Killer Fiction G. J. Schaefer, 2011-02 G J Schaefer described as a textbook case of the classic serial killer gives clues to his personality in this chilling selection of writings which are from before and during his prison term They include stories fantasies plans and poetry Perverted horrifying filled with hatred and violence they clearly reveal both Schaefer s own pathology and that of various prison inmates with whom he was on intimate terms Not for the faint of heart Killer Fiction will appeal to fans of true crime and those interested in criminal psychology

Photos and illustration s **Liberty Means Freedom for All** Steven H. Propp, 2012-11-16 Thomas Anderson has just graduated from CSU Stentoria with his degree in Political Science Its an election year and as a young progressive in California who has been raised by equally progressive parents he is very much concerned with the political issues currently being discussed in the mass media A chance encounter with a fellow graduate named Kelly Kelso however shakes up his settled view of the world He is challenged to examine the rising number of alternatives to the two party system presented by third party movements such as the Libertarian Party and the Green Party and is forced to acknowledge that there is far more to politics than simply Democrat versus Republican and liberal versus conservative Thomas delves energetically into not only the growing Libertarian movement but the free market perspective of the Austrian School of economics as well as the rigid yet compelling view of Ayn Rands philosophy of Objectivism His explorations grow wider now encompassing the Tea Party movement and the Christi an Right tax resisters and gun rights advocates survivalists and militia members anarchists communists and Democratic Socialists as well as the Occupy Wall Street movement He debates the radical environmental views of animal welfare and animal rights advocates and challenges opponents of corporate globalism as well as deniers of global warming as he struggles to reformulate and articulate his own developing beliefs while coping with a sea of conflicting ideas and opposition But this abstract political theory is brought into sharp encounter with concrete political reality when Thomas hears a news report of an armed conflict with authorities taking place just outside of town involving someone with whom he has become emotionally involved
