Moral Maze A Way Of Exploring Christian Ethics:

Moral Maze David Cook,1990-03 *The Moral Maze* David Cook,1983 **Fundamental Christian Ethics** Daniel Heimbach,2022-11-01 In *Fundamental Christian Ethics* Daniel Heimbach draws from decades of research and scholarship to introduce the field of Christian ethics in a comprehensive manner while showing how it dialogues with modern day ethical topics and issues *The Moral Maze* David Cook,1983 This work examines the main causes of the moral dilemmas in which Christians find themselves **Traditional Christian Ethics** David W. T. Brattston,2014-07-15 Volume One of *Traditional Christian Ethics* describes the terminology discusses popular approaches to ethical decision making today illustrates that the earliest Christians conducted themselves in accordance with a large number of specific moral rules states the method of this set of books for reconstructing the content of early Christian ethics law as attested before the devastating epidemic and mass apostasy of AD 249/251 gives reasons for regarding this as the terminal date and provides a guide to using the lists At a number of points this volume deals with objections to its theses Volume One also furnishes you with complete information as to where you can find and look up the ancient sources cited in translation *Traditional Christian Ethics* will help you solve problems in moral decision making when Scripture is unclear or silent You can solve them through its comprehensive itemized concordances of citations to precepts of Christian ethics from all translated ancient texts Its sources possess unassailable authority that cannot be fabricated and are persuasive among most Christian denominations Preachers and professional scholars will find them invaluable as a starting point in preparing their own sermons books articles and essays on specific points of ethics **The Interaction Between Law and Love in the Pauline Writings** Pandelani Paul,2015-07-16 There are five chapters of this book The first chapter is the overview of the whole book and how the research was going to be conducted It also gives the summary of law and love in the books of Paul The interaction between law and love in Pauline writing has been an interesting topic where we have discovered that the law of God cannot be separated from his agape love which has followed mankind from creation and eventually leads him to eternity We discovered that the law of God reveals God's character and that is his love The law of God and his love are one and cannot be separated from each other God gives the law to prove to man that he loves him deeply and eternally The death of Jesus on the cross was the final crown of the proof of how much we mean to God and the length He can go to redeem us He gave his all for our redemption The plan of salvation is the perfect revelation of law and love in Pauline writings Chapter 1 and 2 looks at law and love and the theology and ethics of law and love The plan of salvation is laid bare and how the Jews missed the mark of spreading the Word to the whole world by holding to God as a Jewish God alone In chapter 3 we discover the difference between the ceremonial law and the Decalogue The ceremonial laws were pointing toward the coming of Jesus and so with his arrival they came to an end because they were pointing to his coming The Decalogue was there and it will continue till the end of time when Jesus will come the second time Chapter 4 is all about love and what it means to God and how he could

not compromise his Decalogue and the meaning of redemption Chapter 5 is the blending of law and love in Pauline writings Keeping the law is not a problem when you love God and you know that God loves you its not difficult to keep the Decalogue because your love supercedes the law When you love someone its easy to follow or keep the law Gods Decalogue is a mirror and love is the crown of our redemption For God so loved the world that he gave His only begotten son to die for man because His law could not be changed Love will lift us up such that doing and keeping Gods law will not be a burden but a pleasure because through Christs death we realize how important we are to God *All Things Reconciled* Christopher D. Marshall,2018-06-12 The modern restorative justice movement perhaps one of the most important social movements of our time was born in a Christian home to Christian parents specifically to Christian peace workers striving to put their faith into action in the public arena The first major book on the subject was written primarily for a church audience and drew deeply on biblical themes and values But as restorative justice has moved into the mainstream of criminological thought and policy the significance of its originating spiritual impulse has been minimized or denied and subsequent theological scholarship has done little to probe the relevance of restorative perspectives for doctrine and discipleship In this collection of essays Christopher D Marshall a biblical scholar and restorative practitioner who has devoted his career to exploring the relationship between the two fields considers how peacemaking Christians can honor the witness and authority of Scripture including its apparently violence endorsing strands as they strive to join in God s great work in Christ of reconciling to himself all things whether on earth or in heaven by making peace through the blood of his cross Col 1 20 *Who Will Care for Grandma?* Brent R. Kelly,2009-01-01 It is amazing to realize that much of the Western medical community is in a love hate relationship with the economics of medicine Quality Adjusted Life Years QALYs is one of the primary methods of guiding many medical decision makers in the allocation of limited medical resources Herein lies the problem of medicine and economics It seems that deciding who will receive limited medical resources is a task filled with moral and ethical difficulties even for those depending on the information obtained from QALY calculations These moral and ethical difficulties are beyond the scope of sound bites that tout the benefits of universal health care affordable insurance or the safety of the free market economy The breadth of the difficulty is found in the widespread disagreement concerning how the health care system should be distributed or fixed since most will agree that there is a problem with distributing medical resources It seemed obvious that some difficult decisions will need to be made that few are both willing and able to make This difficulty is particularly true in decisions about health care allocation and that is where QALYs have been found useful and problematic Limiting medical care for the elderly based upon their age did not occur until the mid twentieth century possibly because the elderly held a unique position of respect in the Western community It is no longer the case that the elderly are given a unique position of respect and dignity Rather it seems that with the increased use of QALY calculations the elderly are in danger of receiving less medical care than they are warranted It is imperative that Christians respond to the ethical implications of

significant models of resource allocation that currently assist decision makers in the allocation process such as QALYs

Good Pastors, Bad Pastors Dela Quampah, 2014-08-20 The emergence of Pentecostalism in Ghana has attracted a massive following and generated institutions that have significantly impacted Christian discourse and national life The movement has produced prominent leaders who have developed exemplary Christian education programs and generated volumes of Christian literature unprecedented in Ghanaian Christianity Nevertheless public opinion often upbraids church leaders for unethical conduct Despite the concern for high moral standards set by Pentecostal church polity and ministerial ethical codes reports of Pentecostal ministerial misconduct appear regularly in the media Although congregation members and perceptive public observers appreciate the constructive moral impact of Pentecostal ministers instances of promiscuity power abuse financial misappropriation and superstition reveal a gap between ethical ideals and practice As this research reveals factors behind unethical ministerial conduct include inadequate training poor accountability and a general low level of ethical reflection Good Pastors Bad Pastors suggests that a multidimensional approach of responsible reportage emphatic moral education appropriate but sympathetic response to moral failure and peer review accountability could help uphold a higher standard of ministerial ethics
