## **Lord Hervey Eighteenth Century Courtier:**

*Lord Hervey; Eighteenth-century Courtier* Robert Halsband, 1974 A biography of a man who is frequently mentioned in the accounts of George the Second's reign and in the political and literary histories of the first half of the eighteenth century

*Sex, Money and Personal Character in Eighteenth-Century British Politics* Marilyn Morris, 2015-01-28 How and why did the Anglo American world become so obsessed with the private lives and public character of its political leaders Marilyn Morris finds answers in eighteenth century Britain when a long tradition of court intrigue and gossip spread into a much broader and more public political arena with the growth of political parties extra parliamentary political activities and a partisan print culture The public's preoccupation with the personal character of the ruling elite paralleled a growing interest in the interior lives of individuals in histories novels and the theater Newspaper reports of the royal family intensified in intimacy and its members became moral exemplars most often paradoxically when they misbehaved Ad hominem attacks on political leaders became commonplace politicians of all affiliations continued to assess one another's characters based on their success and daring with women and money And newly popular human interest journalism promoted the illusion that the personal characters of public figures could be read by appearances [Handel's Oratorios and Eighteenth-Century Thought](#)

Ruth Smith, 1995-05-04 In this wide ranging and challenging book Ruth Smith claims that the words to Handel's oratorios reflect the events and ideas of their time and have far greater meaning than has hitherto been realised She explores eighteenth century literature music aesthetics politics and religion to reveal Handel's texts as conduits for the thought and sensibility of their time The book thus enriches our understanding of Handel his times and the close relationship between music and its intellectual contexts **Sexual Perversions, 1670-1890** J. Peakman, 2009-07-30 A fascinating glimpse into the history of sexual perversions and diversions including fetishism cross dressing effeminate men and masculinized women sodomy tribadism masturbation necrophilia rape paedophilia flagellation and sado masochism asking how these sexual inclinations were viewed at a particular time in history *Friendship and Allegiance in Eighteenth-Century Literature*

Emrys Jones, 2013-06-13 Friendship and Allegiance explores the concept of friendship as it was defined contested and distorted by writers of the early eighteenth century Setting well known canonical texts The Beggar's Opera Gulliver's Travels alongside lesser known works it portrays a literary world renegotiating the meaning of public and private virtue **The**

**Courtiers** Lucy Worsley, 2023-10-03 Kensington Palace is now most famous as the former home of Diana Princess of Wales but the palace's glory days came between 1714 and 1760 during the reigns of George I and II In the eighteenth century this palace was a world of skulduggery intrigue politicking etiquette wigs and beauty spots where fans whistled open like switchblades and unusual people were kept as curiosities Lucy Worsley's *The Courtiers* charts the trajectory of the fantastically quarrelsome Hanovers and the last great gasp of British court life Structured around the paintings of courtiers and servants that line the walls of the King's Staircase of Kensington Palace paintings you can see at the palace today The

Courtiers goes behind closed doors to meet a pushy young painter a maid of honor with a secret marriage a vice chamberlain with many vices a bedchamber woman with a violent husband two aging royal mistresses and many more The result is an indelible portrait of court life leading up to the famous reign of George III and a feast for both Anglophiles and lovers of history and royalty

**Documenting Eighteenth Century Satire** Pat Rogers,2011-07-12 Documenting Eighteenth Century Satire provides a historicized view of Augustan satire through detailed readings of individual works It aims to show how these satires can be documented in various ways to reveal richer meanings The book ranges across different modes of satire in poetry prose and drama It covers some of the best known works of eighteenth century British literature including The Rape of the Lock The Dunciad and The Beggar s Opera In addition it deals with less familiar but important texts including Gay s Trivia Pope s Epistle to Miss Blount and Swift s poem on Sid Hamet as well as works of great literary merit which have been unduly neglected including Pope s Duke upon Duke and Swift s The Bubble One essay offers the first full interpretation and edition of a poem that surfaced in the 1970s still virtually unknown written by Pope and or Gay Another describes a previously unsuspected hoax by the Scriblerians on the quest for the longitude while one more finds an unsuspected but close link between poems by Pope and Pushkin Sources are drawn from numerous unpublished documents wills private letters inventories estate deeds marriage contracts and private correspondence Extensive use is made of contemporary newspapers magazines and pamphlets Most of these have not been quarried heavily if at all before Some essays are completely new while others have been extensively revised for this book

**Eighteenth Century Life** ,1974

**Hidden Patrons** Amy Boyington,2023-11-02 An enduring myth of Georgian architecture is that it was purely the pursuit of male architects and their wealthy male patrons History states that it was men who owned grand estates and houses who commissioned famous architects and who embarked upon elaborate architectural schemes Hidden Patrons dismantles this myth revealing instead that women were at the heart of the architectural patronage of the day exerting far more influence and agency than has previously been recognised Architectural drawing and design discourse and patronage were interests shared by many women in the eighteenth century Far from being the preserve of elite men architecture was a passion shared by both sexes intellectually and practically as long as they possessed sufficient wealth and autonomy In an accessible readable account Hidden Patrons uncovers the role of women as important patrons and designers of architecture and interiors in eighteenth century Britain and Ireland Exploring country houses Georgian townhouses villas estates and gardens it analyses female patronage from across the architectural spectrum and examines the work of a range of pioneering women from grand duchesses to businesswomen to lowly courtesans Re examining well known Georgian masterpieces alongside lesser known architectural gems Hidden Patrons unearths unseen archival material to provide a fascinating new view of the role of women in the architecture of the Georgian era

**The Dunciad in Four Books** Valerie Rumbold,2014-06-11 The Dunciad in Four Books of 1743 was the culmination of the series of Dunciads which Alexander Pope produced over the last

decade and a half of his life It comprises not only a poem but also a mass of authorial annotation and appendices and this authoritative edition is the only one available which gives all the verse and the prose in a clearly laid out form with a full modern commentary Accessibly presented on the same page as Pope s text are explanatory notes written in a style adapted to the needs of undergraduate readers but still comprehensive enough to address the interests of scholars The many books and pamphlets to which Pope refers have been examined in detail and the commentary takes advantage of the fifty years scholarship on literary bibliographical cultural and political aspects of the period which has accumulated since James Sutherland s The Dunciad volume five of the Twickenham Edition A substantial introduction offers a stimulating and helpful approach to the work and the bibliography includes extensive suggestions for further reading

### **The Last King of**

**America** Andrew Roberts,2021-11-09 From the New York Times bestselling author of Churchill and Napoleon The last king of America George III has been ridiculed as a complete disaster who frittered away the colonies and went mad in his old age The truth is much more nuanced and fascinating and will completely change the way readers and historians view his reign and legacy Most Americans dismiss George III as a buffoon a heartless and terrible monarch with few if any redeeming qualities The best known modern interpretation of him is Jonathan Groff s preening spitting and pompous take in Hamilton Lin Manuel Miranda s Broadway masterpiece But this deeply unflattering characterization is rooted in the prejudiced and brilliantly persuasive opinions of eighteenth century revolutionaries like Thomas Paine and Thomas Jefferson who needed to make the king appear evil in order to achieve their own political aims After combing through hundreds of thousands of pages of never before published correspondence award winning historian Andrew Roberts has uncovered the truth George III was in fact a wise humane and even enlightened monarch who was beset by talented enemies debilitating mental illness incompetent ministers and disastrous luck In The Last King of America Roberts paints a deft and nuanced portrait of the much maligned monarch and outlines his accomplishments which have been almost universally forgotten Two hundred and forty five years after the end of George III s American rule it is time for Americans to look back on their last king with greater understanding to see him as he was and to come to terms with the last time they were ruled by a monarch

Speech, Print and Decorum in Britain, 1600--1750 Elspeth Jajdelska,2016-03-10 Filling an important gap in the history of print and reading Elspeth Jajdelska offers a new account of the changing relationship between speech rank and writing from 1600 to 1750 Jajdelska draws on anthropological findings to shed light on the different ways that speech was understood to relate to writing across the period bringing together status and speech literary and verbal decorum readership the material text and performance Jajdelska s ambitious array of sources includes letters diaries paratexts and genres from cookery books to philosophical discourses She looks at authors ranging from John Donne to Jonathan Swift alongside the writings of anonymous merchants apothecaries and romance authors Jajdelska argues that Renaissance readers were likely to approach written and printed documents less as utterances in their own right and more as representations of past speech or as scripts

for future speech In the latter part of the seventeenth century however some readers were treating books as proxies for the author's speech rather than as representations of it These adjustments in the way speech and print were understood had implications for changes in decorum as the inhibitions placed on lower ranking authors in the Renaissance gave way to increasingly open social networks at the start of the eighteenth century As a result authors from the lower ranks could now publish on topics formerly reserved for the more privileged While this apparently egalitarian development did not result in imagined communities that transcended class readers of all ranks did encounter new models of reading and writing and were empowered to engage legitimately in the gentlemanly criticism that had once been the reserve of the cultural elites

Shortlisted for the European Society for the Study of English ESSE book prize 2018      **The Library of Literary Criticism of English and American Authors: 1730-1784** Charles Wells Moulton, 1902      *Wives and Daughters* Joanna

Martin, 2004-07-16 Told through the stories journals and personal letters of the women of the powerful Fox family *Wives and Daughters* is a window into the daily lives and experiences of women of eighteenth century aristocratic society and the country houses that symbolized the power and taste of eighteenth century Britain Combining personality with historical setting and detail Joanna Martin traces the lives of fifteen individual women in their four country houses through several generations in society and at home Taking an intimate and personal look at courtship marriage childbirth education houses and gardens reading hobbies travel and health this book is an engrossing account of woman's lives in this fascinating time

Boys at Sea B. Burg, 2007-07-12 *Boys at Sea* is a study of homoerotic life in the Royal Navy during the age of sail The book traces every feature of sexual life at sea including seduction rape prostitution courts martial and the punishments meted out to those convicted of violating the stern moral code set down in the Articles of War      The Oxford Handbook of the British Musical Robert Gordon, Olaf Jubin, 2016

The first comprehensive academic survey of British musical theatre from its origins The Oxford Handbook of the British Musical offers both a historical account of musical theatre from 1728 and a range of in depth critical analyses of key works and productions that illustrate its aesthetic values and sociocultural meanings      Horace Walpole Timothy Mowl, 2014-06-05 Horace Walpole famous for his novel *The Castle of Otranto* and his gothick castle villa Strawberry Hill has been oddly shielded by his previous admirers The most famous of these was W S

Lewis a rich American scholar who collected virtually all of Walpole's surviving letters and papers and edited them in forty eight impressive volumes He was however a conventional man of his times and could not bring himself to acknowledge Walpole's homosexuality and its implications R W Ketton Cremer who wrote what was otherwise a very good biography of Walpole was similarly evasive Timothy Mowl's study of Horace Walpole is the first to give a complete and convincing picture of the whole man It is the first to show that despite his aristocratic connections he was the youngest son of Sir Robert Walpole Britain's first Prime Minister Horace Walpole was a sexual and social outsider whose talents as a publicist were used to serve his own agenda Also revealed for the first time is Walpole's passionate affair with the 9th Earl of Lincoln The ending

of that relationship and Walpole's subsequent resentment of Lincoln's relatives affected his judgment, friendships and emotions for the rest of his life. This book provides an honest and radical reassessment of one of the most influential men of taste of the eighteenth century and is reissued to coincide with a major Victoria and Albert Museum exhibition dedicated to Horace Walpole and Strawberry Hill. This is a lively, provocative and hugely entertaining book. Whatever one makes of Dr Mowl's interpretation of Walpole's career, it is always intelligently argued and presented with a polemical vigour and sense of style which are worthy of his subject's own. John Adamson, Sunday Review, he is lively and convincing on the gradual accretions to Strawberry Hill and often shrewd on the character of his subject. Pat Rogers, Times Literary Supplement. In general, Mowl writes delightfully and there are witticisms that Horace Walpole himself would relish. Bevis Hillier, The Spectator. In this vivid and entertaining biography, Horace Walpole is properly outed. Duncan Sprott, Gay Times, he presents the most credible picture of the man and his achievement to date. Martin Postle, Apollo. This wicked, enjoyable book should provoke wide debate. David Watkin, Evening Standard.

**A Political Biography of Eliza Haywood** Kathryn R King, 2015-10-06. While under arrest in 1750 on suspicion of producing a seditious pamphlet, Eliza Haywood insisted she never wrote anything in a political way. This study of the life and works, the first full-length biography of Haywood in nearly a century, takes the measure of her duplicity.

Scandal Anna Clark, 2013-10-31. Are sex scandals simply trivial distractions from serious issues, or can they help democratize politics? In 1820, George IV's royal gambols with his mistresses endangered the Old Oak of the constitution. When he tried to divorce Queen Caroline for adultery, the resulting scandal enabled activists to overcome state censorship and revitalize reform. Looking at six major British scandals between 1763 and 1820, this book demonstrates that scandals brought people into politics because they evoked familiar stories of sex and betrayal. In vibrant prose woven with vivid character sketches and illustrations, Anna Clark explains that activists used these stories to illustrate constitutional issues concerning the Crown, Parliament and public opinion. Clark argues that sex scandals grew out of the tension between aristocratic patronage and efficiency in government. For instance, in 1809, Mary Ann Clarke testified that she took bribes to persuade her royal lover, the army's commander in chief, to promote officers, buy government offices and sway votes. Could women overcome scandals to participate in politics? This book also explains the real reason why the glamorous Georgiana, Duchess of Devonshire, became so controversial for campaigning in a 1784 election. Sex scandal also discredited Mary Wollstonecraft, one of the first feminists, after her death. Why do some scandals change politics while others fizzle? Edmund Burke tried to stir up scandal about the British empire in India, but his lurid sexual language led many to think he was insane. A unique blend of the history of sexuality and women's history with political and constitutional history, Scandal opens a revealing new window onto some of the greatest sex scandals of the past. In doing so, it allows us to more fully appreciate the sometimes shocking ways democracy has become what it is today.

Who's Who in Gay and Lesbian History Robert Aldrich, Garry Wotherspoon, 2020-10-07. Who's Who in Gay and Lesbian History: From Antiquity to the Mid Twentieth

Century is a comprehensive and fascinating survey of the key figures in gay and lesbian history from classical times to the mid twentieth century Among those included are Classical heroes Achilles Aeneas Ganymede Literary giants Sappho Christopher Marlowe Arthur Rimbaud Oscar Wilde Royalty and politicians Edward II King James I Horace Walpole Michel de Montaigne Over the course of some 500 entries expert contributors provide a complete and vivid picture of gay and lesbian life in the Western world throughout the ages
