She Goes To War:

For No Reason at All Jeffrey A. Hinkelman, 2022-02-04 The years following the signing of the Armistice saw a transformation of traditional attitudes regarding military conflict as America attempted to digest the enormity and futility of the First World War During these years popular film culture in the United States created new ways of addressing the impact of the war on both individuals and society Filmmakers with direct experience of combat created works that promoted their own ideas about the depiction of wartime service ideas that frequently conflicted with established heroic tropes for the portrayal of warfare on film Those filmmakers spent years modifying existing standards and working through a variety of storytelling options before achieving a consensus regarding the fitting method for rendering war on screen That consensus incorporated facets of the experience of Great War veterans and these countered and undermined previously accepted narrative strategies This process reached its peak during the Pre Code Era of the early 1930s when the initially prevailing narrative would be briefly supplanted by an entirely new approach that questioned the very premises of wartime service Even more significantly the rhetoric of these films argued strongly for an antiwar stance that questioned every aspect of the wartime experience *For No Reason at All* The Changing Narrative of the First World War in American Film discusses a variety of Great War themed films made from 1915 to the present tracing the changing approaches to the conflict over time Individual chapters focus on movie antecedents animated films and comedies the influence of literary precursors the African American film industry women centered films and the effect of the Second World War on depictions of the First Films discussed include *Hearts of the World* *The Cradle of Courage* *Birthright* *The Big Parade* *She Goes to War* *Doughboys* *Young Eagles* *The Last Flight* *Broken Lullaby* *Lafayette Escadrille* and *Wonder Woman* among many others

Willard W. Waller on the Family, Education, and War Willard Waller, 1970-10 Willard Waller 1899-1945 taught and wrote on sociology during the decades of its crystallization the 1920s through the 1940s He pursued sociological analysis in terms of intensive direct observation and humanistic detail as well as conceptual analysis Waller's explorations of role behavior especially in his writings on marriage and education shocked academia and are still provocative today In his direct perceptive often cynical style he penetrated the facades of the most respected social institutions He made use of the case study method many of Waller's case studies were lifted directly from his own experiences particularly from the agonies of his own divorce and from the disappointments of his initial teaching experience He also drew fresh insights from the personal experiences of his colleagues and students hardly a traditional procedure This volume is the first unified presentation of Waller's writings covering in depth his work on family education and war It also includes his shorter but equally vivid discussions on social problems such as crime and on the conflict between insight and scientific method Since Waller's private life was so intimately bound to his public work an understanding of his personal history reveals much about the development and dilemma of sociologists in the United States In their Introduction editors Goode Mitchell and Furstenberg reconstruct the life of this complex American thinker

Cunningham, John C. Nelson, 2016-05-31 A Companion to the War Film contains 27 original essays that examine all aspects of the genre from the traditional war film to the new global nature of conflicts and the diverse formats that war stories assume in today's digital culture Includes new works from experienced and emerging scholars that expand the scope of the genre by applying fresh theoretical approaches and archival resources to the study of the war film Moves beyond the limited confines of the combat film to cover home front films international and foreign language films and a range of conflicts and time periods Addresses complex questions of gender race forced internment international terrorism and war protest in films such as Full Metal Jacket Good Kill Grace is Gone Gran Torino The Messenger Snow Falling on Cedars So Proudly We Hail Tae Guk Gi The Brotherhood of War Tender Comrade and Zero Dark Thirty Provides a nuanced vision of war film that brings the genre firmly into the 21st Century and points the way for exciting future scholarship **The Lengthening War** Michael Goode, 2016-08-31 The First World War was an event so important so catalytic so transformative that it still hangs in the public memory and still compels the Historians pen It was a conflict which by the end of the struggle had created a world unfamiliar to the one in existence before it and brought levels of destruction and loss all too unimaginable to the generation of minds which created it Despite this we still find it hard to picture what it was like to live through this war Right from its start Mabel Goode realised that the First World War would be the biggest event to take place in her lifetime Knowing this she took to recording it taking us day by day through what living in wartime Britain was like The diary shows us how the war came to the Home Front from enrolment rationing the collapse of domestic service and growth of war work to Zeppelin attacks over Yorkshire and the ever mounting casualty lists Above all else Mabel's diary captures a growing disillusionment with a lengthening war as the costs and the sacrifices mount Starting with great excitement and expecting a short struggle the entries gradually give way to a more critical tone and eventually to total disengagement The blank pages marked for 1917 and 1918 are almost as informative as the fearful excitement captured at the onset of that tremendous conflict This is a strong narrative of the war easy to read mixing news with personal feelings and events often revealing gap between official news and reality Also included are several poems written by Mabel and a love story in the appendix giving a complete insight into the life of the diarist Of note is the fact that Mabel and her brothers the main serving protagonists in the diary lived in Germany for some time meaning they could all speak German and knew the enemy nation as many Britons did not
