[Design as Democracy](#) David de la Pena,2017-12-07 How can we design places that fulfill urgent needs of the community achieve environmental justice and inspire long term stewardship By bringing community members to the table with designers to collectively create vibrant important places in cities and neighborhoods For decades participatory design practices have helped enliven neighborhoods and promote cultural understanding Yet many designers still rely on the same techniques that were developed in the 1950s and 60s These approaches offer predictability but hold waning promise for addressing current and future design challenges Design as Democracy is written to reinvigorate democratic design providing inspiration

techniques and case stories for a wide range of contexts Edited by six leading practitioners and academics in the field of participatory design with nearly 50 contributors from around the world it offers fresh insights for creating meaningful dialogue between designers and communities and for transforming places with justice and democracy in mind **Knowing Their Place? Identity and Space in Children's Literature** Terri Doughty,Dawn Thompson,2011-12-14 Traditionally in the West children were expected to know their place but what does this comprise in a contemporary globalized world Does it mean to continue to accept subordination to those larger and more powerful Does it mean to espouse unthinkingly a notion of national identity Or is it about gaining an awareness of the ways in which identity is derived from a sense of place Where individuals are situated matters as much if not more than it ever has In children s literature the physical places and psychological spaces inhabited by children and young adults are also key elements in the developing identity formation of characters and through engagement of readers too The contributors to this collection map a broad range of historical and present day workings of this process exploring indigeneity and place tracing the intertwining of place and identity in diasporic literature analyzing the relationship of the child to the natural world and studying the role of fantastic spaces in children s construction of the self They address fresh topics and texts ranging from the indigenization of the Gothic by Canadian mixed blood Anishinabe writer Drew Hayden Taylor to the lesser known children s books of George Mackay Brown to eco feminist analysis of contemporary verse novels The essays on more canonical texts such as Peter Pan and the Harry Potter series provide new angles from which to revision them Readers of this collection will gain understanding of the complex interactions of place space and identity in children s literature Essays in this book will appeal to those interested in Children s Literature Aboriginal Studies Environmentalism and literature and Fantasy literature **Doing Educational Research** Marit Honerød Hoveid,Lucian Ciolan,Angelika Paseka,Sofia Marques da Silva,2019-06-10 Every educational research project has challenges and obstacles that need to be managed and overcome This book uses real case studies employing a wide range of research methodologies and drawn from educational contexts across Europe to explore these challenges offering flexible and universal guidance that you can apply to your own research Published in partnership with EERA this book is Realistic and informed It explores a range of perspectives on educational research from planning to data collection to international collaboration Challenging It integrates a holistic and critical view on the process of educational research Culturally aware It covers a variety of research projects from different countries and encourages you to challenge dominant perspectives in education This is the first major English language textbook for postgraduate and postdoctoral education researchers that represents and explores the range of research traditions that exist throughout Europe and what they mean in practice Sense of the Possible L. Callid Keefe-Perry,2023-03-16 Sense of the Possible is for those interested in learning about the intersection of Christian theology and imagination Written from the assumption that imagination is deeply connected to the Christian work for liberation and human flourishing this book is an energizing introduction to the

ways in which theologians have thought about the powerful human capacity to envision a future that has not yet come. Containing perspectives from scripture, theology, philosophy, and congregational studies, this text is an excellent way to explore how it is that imagination can be part of a faithful Christian life. Each chapter comes with recommended readings and discussion questions that can be used in churches or classrooms.
