It all started during a family vacation when Richard Wise's life took an unexpected turn. Orphaned by tragedy, he contends with grief and the weight of newfound abilities, gifts that defy the laws of nature. Richard's intelligence, physical strength, and speed surpass human limits, yet his temper remains a tempest he cannot control. Expelled from school because of his aggressive behavior, Richard's adoptive parents seek solace in a quiet Florida town, hoping for a fresh start. But fate has other plans. When Richard crosses paths with Master Chan, a mysterious martial artist and philosopher, his destiny shifts. Under the old master's watchful eye, Richard immerses himself in a world of combat techniques: the fluid grace of Kung Fu, the precision of Karate, and the stealth of Ninjutsu. Yet it is not just physical prowess

that Master Chan imparts he teaches Richard the delicate balance between strength and restraint the essence of true power However Master Chan has a dark secret of his own His life story is a recounting tale of bloodshed vengeance clandestine killings and savage murder Richard s desire to adventure into the world has him joining the Navy Richard s abilities propel him into the skies as a fighter pilot In a desperate dogfight he risks everything to save his best friend narrowly escaping death But the aftermath leaves him scarred both physically and emotionally Disobeying orders he faces expulsion from the military a path that leads him into the shadowy world of the Yakuza Within the criminal underworld Richard discovered that a killer assassin known only as The Dark Shadow killed a dear person in his life His journey becomes a high stakes game of survival where every move could be his last Richard s disagreement with the Yakuza s business causes him to fight for his life In the middle of the action and adventure temptation arrives as a beautiful woman enters his life Would he stay loyal to the love of his life or succumb to desire In the world Richard navigates tangling shadows bring about a constant blend of danger and trust making it difficult to distinguish between the two Will he have the skills to survive a duel to death with the Dark Shadow The answers to this and many others lie in the pages of *Under the Moon s Shadow Richard Wise s Chronicles*

Indigenous Literature of Oceania Nicholas J. Goetzfridt,1995-02-28 Oceania has a rich and growing literary tradition The imaginative literature that emerged in the 1960s often reflected the forms and structures of European literature though the ideas expressed were typically anticolonial After three decades the literature of Oceania has become much more complex in terms of style as well as content and authors write in a multiplicity of styles and voices While the written literature of Oceania is continuously gaining more critical attention questions about the imposition of European literary standards and

values as a further extension of colonialism in the Pacific have become a central issue This book is a detailed survey of the expanding amount of critical and interpretive material written about the imaginative literature of authors from Oceania It focuses on commentary and scholarship concerned with the poetry fiction and drama written in English by indigenous peoples of the Pacific Islands New Zealand and Australia The criticisms have appeared in academic books and journals since the mid 1960s They have developed to the point at which critical issues related to decolonization and the expression of ideas without having to first satisfy foreign expectations often determine the direction of such discussions Entries are grouped in topical chapters and each entry includes an extensive annotation An introductory essay summarizes the evolution of Pacific literature

The Arakmbut--mythology, Spirituality, and History Andrew Gray,1996 The Arakmbut are an indigenous people who live in the Madre de Dios region of the southeastern Peruvian rain forest Since their first encounters with missionaries in the 1950s they have shown resilience and a determination to affirm their identity in the face of many difficulties During the last fifteen years Arakmbut survival has been under threat from a goldrush that has attracted hundreds of colonists onto their territories This trilogy of books traces the ways in which the Arakmbut overcome the dangers that surround them their mythology and cultural strength their social flexibility and their capacity to incorporate non indigenous concepts and activities into their defence strategies Each area is punctuated by the constant presence of the invisible spirit which provides a seamless theme connecting the books to each other Following the Arakmbuts recommendation the author uses their three greatest myths to introduce social cultural and historical aspects of their lives He ends with a discussion of the relationship between myth and history showing how the Arakmbut recreate their myths at the dramatic moments of their history
