Shapers Of Darkness 4 Winds Of The Forelands:

Shapers of Darkness David B. Coe, 2007-04-01 The Forelands are at war The magic wielding Qirsi and their Eandi masters have mobilized their forces The Eandi have had to look beyond past differences to make alliances for the sake of the future praying it isn't too late for them to change the outcome of the war Tavis an Eandi prince who was framed for murdering the princess to whom he was pledged and endured torture before winning his freedom has at last avenged her death Still the murder and its aftermath have brought war to the Forelands just as the Qirsi conspirators who bought his love's blood had intended Now Tavis and Grinsa a Qirsi shaper with more powers than he reveals who saved Tavis when nobody else would believe his innocence venture across the Forelands risking death to help save the land they love A powerful Qirsi weaver has brought this terrible war to the land bending the minds of those he controls and of his enemies in an effort to forge alliances and mobilize forces to destroy the Eandi His powerful magical ability estranges lovers betrays leaders and wreaks murder and death throughout the land But even with his powerfully malign intelligence he underestimates the mettle of his opponents In a psychological duel with Grinsa the Weaver's formidable powers are sorely tested Grinsa withstands the Weaver's most powerful attacks at nearly the expense of his own life and in the process discovers the Weaver's identity Will Grinsa's challenge to the Weaver spell the end of the Weaver's reign of doom Or has Grinsa's discovery come too late to help the Eandi cause The answers lie in the growing war that may sunder the Forelands forever **Shapers of Darkness** David B. David B Coe created a richly textured unique world in his Winds of the Forelands and topped himself with The Sorcerer's Plague his first novel set in the Southlands of the same world Divided by clan rivalries and ancient feuds suspicious of magics wielded by longtime enemies the folk of the South have lived in a state of truce for generations But peace is shattered when a woman looses a deadly plague on the magical Qirsi people While some people seek to prevent the spread of the plague others see in this disaster a unique opportunity With the magical folk weakened by the decimation of the plague their unmagical enemies might be able to defeat them and take back lands lost in an ancient war Haunted by the specter of what would be a tragic and devastating new war the Southlands are aflame with rumors of violence pestilence and treachery Coe weaves together engagingly complex characters unique unusual magic political intrigue and a compelling unpredictable story into a captivating epic that will enthrall fantasy readers A potent brew conjured by a masterful storyteller **The Dark-Eyes' War** David B.
