Shape And Style Of Proust's Novel:

The Shape and Style of Proust's Novel John Porter Houston, 1982-01-01 [The Shape and Style of Proust's Novel](#)
John P. Houston, **The Cambridge Companion to Proust** Richard Bales, 2001-06-14 This Companion first published in 2001 aims to provide a broad account of the major features of Proust's work **A Reader's Guide to Proust's 'In Search of Lost Time'** David Ellison, 2010-02-18 Proust's *A la recherche du temps perdu* *In Search of Lost Time* is many things at once a novel of education a portrait of French society during the Third Republic a masterful psychological analysis of love a reflection on homosexuality an essay in moral and aesthetic theory and above all one of the great literary achievements of the twentieth century This Reader's Guide analyses each volume of the *Recherche* in order and in detail Without jargon or technical language David Ellison leads the reader through the work clarifying but not oversimplifying the intricate beauty of Proust's imaginary universe Focused both on large themes and on narrative and stylistic particularities Ellison's readings expand our understanding and appreciation of the work and provide tools for the further study of Proust All French quotations are translated making this an ideal guide for students of comparative literature as well as of French *Proust, the Body and Literary Form* Michael R. Finn, 1999-03-25 This 1999 study examines the connections between Proust's fin de siècle nervousness and his apprehensions regarding literary form Michael Finn shows that Proust's anxieties both about bodily weakness and about novel writing were fed by a set of intriguing psychological and medical texts and were mirrored in the nerve-based afflictions of earlier writers including Flaubert Baudelaire Nerval and the Goncourt brothers Finn argues that once Proust cast off his concerns about being a nervous weakling he was freed to poke fun both at the supposed purity of the novel form Hysteria as a figure and as a theme becomes a key to the Proustian narrative and a certain kind of wordless bodily copying of gesture and event is revealed to be at the heart of a writing technique which undermines many of the conventions of fiction [Understanding Marcel Proust](#) Allen Thiher, 2013-08-15 *Understanding Marcel Proust* includes an overview of Marcel Proust's development as a writer addressing both works published and unpublished in his lifetime and then offers an in-depth interpretation of Proust's major novel *In Search of Lost Time* relating it to the Western literary tradition while also demonstrating its radical newness as a narrative In his introduction Allen Thiher outlines Proust's development in the context of the political and artistic life of the Third Republic arguing that everything Proust wrote before *In Search of Lost Time* was an experiment in sorting out whether he wanted to be a writer of critical theory or of fiction Ultimately Thiher observes all these experiments had a role in the elaboration of the novel Proust became both theorist and fiction writer by creating a bildungsroman narrating a writer's education What is perhaps most original about Thiher's interpretation however is his demonstration that Proust removed his aged narrator from the novel's temporal flow to achieve a kind of fictional transcendence Proust never situates his narrator in historical time which allows him to demonstrate concretely what he sees as the function of art the truth of the absolute particular removed from time's determinations The artist that the narrator

hopes to become at the end of the novel must pursue his own individual truths those in fact that the novel has narrated for him and the reader up to the novel's conclusion Written in a language accessible to upper level undergraduates as well as literate general readers Understanding Marcel Proust simultaneously addresses a scholarly public aware of the critical arguments that Proust's work has generated Thiher's study should make Proust's *In Search of Lost Time* more widely accessible by explicating its structure and themes

Proust Writing Photography Aine Larkin, 2017-07-05 The importance of vision and visual arts such as painting theatre and sculpture in Marcel Proust's *A la recherche du temps perdu* has long been affirmed another significant system of visual representation in the novel is photography Proust appropriated photography as a practice with its own distinctive characteristics which could inform his writing about the processes of perception and memory Through close textual analysis of scenes where photography is experienced or observed as a practice and scenes where photography is written into the body of the text Aine Larkin offers an invigorating new study that sheds genuinely new light on the presence of photographic motifs in Proust's novel and the subtlety of Proust's engagement with this modern imaging system in his work

The Proustian Mind Anna Elsner, Thomas Stern, 2022-12-30 When Marcel Proust started to work on *In Search of Lost Time* in 1908 he wrote this question in his notebook Should I make it a novel a philosophical study am I a novelist Throughout his famous multi volume work Proust directly engages several philosophers and few novels are as thoroughly saturated with philosophical themes and concepts as *In Search of Lost Time* *The Proustian Mind* is an outstanding reference source to the rich philosophical range of Proust's work and the first major volume of its kind Including 31 chapters by an international team of contributors the volume is divided into seven clear parts Proust's life and works metaphysics and epistemology mind and language aesthetics ethics gender and sexuality predecessors contemporaries and successors Within these sections key Proustian themes are explored from a philosophical standpoint including time the self memory imagination jealousy beauty love subjectivity and desire The final section considers Proust in relation to important philosophers such as Schopenhauer Nietzsche Bergson Merleau Ponty Sartre de Beauvoir and Deleuze *The Proustian Mind* is essential reading for those studying aesthetics philosophy of literature phenomenology and ethics and will also be of interest to those in literature studying modernism French literature and the relationship between literature and philosophy

Proust and Emotion Inge Crosman Wimmers, 2003-01-01 In *Proust and Emotion* Inge Crosman Wimmers proposes a new approach to *A la recherche du temps perdu* that centres on the role of affect Through close reading of the hero narrator's personal history the author shows how emotional paradigms especially separation anxiety involuntary memory and other compelling impressions give focus and structure to Proust's novel Drawing on reader oriented and emotion theories she shows how affect commands the attention

of the motivated reader and is crucial to the process of self understanding for both the narrator and the reader This is the first extensive study in English to take fully into consideration the drafts esquisses published in the new Pl iade edition of the novel the Mauriac edition of *Albertine disparue* and material from the unpublished Proust manuscripts all of which shed further light on the importance of affect in *A la recherche Proust* and *Emotion* will appeal to readers interested in an approach to Proust that combines insights from philosophy psychology and literary aesthetics and in a poetics of reading that pays particular attention to emotion

Making Sense Ralf Hertel,2021-07-26 Fiction is fascinating All it provides us with is black letters on white pages

yet while we read we do not have the impression that we are merely perceiving abstract characters. Instead we see the protagonists before our inner eye and hear their voices. Descriptions of sumptuous meals make our mouths water; we feel physically repelled by depictions of violence or are aroused by the erotic details of sexual conquests. We submerge ourselves in the fictional world that no longer stays on the paper but comes to life in our imagination. Reading turns into an out-of-the-body experience or rather an in-another-body experience for we perceive the portrayed world not only through the protagonist's eyes but also through his ears, nose, tongue, and skin. In other words, we move through the literary text as if through a virtual reality. How does literature achieve this trick? How does it turn mere letters into vividly experienced worlds? This study argues that techniques of sensuous writing contribute decisively to bringing the text to life in the reader's imagination. In detailed interpretations of British novels of the 1980s and 1990s by writers such as John Berger, John Banville, Salman Rushdie, Jeanette Winterson, or J. M. Coetzee, it uncovers literary strategies for turning the sensuous experience into words and for conveying it to the reader, demonstrating how we make sense in and of literature. Both readers interested in the contemporary novel and in the sensuousness of the reading experience will profit from this innovative study that not only analyses the interest of contemporary authors in the senses but also pinpoints literary entry points for the sensuous force of reading.

Thackeray and Form of Fiction John Loofbouro, 2015-12-08 In a critical examination of Thackeray's style, Mr. Loofbouro shows how Thackeray hybridized the genre of the romance by adapting the tone and language of the epic, the chivalric romance, and the pastoral, and by carrying parody and satire to a high technical level. Thackeray used these techniques with particular success in *Vanity Fair* and *Henry Esmond*. Besides analyzing these two works, Mr. Loofbouro discusses the significance of epic in the 19th century, the expressive values of the novel as a whole, and the relevance of Thackeray's methods to the work of such writers as George Eliot, Henry James, Virginia Woolf, and E. M. Forster. His book is an attempt to come to terms with Thackeray's style and a work conceivably destined to become a landmark among the very few acceptable studies of English fiction. It should prove indispensable to anyone interested in style in fiction and should at the same time precipitate a new trend in Thackeray scholarship.
