Sharing The Ganges The Politics And Technology Of River Development:

Sharing the Ganges Ben Crow,1995 The disagreement between India and Bangladesh over their respective rights to use the waters of the Ganges has been a long and involved one This volume analyzes the possibilities for resolving the issues and the political conditions and technical uncertainties that are associated with the dispute The authors suggest alternative methods of approaching the sharing of international rivers and propose a new agenda for research on issues which directly affect South Asian regional cooperation

Sharing the Ganges Ben Crown,1997 **Sharing the Ganges** Ben Crow,Alan Lindquist,David Wilson,1995 **Managing Water Conflict** Ashok Swain,2004-06-01 Countries are meeting increasing water demand by building reservoirs and by diverting water from one area to another When the water belongs to an international river system these measures lead to riparian conflicts However water scarcity not only brings conflict to these regions but also plays its part in building cooperation In several international river basins in Asia Africa and the Middle East competing and disputing riparian countries are now moving towards a co operative sharing arrangement The signs of agreements on water sharing may be easy but the real problem is how to keep these arrangements on track Such agreements can positively contribute to peace and cooperation by addressing future needs making sustainable decisions and being progressive in their management Managing Water Conflict looks at these current stresses and likely future scenarios for this vitally important subject

The Ganga Pranab Kumar Parua,2010-01-12 From time immemorial the Bengal Delta had been an important maritime des nation for traders from all parts of the world The actual location of the port of call varied from time to time in line with the natural hydrographic changes From the early decades of the second millennium AD traders from the European continent also joined the traders from the Arab countries who had been the Forerunners in maritime trading with India Daring traders and fortune seekers from Denmark Holland Belgium and England arrived at different ports of call along the Hooghly river The river had been in the meantime losing its pre eminence as the main outlet channel of the sacred Ganga into the Bay of Bengal owing to a shift of ow towards east near Rajmahal into the Padma which had been so long carried very small part of the large volume of ow On a cloudy afternoon on August 24 1690 the British seafarer Job Charnock rested his oars at Kolkata and started a new chapter in the life of a sleepy village bordering the Sunderbans which was a tangled region of estuaries rivers and water courses enclosing a vast number of islands of various shapes and sizes and infested with a large variety of wild animals In the language of the British Nobel Laureate 1907 Rudyard Kipling 1865 1936 Thus the midday halt of Charnock grew a city

Subalterns and Raj Crispin Bates,2013-09-16 Subalterns and Raj presents a unique introductory history of India with an account that begins before the period of British rule and pursues the continuities within that history up to the present day Its coverage ranges from Mughal India to post independence Pakistan Bangladesh and Sri Lanka with a focus on the ordinary people of India and South Asia Subalterns and Raj examines overlooked issues in Indian social history and highlights controversies between historians Taking an iconoclastic approach to the elites of South

Asia since independence it is critical of the colonial regime that went before them This book is a stimulating and controversial read and with a detailed guide to further reading and end of chapter bibliographies it is an excellent guide for all students of the Indian subcontinent **The Aftermath of Partition in South Asia** Gyanesh Kudaisya,Tan Tai

Yong,2004-03-01 This book draws upon new theoretical insights and fresh bodies of data to historically reappraise partition in the light of its long aftermath It uses a comparative approach by viewing South Asia in its totality rather than looking at it in narrow national terms As the first book to focus on the aftermath of partition it fills a distinctive niche in the study of contemporary South Asia **Water Policy Processes in India** Vandana Asthana,2009-09-10 Water Policy Processes in

India covers a critical gap in the literature by analyzing the process through which policies in India are developed and implemented investigating the aims and motives behind policies and identifying the potential areas of intervention in order to improve the policy process in both its development and implementation stages **Geopolitical Orientations, Regionalism**

and Security in the Indian Ocean Dennis Rumley,Sanjay Chaturvedi,2015-07-24 First published in 2004 this book is the inaugural volume of the Indian Ocean Research Group IORG and is based on a selection of papers presented at the IORG launch in Chandigarh in November 2002 The volume emphasizes the complexity and historical and contemporary geopolitical significance of the Indian Ocean Region IOR It also propagates the necessity for increased intra regional cooperation especially in terms of economic and environmental security maritime boundaries sea lane security and ocean management in the spirit of open regionalism in order to ensure a more secure IOR In addition the volume initiates an agenda for future social science policy orientated research The book should be of particular interest to policy makers business people and academics as well as citizens of the IOR Recrudescence of Violence in Indian North-east States Narottam

Gaan,Sudhansubala Das,2004 The present book is an unconventional attempt at unearthing that underneath the simmering cauldron of violence and insurgencies in India States lie imperatively the environmental caused or factors inducing migration from Bangladesh which the policy makers are enjoined upon to reformulate what they have so far considered as national security prioritized on realist paradigm Interlinking of Rivers in India M. Monirul Qader Mirza,Ahsan Uddin Ahmed,Q.K.

Ahmad,2008-07-25 Inter basin water transfers are complex human interventions on natural systems that can have profound adverse as well as beneficial social economic and environmental implications India s plan to interlink its rivers ILR and to transfer water may according to one set of views generate positive benefits through improved and expanded irrigation

The UN Watercourses Convention in Force Flavia Rocha Loures,Alistair Rieu-Clarke,2013-09-11 At the UN General Assembly in 1997 an overwhelming majority of States voted for the adoption of the United Nations Convention on the Law of the Non Navigational Uses of International Watercourses a global overarching framework governing the rights and duties of States sharing freshwater systems Globally there are 263 internationally shared watersheds which drain the territories of 145 countries and represent more than forty percent of the Earth s land surface Hence inter State cooperation towards the

sustainable management of transboundary water supplies in accordance with applicable international legal instruments is a topic of crucial importance especially in the context of the current global water crisis This volume provides an assessment of the role and relevance of the UN Watercourses Convention and describes and evaluates its entry into force as a key component of transboundary water governance To date the Convention still requires further contracting States before it can enter into force The authors describe the drafting and negotiation of the Convention and its relationship to other multilateral environmental agreements A series of case studies assess the role of the Convention at various levels regional European Union East Africa West Africa Central Asia Central America and South America river basin e g the Mekong and Congo and national e g Ethiopia and Mexico The book concludes by proposing how future implementation might further strengthen international cooperation in the management of water resources to promote biodiversity conservation as well as sustainable and equitable use

The UN Convention on the Law of the Non-Navigational Uses of International Watercourses

Laurence Boisson de Chazournes, Makane Moïse Mbengue, Mara Tignino, Komlan Sangbana, Jason Rudall, 2018-12-13 The United Nations Convention on the Law of the Non Navigational Uses of International Watercourses plays a crucial role in protecting and managing international watercourses and other sources of fresh water Boisson de Chazournes Mbengue Tignino and Sangbana head a team of experts in this Commentary examining the travaux pr paratoires leading to the Convention and the practice that has developed since the adoption of the Convention in 1997 Tackling the rationale and objectives of the provisions they offer crucial insights to the Convention s impact on the development of a universal regime for shared water resources Examining cross cutting topics such as the core water principles the prevention and settlement of water disputes the relationship between the Convention and other legal instruments as well as the role of the ICJ and other judicial means to solve water disputes this book is crucial to all those who seek a deep understanding of water law

The Bengal Borderland Willem van Schendel, 2005 The Bengal Borderland constitutes the epicentre of the partition of British India Yet while the forging of international borders between India Pakistan Bangladesh and Burma the Bengal Borderland has been a core theme in Partition studies these crucial borderlands have remarkably been largely ignored by historians

Water for Life James L. Wescoat, Jr, Gilbert F. White, 2003-10-16 Successful water management is crucial for the proper operation of natural environmental systems and for the support of human society These two aspects are interdependent but decisions about one are often made without regard to effects upon the other A persistent challenge is to consider them together This book fully analyzes the relationship between water management environmental conditions and public policy It combines a careful review of the character and evolution of water management and evaluates management from the standpoint of the quality of the natural environment Topics covered include domestic and industrial water supply and waste disposal groundwater use river channel and floodplain management and integrated river basins The processes of social decision making are examined against a backdrop of plant soil water ecosystem relationships and ecosystem change

Examples are drawn from around the world from local watershed management to international river basin planning with emphasis on integrative approaches

International Relations in India: Theorising the region and nation Kanti P. Bajpai, Siddharth Mallavarapu, 2005 The Companion Volume To International Relations In India Bringing Theory Back Home Deals With The Interplay Between Identities And Foreign Policy Borders And Notions Of Territoriality And Critical Geopolitics The Book Also Makes Room For New Interpretations Of Conventional Areas Of International Relations Such As Power And Violence Thereby Creating The Conditions For A Sustained And Serious Theoretical Conversation Of The Discipline In India Of Particular Relevance Are Contributions In The Field Of International Political Economy An Area Of Traditional Neglect In The South Asian Setting

Hydropolitics in the Third World Arun P. Elhance, 1999 With more than 50 percent of the world's landmass covered by river basins shared by two or more states competition over water resources has always had the potential to spark violence And growing populations and accelerating demands for fresh water are putting ever greater pressures on already scarce water resources In this wide ranging study Arun Elhance explores the hydropolitics of six of the world's largest river basins In each case Elhance examines the basin's physical economic and political geography the possibilities for acute conflict and efforts to develop bilateral and multilateral agreements for sharing water resources The case studies lead to some sobering conclusions about impediments to cooperation but also to some encouraging ones among them that it may not be possible for Third World states to solve their water problems by going to war and that eventually even the strongest riparian states are compelled to seek cooperation with their weaker neighbors

Conflict Management of Water Resources Manas Chatterji, Saul Arlosoroff, Gauri Guha, 2017-11-01 This title was first published in 2002 Now that the Cold War is over ethnic and regional conflicts are emerging over resources and the environment The management of water the lifeblood of any country is becoming a vital issue This volume offers a study of conflict management of water resources It includes some selected papers presented at an international meeting held at the Mahatma Gandhi Center of Conflict Prevention and Management in Ahmedabad India Other invited papers have also been included in the collection Obviously it was not possible to address here all aspects of the vast field of water management The main focus of this work is the management of water conflict and its implications for peace
