can the experience of music speak to human spiritedness the world s transcendentality or a person s own self transcendence in ways nothing else does or can Second this book explores how the Spirit functions within and even determines culture through music Because music is a profound human expression it can find itself in a rich dialogue with the Spirit Third and finally this book explores the contested status of music in Christian spiritual traditions It deals with music as inspired by the Spirit music as participation in Spiritedness and music as temptation of the flesh As such this book also engages music s placement in Christian spiritual traditions The contributors of this book ask how Christian convictions about and experiences of the Spirit might shape the way one thinks about music     **The Anointed Son** Myk Habets, 2010-01-01 Spirit Christology complements Logos Christology in the same way in which Christ and the Spirit are mutually constitutive Or at least this should be the case The history of Christian thought shows that Logos Christology has dominated resulting in both an eclipse of Trinitarian doctrine and a diminution of pneumatology Recently there have been calls to reclaim a theology of the Third Article in order to present a Trinitarian theology that is faithful to Scripture the Great Tradition and one that is existentially viable While studies examine various aspects of Spirit Christology there has yet to appear a work that introduces the doctrine examines the various mutually exclusive proposals and offers a constructive trinitarian proposal The present work does just this introducing the constituent features of a Spirit Christology that is Trinitarian orthodox and contemporary The current work proposes a model of Spirit Christology that complements rather than replaces Logos Christology and does so in a robustly Trinitarian framework Within contemporary theology a pneumatically oriented approach to Christology is being advanced

across denominational and traditional lines Those wanting to navigate their way through the many competing proposals for a Third Article theology will find a comprehensive map here      **The Mediation of the Spirit** Mark J. Cartledge, 2015-07-08 A noteworthy theology of the Holy Spirit that challenges current scholarship in the field How might a distinctively Pentecostal and charismatic theological perspective inform and enrich the discourse of academic practical theology In order to address that question Mark Cartledge in this book probes the relationship between Scripture experience and the Holy Spirit by means of the concept of mediation that is how the divine is experienced in the world An expert in both Pentecostal theology and practical theology Cartledge offers a unique intervention into practical theology through the lens of the Holy Spirit He presents an original reading of Pentecost and the Spirit reception texts in the book of Acts and engages with current literature in both Pentecostal studies and practical theology Further Cartledge places his whole discussion within a broader Protestant theological framework and he interrogates an existing congregational study to provide a real life example of theological intervention
