**The Dutch Revolt Through Spanish Eyes** Yolanda Rodríguez Pérez, 2008 Historical and literary works from the Spanish Golden Age offer a wealth of information about the Spanish view of the conflict in the Netherlands during the Dutch Revolt and the ensuing Eighty Years War 1568 1648 The war in the cold north was to become a fixed component in the lives of the Spaniards of the Golden Age for many years This book reconstructs the images that the Spanish had of the Netherlands and its inhabitants These images are inextricably intertwined with the picture that the Spanish constructed of themselves as participants in the conflict This book follows the developments of these images from the construction of an image of the enemy that reached a climax between 1621 and 1648 and then gradually faded away Which images and representations circulated the most and where did they come from Which rhetoric was used to present them to the public and in which genres and contexts were they disseminated and preserved On the basis of a varied collection of sources war chronicles and plays as well as pamphlets poems historical works and prose writings the author illustrates the appearance of the Netherlands through Spanish eyes during the course of the Eighty Years War *The Road to Rocroi* Fernando González de León, 2009 Combining approaches and insights from cultural social and military history this study traces the evolution and decline of the Spanish officer corps and general staff during the Eighty Years War in connection with contemporary trends such as modernization and aristocratization *Lope de Vega's Los españoles en Flandes* Lope de Vega, 1997 Los españoles en Flandes The Spaniards in Flanders is an obscure historical play by Spain's most beloved dramatist Lope de Vega y Carpio This volume includes the text of the play in Spanish with variants followed by an extensive section of detailed critical notes in English Appendices include a section of maps and illustrations and the vocabulario de Germanía by Juan Hidalgo Annotation copyright by Book News Inc Portland OR **Between History and Fiction** Tracy Crowe Morey, 2010 This study explores a number of early modern comedias that deal with historical siege or military episodes in the history of the Iberian peoples Cervantes's *La Numancia* Lope de Vega's *El asalto de Mástrique* and his lesser known *La nueva victoria de don Gonzalo de Córdoba* Calderón de la Barca's *El sitio de Breda* and Velázquez de Guevara's *El Hércules de Ocaña* are key texts examined here Taking the distinction between history and fiction in Neo-Aristotelian literary theory as a point of departure this book considers the intellectual and historical conditions that affect the ways in which early modern dramatists interpret historical events according to their own literary and ideological purposes The interplay of history and fiction demonstrates uses and discontents of legitimizing fiction in the early modern period Parallel themes of epic and siege intermingled with romance and carnivalesque humour provide alternative perspectives to early modern representations of empire and war on the Spanish stage **The Journal of Medieval and Early Modern Studies**, 1999 **Anuario Lope de Vega**, 2001 **Bibliography of Lope de Vega: Bibliography of the works of Lope de Vega**, 1965 **The Cumulative Book Index**, 1998 A world list of books in the English language **Discourses of Empire** Barbara Simerka, 2007-08-09 The counter epic

is a literary style that developed in reaction to imperialist epic conventions as a means of scrutinizing the consequences of foreign conquest of dominated peoples. It also functioned as a transitional literary form, a bridge between epic narratives of military heroics and novelistic narratives of commercial success. In *Discourses of Empire*, Barbara Simerka examines the representation of militant Christian imperialism in early modern Spanish literature by focusing on this counter epic discourse. Simerka is drawn to literary texts that questioned or challenged the imperial project of the Hapsburg monarchy in northern Europe and the New World. She notes the variety of critical ideas across the spectrum of diplomatic, juridical, economic, theological, philosophical, and literary writings, and she argues that the presence of such competing discourses challenges the frequent assumption of a univocal hegemonic culture in Spain during the imperial period. Simerka is especially alert to the ways in which different discourses hegemonic, residual, emergent coexist and compete simultaneously in the mediation of power. *Discourses of Empire* offers fresh insight into the political and intellectual conditions of Hapsburg imperialism, illuminating some rarely examined literary genres such as burlesque epics, history plays, and indiano drama. Indeed, a special feature of the book is a chapter devoted specifically to indiano literature. Simerka's thorough working knowledge of contemporary literary theory and her inclusion of American, English, and French texts as points of comparison contribute much to current studies of Spanish Golden Age literature.

Spanish Dramatists of the Golden Age, Mary Parker, 1998-09-17

The Golden Age of Spanish drama extends from the close of the 15th century to the death of Calderón in 1681. During that time, the humanists as dramatists followed Italy's artistic awakening direction and imitated Classical drama. With originality and dreams of greatness, they subverted the nature of tragedy, modified the approach of Comedy, and invented the New Play, the *Comedia Nueva*. In it, the poet-dramatists introduced important modifications of realism, included imagined reality, Christian symbolism, and theatricality as artistic truth. They elaborate all kinds of syntheses. For this reason, the Spanish Golden Age theater can be viewed as part of a tradition that includes the Greco-Roman comedy and tragedy, Christian tragedy, and the authentic national literary and dramatic tendencies. The entries in this reference book explore the fascinating history of the Golden Age of Spanish drama. The volume begins with an introductory overview of the literary, cultural, and historical contexts that shaped dramatic writing of the period. The book then presents alphabetically arranged essays for nineteen significant Spanish dramatists of the Golden Age. Each essay is written by an expert contributor and includes biographical information, an analysis and evaluation of major works, a discussion of critical response to the plays, and an extensive bibliography of primary and secondary sources. The volume closes with a selected general bibliography of central critical studies of Golden Age Spanish drama.
