

SHAPING THE FUTURE

THE ETHICS OF DIETRICH BONHOEFFER

JAMES BURTNES

Shaping The Future The Ethics Of Dietrich Bonhoeffer

Stephen R. Haynes

Shaping The Future The Ethics Of Dietrich Bonhoeffer:

Shaping the Future James H. Burtness, *Shaping the Future* John D. Godsey, *Shaping the Future* Geoffrey B. Kelly, **Dietrich Bonhoeffer's Ethics of Formation** Ryan Huber, 2020-05-19 Dietrich Bonhoeffer is many things to many people committed pacifist reluctant revolutionary Protestant saint but in Dietrich Bonhoeffer's Ethics of Formation Ryan Huber argues that Bonhoeffer should be engaged as a Christian ethicist of formation Huber demonstrates that formation lies at the heart of Bonhoeffer's ethical project and personal story providing a third way between virtue and character ethics in contemporary Christian thought concerned with moral growth *Shaping the Future* James H. Burtness, 1985 With penetrating insight James Burtness enters into dialogue with the great theologian and Christian martyr Dietrich Bonhoeffer whose faith in God despite having stood in the face of the Nazi nightmare never wavered and whose life in review even though he was firmly rooted in the Lutheran tradition has become a phenomenon that has grown out to reach all followers of Christ today Burtness writes He was convinced that by taking hold of the real those who know and follow Jesus Christ can as his deputies participate responsibly in the shaping of the future in line with God's own will *The Cambridge Companion to Dietrich Bonhoeffer* John W. de Gruchy, 1999-05-13 This Companion serves as a guide for readers wanting to explore the thought and legacy of the great German theologian Dietrich Bonhoeffer 1906-45 The book shows why Bonhoeffer remains such an attractive figure to so many people of diverse backgrounds Its chapters written by authors from differing national theological and church contexts provide a helpful introduction to and commentary on Bonhoeffer's life work and writing and so guide the reader along the complex paths of his thought Experts set out comprehensively Bonhoeffer's political social and cultural contexts and offer biographical information which is indispensable for the understanding of his theology Major themes arising from the theology and different interpretations to it lead the reader into a dialogue with this most influential of thinkers who remains both fascinating and challenging There is a chronology a glossary and an index **The Virtue of Bonhoeffer's Ethics** Jennifer Moberly, 2013-06-19 Does Dietrich Bonhoeffer's Ethics have any affinities with what we have now come to call virtue ethics If so what is the relationship between those affinities and the more widely recognized influence of Karl Barth Moberly seeks to answer these questions through close analysis of the Ethics and engagement with other interpreters of Bonhoeffer while discussing the nature of virtue ethics in a Christian context The answers may be surprising but they are certainly rewarding for anyone wanting to better understand Bonhoeffer and to see how his work could be helpful for current ethical debates *Casablanca's Conscience* Robert Weldon Whalen, 2024-02-06 A new look at a beloved classic film that explores the philosophical dynamics of *Casablanca* Celebrating its eightieth anniversary this year *Casablanca* remains one of the world's most enduringly favorite movies It won three Academy Awards for Best Picture Best Director and Best Adapted Screenplay It is still commonly quoted We'll always have Paris and Here's looking at you kid And who can forget You must remember this a kiss is just a kiss Yet no one expected much to come of this little film certainly not its

blockbuster stars or even the studio producing it So how did this hastily cranked out 1940s film despite its many limitations become one of the greatest films ever made How is it that year after year decade after decade it continues to appear in the lists of the greatest movies ever produced And why do audiences still weep when Rick and Ilsa part The answer according to Casablanca s Conscience is to paraphrase Rick It s true Much has already been written about the film and the career defining performances of Bogart and Bergman Casablanca is an epic tale of love betrayal and sacrifice set against the backdrop of World War II Yet decades later it continues to capture the imagination of filmgoers In Casablanca s Conscience author Robert Weldon Whalen explains why it still resonates so deeply Applying a new lens to an old classic Whalen focuses on the film s timeless themes Exile Purgatory Irony Love Resistance and Memory He then engages the fictional characters Rick Ilsa and the others against the philosophical and theological discourse of their real contemporaries Hannah Arendt Dietrich Bonhoeffer and Albert Camus The relationships between fictional and historical persons illuminate both the film s era as well as perennial human concerns Both the film and the work of the philosophers explore dimensions of the human experience which while extreme are familiar to everyone It s the themes that resonate with the viewer that have sustained it as an evergreen classic all these years

Bonhoeffer Speaks Today Mark Devine,2005 Published to coincide with the 100th anniversary of Dietrich Bonhoeffer s birth in 1906 this book allows Bonhoeffer to speak to today s believer in knowing and doing the will of God the importance and role of the Church the call to witness the role of suffering and the path to hope

Ontology and Ethics Adam C. Clark,Michael Mawson,2013-08-27 Recent scholarship in a number of disciplines has explored the relationship between ontology and ethics The essays in this collection indicate what the German theologian Dietrich Bonhoeffer 1906 1945 has to contribute to this discussion By engaging the breadth of his academic and pastoral writings these essays retrieve Bonhoeffer s theology for a contemporary audience They do so by critically clarifying and extending key concepts developed by Bonhoeffer across his corpus and in dialogue with Hegel Heidegger Dilthey Barth and others They also create dialogues between Bonhoeffer and more recent figures like Levinas Agamben Foucault and Lacoste Finally they take up pressing contemporary ethical issues such as globalization managerialism and racism

The Bonhoeffer Phenomenon Stephen R. Haynes,2004 Stephen Haynes s provocative study articulates the many motives and agendas that readers and scholars have brought to their study of Bonhoeffer making it difficult to assess objectively the relationship of his political and religious commitments the real meaning of his theology and his words and actions on behalf of Jews Reading Haynes s book helps us learn not only what Bonhoeffer has to teach us but also what it is we most desire to learn

The Myth of Dietrich Bonhoeffer Richard Weikart,1997 In this arresting new study of Bonhoeffer as a theologian and as an activist Weikart carefully and persuasively argues that Bonhoeffer s postwar reputation as an anti Nazi martyr has subsumed aspects of his religious and cultural beliefs and praxis to the detriment of both

Bonhoeffer's Christocentric Theology and Fundamental Debates in Environmental Ethics Steven C. van den Heuvel,2017-05-04 There is widespread

understanding of the close connection between religion and the ecological crisis and that in order to amend this crisis theological resources are needed This monograph seeks to contribute to this endeavor by engaging the theology of Dietrich Bonhoeffer His theology is particularly suitable in this context due to its open ended nature and to the prophetic and radical nature of the questions he was prepared to ask that is why there are many other attempts to contextualize Bonhoeffer s theology in areas that he himself has not directly written about In this monograph Steven van den Heuvel first of all addresses the question of how to translate Bonhoeffer s theology in a methodologically sound way He settles on a modified form of the general method of correlation Then secondly van den Heuvel sets out to describe five major concepts in Bonhoeffer s work bringing these into critical interplay with discussions in environmental ethics and eco theology In making the correlations he thoroughly describes each concept situating it in the historic and intellectual background of Bonhoeffer s time He then transposes these concepts to contemporary environmental ethics describing what contribution Bonhoeffer s theology can make

The Politics of Virtue Elizabeth Mensch, Alan Freeman, 1993 Fiercely committed to the separation of church and state thoroughly pluralistic largely secular Where does a society like ours find common terms for conducting a moral debate In view of the crises surrounding the issue of abortion it is tempting to answer nowhere In this timely and provocative book Elizabeth Mensch and Alan Freeman urge that we challenge the extremes of both the pro life and pro choice views of the abortion issue and affirm the moral integrity of compromise Attempting to restore a level of complexity to the discussion and to enrich public debate so that we may move beyond our current impasse the authors argue that it is essential to understand how issues of legal rights and theological concerns interact in American public debate Returning to the years leading up to Roe v Wade Mensch and Freeman detail the role of religion and its relationship to the emerging politics of abortion Discussing primarily the natural law tradition associated with Catholicism and the Protestant ethical tradition the authors focus most sharply on the 1960s in which the present terms of the abortion debate were set In a skillful analysis they identify a variety of factors that directed and shaped the debate including among others the haunting legacy of Nazism the moral challenge of the civil rights movement the God is dead discourse school prayer and Bible reading Harvey Cox s *The Secular City* the Berrigans and Vietnam the animal rights movement and the movement of the church going population away from mainstream Protestant tradition toward evangelical fundamentalism By criticizing the rhetoric employed by both the pro choice and pro life camps Mensch and Freeman reveal the extent to which forces on either side of the issue have failed to respond to relevant concerns Since Roe v Wade the authors charge public debate has seemed to concede the moral high ground to the pro life position while the pro choice rhetoric has appeared to defend an individual s legal right to do moral wrong Originally published as a special issue of *The Georgia Law Review* Spring 1991 this revised and expanded edition will be welcomed by all those frustrated by the impasse of debates so central to our nation s moral life

The Difference Heaven Makes Christopher Morse, 2010-04-09 By focusing upon a rehearing of the Gospel news of heaven

today the author invites readers to exercise a post modern permission to listen to this testimony without either the usual modernist earplugs or an uncritical post modern make believe Without attempting to retrace the history of images and interpretations of heaven Morse seeks rather to draw upon this background to get to the heart of the issue of modern eschatological and apocalyptic discussion by proposing in the foreground a thought experiment **Bonhoeffer** Stephen Plant,2010-07-15 One of the best known Christians of the twentieth century Dietrich Bonhoeffer is admired as a theologian for his unparalleled independence of mind creativity and brilliance by liberals and conservatives alike His death at the hands of the Nazis is an extraordinary tale of courage and Christian discipleship However Bonhoeffer was also a serious theologian who while indebted to the liberal tradition of the University of Berlin was also influenced by the new thinking of Karl Barth that challenged the consensus Plant has written a critical exploration of Bonhoeffer s writings that illuminates his ethical theology showing that what linked all his work was the attempt to listen to God s word in to and for the secular world

The Cost of Moral Leadership Geoffrey B. Kelly,F. Burton Nelson,2003 In our current context given what we are learning about the high cost of failed moral leadership it is more urgent than ever to seek and study models for the formation of exceptional leaders Readers who missed Burton Nelson and Geoffrey Kelly s groundbreaking insightful painstakingly researched and substantially encouraging study of what Dietrich Bonhoeffer teaches us about moral leadership when it was first published will be copiously rewarded by studying it now This is a book to read for yourself and recommend to students congregants colleagues and others whom you would like to draw into profound and fruitful meditation on Christian moral leadership The Polity of Christ Ulrik Nissen,2020-04-16 Ulrik Nissen addresses the difficulty that contemporary theology faces in trying to find a way to maintain both all the shared goods we cherish as political beings and the call for Christians to be a particular people in the world and bear witness to Christ Nissen stresses that Dietrich Bonhoeffer s Christological ethics allows for a polemical unity between the reality of the world and the reality of God reconciled in the reality of Christ Based on a series of case studies that provide a point of departure for a robust reshaping of Christian humanism and responsibility Nissen reads Bonhoeffer s ethics in the light of both his Lutheran heritage and contemporary challenges highlighting the importance of his thought for political theology By demonstrating the significant influence of Lutheran and Chalcedonian Christology in contemporary ethics Nissen provides a robust argument for a love of the common reality we share as human beings and a call for Christians to bear witness to Christ in the public world *The Cross of Reality* H. Gaylon Barker,2015-09-01 The Cross of Reality investigates Bonhoeffer s interpretation and use of Luther s theology in shaping his Christology In this essay H Gaylon Barker uses the theology of the cross as a key to understanding the characteristic elements that make up Bonhoeffer s theology he also shows how Bonhoeffer s conversation with his teachers and contemporaries Karl Holl and Karl Barth in particular develops Bonhoeffer s thought was indeed radical and revolutionary but it was so precisely because of its adherence to the classical traditions of the church especially Luther s theologia crucis A

New Handbook of Christian Theologians Donald W. Musser, 1996-09-01 In recent years the flow of Christian theology has been channeled in diverse streams represented by such trends and movements as black theology liberation theology feminist theology and womanist theology To survey this abundance and diversity of current Christian theology this book examines the theologies of representative theologians Particularly to help students navigate the sea of information the editors have identified various routes for reading and have traced several threads or issues common to many of the essays thus demarcating such recurrent concerns as the ways in which the theologians consider the sources and goals for theology their variant assumptions and conclusions about the nature of God their divergent approaches to understanding the person and purpose of the Christ and their distinct expectations for the destiny of history and faith
