## Looking At Cars:

**Cars** George Bowering, Ryan Knighton, 2002 It's not where you're going but how you get there Everyone's got a good story to tell about cars a funny fender bender a bad cab ride awkward amorous acrobatics But the stories we tell about cars tell even more about ourselves You'll see what we mean in *Cars* George Bowering one of Canada's Grand Prix writers and Ryan Knighton a young writer just entering the race realized that they could tell the stories of their lives and friendship through the automobiles that have driven them Now these aren't your ordinary boys and cars stories There's no drag racing or cruising for chicks In fact George likes to drive pretty slowly and Ryan who is now blind doesn't drive at all But they take turns in the literary driver's seat bantering and fender nudging so their stories curve and tangle like a BC highway until what emerges is a poignant hilarious conversation Boiling fish in the radiator jousting with a forklift cabbing with Doris Lessing in one hundred panels that's fifty each George and Ryan tell the tales of their friendship families friends and loves all illuminated by the dashboard light *Cars* is an auto biography that'll chauffeur you through the intersection of the lives of two of Canada's most exciting writers

**Cars We Love** Brian Earnest, 2011-06-23 From the foreword these cars aren't rare or unique but they have other things going for them Sometimes they were the subject of amazing restorations or rescue efforts Sometimes against all odds they remained in one family for generations or were babied to extremes and today have ridiculously low totals on their odometers These are the cars that have stories They might not have been amazing when they were new but they are unique now because of the lives they've lived and the owners who have sat in their driver's seats They've got history and if they could talk what amazing tales they could tell us

**Great Cars of All Time** Irving Robbin, 2015-12-29 For enthusiasts of every age here is a gallery of great cars from the beginning to the present day Each of these machines has its own claim to fame some for fabulous styling some for technical developments that changed the course of automotive history some for racing prowess and some for sheer personality For each chapter there is a beautiful full page color portrait of the car in its proper setting The text is no mere description of the machines With authority enthusiasm and wit the author traces the history of each make illuminating the characters of both cars and men with spine tingling racing adventures and inside anecdotes While the story of each make is complete in itself and may be read alone the book as a whole provides a panorama of automotive history The story of cars is of course also the story of men some of the most colorful figures of the modern world drivers such as Nuvolari Oldfield Fangio engineers such as Bugatti Ford and Porsche But cars are the real heroes of this book in these words and pictures they emerge not as mere collections of nuts and bolts and sheet metal but as creatures with a kind of life of their own A life that embodies the urge to freedom and adventure the pride and love of beauty of both their creators and their users New York 1960
