Miller, 2014-08-01 A sexy sheik finds forbidden love while dodging an assassin in this romantic tale of international intrigue After an uncharacteristic night of passion event coordinator Sarah Parker learns her mystery lover is Sheik Saafir her new client and the target of an assassination plot But the handsome royal has an appeal the sensible Sarah can tignore even when she scaught in the crossfire Honor bound Saafir has agreed to an arranged marriage to unite the feuding factions in his country and then he kisses the surprising American Now dodging bullets is nowhere near as dangerous as the attraction that puts his sense of duty at war with his heart But can he walk away from Sarah even to save his life and hers Causal Models Steven Sloman, 2005-07-28 Human beings are active agents who can think To understand how thought serves action requires understanding how people conceive of the relation between cause and effect between action and outcome In cognitive terms how do people construct and reason with the causal models we use to represent our world A revolution is occurring in how statisticians philosophers and computer scientists answer this question Those fields have ushered in new insights about causal models by thinking about how to represent causal structure mathematically in a framework that uses graphs and probability theory to develop what are called causal Bayesian networks The framework starts with the idea that the purpose of causal structure is to understand and predict the effects of intervention How does intervening on one thing affect other things This is not a question merely about probability or logic but about action The framework offers a new understanding of mind Thought is about the effects of intervention and cognition is thus intimately tied to actions that take place either in the actual physical world or in imagination in counterfactual worlds The book offers a conceptual introduction to the key mathematical ideas presenting them in a non technical way focusing on the intuitions rather than the theorems It tries to show why the ideas are important to understanding how people explain things and why thinking not only about the world as it is but the world as it could be is so central to human action The book reviews the role of causality causal models and intervention in the basic human cognitive functions decision making reasoning judgment categorization inductive inference language and learning In short the book offers a discussion about how people think talk learn and explain things in causal terms in terms of action and Fighting with the Infuriating Prince Elizabeth Lennox, 2015-04-17 Jalayla couldn t believe the arrogance of the man To actually order her around How rude But beneath the surface of her anger towards the handsome prince there was a simmering heat an uninvited fascination with the man that she couldn t seem to fight Every time he touched her every time he even looked at her she felt that strange sensation Tasir wanted to fire her at first sight She argued with him about everything and challenged him in ways that no other woman dared So why did he want to pick the woman up and make love to her Initially he didn t know that the lovely woman with fiery eyes and a sensuous figure was the one and only Princess Jalayla And was determined that he would have her for his own So what s a man to do when he finds out that the woman of his dreams is promised to marry another man The Sheik's Rediscovered Lover Elizabeth Lennox, 2013-07-24 Ella is young and impressionable and awed by Zayn who comes back into her life like a returning hero After one night of passion not only has her hero fallen but so has she Pregnant and terrified Ella realizes that Zayn has disappeared for the second time in her life with no explanation and no clues as to where he s gone But she works hard and survives raising her son on her own When she sees Zayn again six years later she is determined not to be blinded by his overwhelming presence again She can t trust him this time Unfortunately nor can she ignore the fiery passion that seems to flare up whenever Zayn comes close to her She s a fighter though And she won t give in to that passion like she did the last time he swooped into her life She is stronger she can push him away Can t she Zayn can t believe he s finally found Ella again An emergency took him away from her years ago and she disappeared But this time he won t lose her When he discovers that he also has a five year old son Zayn is thrilled eager to bring both of them back to his country He doesn t understand Ella s resistance to him Gone is the soft vivacious woman he remembers holding in his arms But this Ella is even more beautiful more lush and sensuous And he refuses to believe that what they felt for each other the last time can t be revived He won t lose her a second time He can t
