**Political Geography** Richard Muir, 1997-05-28 An entirely new text for students of political geography following in the footsteps of the author's highly successful Modern Political Geography Unlike other texts in this field it takes a broad and inclusive view of its subject matter a pluralist and humanistic approach and combines coverage of theory and empirical developments drawn from a wide range of countries throughout

Ethnic Frontiers and Peripheries Oren Yiftachel, 2019-03-12 The idea for editing this book originated during an international conference titled Regional Development The Challenge of the Frontier held in December 1993 at the Dead Sea and which was organized by the Negev Center for Regional Development at Ben Gurion University of the Negev In this conference we noticed that little has been said about the impact of Israel's complex mosaic of ethnic groups on the shaping of the country's social and spatial frontiers We have therefore endeavored to bring together a number of perspectives on the evolution of ethnic frontiers in Israel and the role they play in shaping the cultural landscape of this

country Yet we later realized that frontier is too limited a term and that it may through various processes have turned into a mosaic of spatial social economic and political peripheries More specifically we attempted to present the process of frontier development as perceived by Israel s ethnic and national minorities We therefore invited contributions from various other Israeli experts on these issues geographers sociologists anthropologists and political scientists which have now become the main body of chapters in this book We trust that they are representative of the main dimensions of the subject

*Citizenship and Rights in Multicultural Societies* Michael Dunne, 2019-07-29 This topical book examines the debates around contemporary conflicts between liberal democracies and increasingly vociferous special interest groups within society It analyses the way a new sense of difference and the growth of multi culturalism are straining modern notions of citizenship and rights looking in particular at how ethnic conflicts in Eastern Europe have escalated to international tragedies while in the US and Canada race ethnicity and radical feminism are at the heart of a social conflict which challenges national identity and the unity of the state

*Mandated Landscape* Roza El-Eini, 2004-11-23 In this ground breaking authoritative study a highly documented and incisive analysis is made of the galvanising changes wrought to the people and landscape of British Mandated Palestine 1929 1948 Using a comprehensive and interdisciplinary approach the book s award winning author examines how the British imposed their rule dominated by the clashing dualities of their Mandate obligations towards the Arabs and the Jews and their own interests The rulers Empire wide conceptions of the White man s burden and preconceptions of the Holy Land were potent forces of change influencing their policies Lucidly written *Mandated Landscape* is also a rich source of information supported by numerous maps tables and illustrations and has 66 appendices a considerable bibliography and extensive index With a theoretical and historical backdrop the ramifications of British rule are highlighted in their impact on town planning agriculture forestry land the partition plans and a case study presenting discussions on such issues as development ecological shock law and the controversial division of village lands as the British operated in a politically turbulent climate often within their own administration This book is a major contribution to research on British Palestine and will interest those in Middle East history geography development and colonial postcolonial studies

**Human Rights in the Emerging Global Order** K. Mills, 1998-09-14 Mills focuses on one of the most significant parts of the sovereignty debate on human rights and humanitarian issues and raises three interrelated questions First how are empirical processes and practices undermining traditional notions of sovereignty These include actions by the United Nations and other organizations on behalf of human rights such as humanitarian intervention the movements of refugees and others across the borders and increasing calls for communal self determination Second taking into account the above question and examining these issues from a normative political theory perspective what should be the relationship between individuals groups states and the international community with respect to the twin aspects of power and authority inherent in sovereignty Third what new or modified international institutions may be needed in the future to

deal with these humanitarian issues      *The Changing World Religion Map* Stanley D. Brunn, 2015-02-03 This extensive work explores the changing world of religions faiths and practices It discusses a broad range of issues and phenomena that are related to religion including nature ethics secularization gender and identity Broadening the context it studies the interrelation between religion and other fields including education business economics and law The book presents a vast array of examples to illustrate the changes that have taken place and have led to a new world map of religions Beginning with an introduction of the concept of the changing world religion map the book first focuses on nature ethics and the environment It examines humankind's eternal search for the sacred and discusses the emergence of green religion as a theme that cuts across many faiths Next the book turns to the theme of the pilgrimage illustrated by many examples from all parts of the world In its discussion of the interrelation between religion and education it looks at the role of missionary movements It explains the relationship between religion business economics and law by means of a discussion of legal and moral frameworks and the financial and business issues of religious organizations The next part of the book explores the many new faces that are part of the religious landscape and culture of the Global North Europe Russia Australia and New Zealand the U S and Canada and the Global South Latin America Africa and Asia It does so by looking at specific population movements diasporas and the impact of globalization The volume next turns to secularization as both a phenomenon occurring in the Global religious North and as an emerging and distinguishing feature in the metropolitan cosmopolitan and gateway cities and regions in the Global South The final part of the book explores the changing world of religion in regards to gender and identity issues the political religious nexus and the new worlds associated with the virtual technologies and visual media      **Tourism and Political Change** Richard Butler, Wantanee Suntikul, 2010-04-12 Tourism is a vital tool for political and economic change Calls for boycotts by tourists of countries reflect the huge impact that tourist activity and the tourism industry has on political change

*Armenians and Land Disputes in the Ottoman Empire, 1850-1914* Mehmet Polatel, *Armenians and Land Disputes in the Ottoman Empire* traces the transformation of land disputes involving Armenians into the Armenian land question from the mid nineteenth century to the outbreak of the First World War Situating this event into its historical context marked by the

rise of the central administrative state encroachment of capitalism and the new territorial turn that changed the political significance of land ownership this book argues that the Armenian land question was shaped by two conflicting trends liberalisation and nationalisation of land The book also shows how mass violence transformed competitive struggles and socioeconomic life and structures on the one hand and how these struggles strained intercommunal relations and blocked possibilities of normalisation on the other Examining the actions and discourses of Armenian and Kurdish intellectuals Muslim powerholders in the provinces and Ottoman officials and the Istanbul elite along with the institutions local and national that sustained these groups it populates a large blank space in our existing picture of the late Ottoman Empire

**Political Economy, Diversity and Pragmatism** Patsy Healey, 2017-03-02 Planning Theory has a history of common debates about ideas and practices and is rooted in a critical concern for the improvement of human and environmental well being particularly as pursued through interventions which seek to shape environmental conditions and place qualities The second volume in this series covers in detail critical political economy the turn to diversity and critical pragmatism It provides an authoritative collection in an accessible form of the most important and influential articles and papers along with a detailed introduction by the editors It offers a unique reference resource for planning scholars upper level undergraduate and post graduate students

Euskadi Ta Askatasuna Nell Bennett, 2025 This book uses previously untranslated and unpublished transcripts of key internal debates from the Basque separatist group Euskadi Ta Askatasuna ETA to unravel the puzzle behind terrorist persistence in the face of certain doom With its unprecedented view inside a terrorist organization at crucial decision points and discussions of its future this book highlights the competing considerations that informed ETA s decision making process particularly the benefits of the organization s survival for members and the loss of this that peace agreements which often explicitly demand or hold reasonable expectation that the organization is dissolved would entail Bennett s detailed analysis and use of organizational theory reveals that ETA was driven by a desire to survive and expand and the survival of their organization was ultimately more important than the nationalist movement the organization was formed to pursue

*Economic Integration in South Asia* Rizwanul Islam, 2012-03-28 Eight member countries of the South Asian Association for Regional Cooperation SAARC have recently concluded the Agreement on South Asian Free Trade Area SAFTA and SAARC Agreement on Trade in Services SATIS To date the progress of sub regional trade integration in South Asia appears to be rather lacklustre This book critically analyses the international legal aspects of economic integration in South Asia It argues that although there are economic constraints in bringing about greater economic integration in South Asia those constraints are not insurmountable Many of the constraints are merely outcomes of dubious policies pursued by the policy makers in the sub region and can be tackled with sustained political commitment towards the cause of the South Asian economic integration

*Graecia Capta* Susan E. Alcock, 1993 Tracing social and economic developments from 200 B C to A D 200 the particular emphasis of this study lies in the use of archaeological surface survey data a form of evidence only

recently available to examine the countryside and demographic change of the ancient world
