This Rancid Mill Kyle Decker, 2023-04-18 With his blue mohawk and ragged leather jacket Alex Damage fits in to only a small pocket of 1981 Los Angeles the dynamic changing punk scene In this world he survives on favors and reputation as a small time private investigator but when a young woman hires him to solve the potential murder of the singer of one of his favorite local bands everything in his life amps up As he digs deeper into what really happened Alex must both seek out and dodge an endless array of dangerously powerful drug dealers aging porn stars crooked cops neo Nazi skinheads and shadowy corrupt politicians The deeper he gets and the more punishment his body takes and the more he begins to fall for the woman who hired him the more determined he becomes to follow the trail to its conclusion In the end the truth is far more

complicated than Alex had thought not only about the murder and the victim's unsavory private life but also about Alex's own past behaviors and attitudes. Meticulously researched and drawing from memoirs, zines, and documentaries, Alex Damage's story comes to life with real hangouts and real shows from LA in 1981, which makes the book immersive for the people who were there as well as those who wish they could have been. *Sweet September* Kirsten Osbourne, 2021-12-01

Trying to find a way to help with the family's scholarship fund, September Berry Calendar joins a cooking competition. Although she's had no formal training as a chef, everyone agrees she's the best cook around Cauldron Valley, so she hopes she won't go down in a pile of burning ash. When a handsome man flirts with her on her first night at the competition, she knows he'll flirt with any woman because she is no prize. Jack Larson agrees to judge a cooking competition that his mother had been very involved with before her death. He's dreading having to go and be part of it, but on the first night there, he sees a woman who makes his heart beat faster. Her smile makes him feel like he could catch the stars in one hand, and he wants to give them all to her. When the competition is over, he asks her to help him with a party he's having, one that he makes up on the spot to be able to see her after they return home to Montana. Will Jack be able to use the extra time to convince Berry he's more than just a playboy? Or will she spend the rest of her life mired in self-doubt? *Magic Potion* Mahrouyeh Maghzi, 2014-12-18

A woman has invited 25 women and 25 men to come and listen to her talk about her book and ask them whether or not to publish it. In a small square room, she finds 23 men have arrived. She stays outside the room and speaks to them telepathically about relationships, honouring the female principle, and the meaning of life. What does the story of the Garden of Eden mean? Later, she comes into the room and educates them about the role of women and raising the men's consciousness. She embodies light and takes them into another mental realm. She tests their ideas, surprises, and shocks them to help them evolve. One of them finds that the book on the lectern is blank. In the end, we realize she hasn't written a book but lived it. Maghzi states: "This book is one woman's vision which has been reduced to a readable form. This book is about a woman who raises her voice on behalf of those women who have suffered through the centuries. This book is about cutting selfish self's rough and uneven edges in order to become wiser and smarter, to circle the wiser and smarter beloved." **Geek Fire** Mel Woodburn, 2020-09-23

Honors student Emma Edgin never thought she'd be a superhero, but she never thought she'd fail a class or be diagnosed autistic, either. She's got to focus on passing English and keeping the new Super Commission agent from noticing her. Too bad so many people need saving. *Geek Fire* is the first novel in the Dragon Girl Series. If you like nerdy heroes and conspiracies, then you'll love this series. *The Other Sides of a Mirror* David Romo, 2022-07-07
