Motherhood In Bondage:

Motherhood in Bondage, 2000 The letters are grouped by theme into sixteen chapters and Sanger wrote an introduction to each chapter In her new foreword for this edition Margaret Marsh describes the controversies surrounding these letters and places them in their historical context BOOK JACKET **Motherhood in Bondage** Margaret Sanger, 1928

Motherhood in Bondage Margaret Sanger, 2017-04-27 During the 1920 s Margaret Sanger received hundreds of thousands of letters many of them written in desperation by women begging for information on how to prevent unwanted pregnancies Five hundred of these letters were compiled into this book **Motherhood in Bondage** Motherhood in Bondage Margaret Sanger, 2000 *Entangled* Ashley Boggan, 2025-05-06 The United Methodist impasse over human sexuality has its roots in two dichotomous ideologies of history and theology This book maps how American Methodists have responded to sexual change since World War II It argues that the current United Methodist impasse over human sexuality has its root in the existence of two dichotomous ideologies of Methodist history and theology one liberal and one evangelical which come to the foreground in discussions of human sexuality It offers evidence about how these ideologies have sought to reconcile their sexual ethic with sexual change since the birth control movement of the 1920s In post WWII America most Methodists upheld a limited notion of family life and sexuality one that allowed for the use of artificial contraception within marriage and for divorce In response to the sexual revolution liberal leaning Methodists upheld a new sexual ethic the new morality which peaked with radical new approaches to sex education a full endorsement of abortion rights and support of the homophile movement However the new morality coincided with an increased presence of and a new voice for evangelical Methodists Charles Keysor and the Good News Movement Evangelical Methodists critiqued the new morality as value neutral and anti Scripture The evangelical desire for a rules based morality solely reliant on Scripture collided with the new morality and led to intense debates over sex education abortion and the inclusion of LGBTQ persons within the United Methodist denomination from the 1970s onward Since 1972 United Methodists have continually debated human sexuality at each General Conference primarily through the advocacy efforts of political caucus groups This author hopes that an historical examination of how Methodists have confronted sexual change will enlighten current conversations about human sexuality

A History of Hope NA NA, 2016-09-27 This book chronicles American history through the stories of the individuals and movements that dreamed of a better future and then took action to make that dream a reality arguing that the much heralded American spirit was not born as a gift of our founding but was forged through our adversity and triumphs From colonial revolutionaries to abolitionists labor organizers to suffragists progressives to civil rights activists it was individuals and movements who dared to go against the American majority that both guarded and created our best national self **The Battle for Birth Control** Jessica L. Furgerson, 2022-03-29 The Battle for Birth Control delves into the complex rhetorical history of the American birth control movement in its formative years In just four decades advocates under the strategic

guidance of Margaret Sanger transitioned the fight for contraception from fringe radical movement to a respectable mainstream cause endorsed by powerful professionals and politicians alike Eschewing their early ideological commitments to obtain widespread acceptance birth controllers adopted a strategy of political accommodation characterized by deferential rhetoric and careful posturing This strategy secured significant victories for the movement but at what cost Informed by a deep commitment to reproductive justice *The Battle for Birth Control* traces the duplicity of the movement's early rhetoric and argues that their accommodationist strategy yielded increased contraceptive access solely because of their willingness to endorse the neoliberal regime of reproductive control largely responsible for the current threats to reproductive autonomy in the 21st century *The Moral Veto* Gene Burns, 2005-04-11 Why have legislative initiatives occurred on such controversial issues as contraception and abortion at times when activist movements had demobilized and the public seemed indifferent Why did the South currently a region where anti abortion sentiment is stronger than in most of the country liberalize its abortion laws in the 1960s at a faster pace than any other region Why have abortion and contraception sometimes been framed as matters of medical practice and at other times as matters of moral significance These are some of the questions addressed in *The Moral Veto Framing Contraception Abortion and Cultural Pluralism in the United States* Based on archival and sociological research and speaking to issues in the study of culture social movements and legal change this 2005 book examines what the history of controversies over such morally charged issues tells us about cultural pluralism in the United States *The Birth Control Review* Margaret Sanger, 1917 **Standard**, 1929 **Mother-Work** Molly Ladd-Taylor, 1994 Mother work defined as women's unpaid work of reproduction and caregiving was the motivation behind women's public activism and maternalist ideology Ladd Taylor emphasizes the connection between mother work and social welfare politics by showing that their mothering experiences led women to become active in the development of public health education and welfare services **The Standard**, 1929 **A Mother's Ideals** Andrea Hofer Proudfoot, 1897 **Psychology**, 1929 **The Yesterday, Today, and Tomorrow of Motherhood** Aurore Dudevant (pseud.), 1920 **The Nation**, 1928 *The Routledge Handbook of Motherhood on Screen* Susan Liddy, Deirdre Flynn, 2025-04-25 *The Routledge Handbook of Motherhood on Screen* offers a comprehensive global analysis of the representation of Mothers and Motherhood in contemporary screen industries and online spaces Over five distinct sections this handbook examines how the complexities and realities of contemporary motherhood are translated to the screen Offering a full scholarly overview of the field this handbook provides a ground breaking and important contribution to our understanding of motherhood on screen The geographical and genre reach of the handbook presents new ways of theorising and reframing current scholarly debate and gives a wide ranging and comprehensive contribution to knowledge of on screen representations An international team of established scholars and emerging voices provide analysis of representations from around the world spanning a breadth of genres The chapters situate transnational screen representations of motherhood in the 21st Century and assess the

implications of contemporary representation of motherhood Thoroughly challenging and expanding understandings of motherhood and mothers this handbook will be an essential multi faceted publication for researchers and students of film TV animation motherhood gender studies feminism ageing studies anthropology and sociology **Lives on the Edge** Valerie Polakow,1994-05-28 *Lives on the Edge* offers a penetrating deeply disturbing look into the other America inhabited by single mothers and their children Its powerful and moving portraits force us to confront the poverty destitution and struggle for survival that await single mothers in one of the richest nations in the world One in five children and one in two single mothers live in destitution today The feminization and infantilization of poverty have made the United States one of the most dangerous democracies for poor mothers and their children to inhabit Why then Valerie Polakow asks is poverty seen as a private affair their problem not ours and how can public policy fail to take responsibility for the consequences of our politics of distribution Searching for an answer Polakow considers the historical and ideological sources for society s attitudes toward single mothers and their children and shows how our dominant images of normal families and motherhood have shaped our perceptions practices and public policies Polakow s account traces the historical legacy of discrimination against the dangerous classes and the undeserving poor a legacy that culminates in the current public hostility towards welfare recipients Polakow moves beyond the cold voice of statistics to take us into the daily lives of single mothers and their children The stories of young black teenage mothers of white single mothers of homeless mothers are presented with clarity and quiet power In a detailed look inside the classroom worlds of their children Polakow explores what life is like if one is very young and poor and consigned to otherness in the landscape of school School is a place that matters it is also a place where children are defined as at risk or at promise Polakow s astute analysis of poor children s pedagogy provides a critical challenge to educators Written by an educator and committed child advocate *Lives on the Edge* draws on social historical feminist and public policy perspectives to develop an informed wide ranging critique of American educational and social policy Polakow s recommendations in the areas of social policy and education point to useful cross cultural models as well as successful small scale programs in place in the United States Yet Polakow constantly reminds us that small facts speak to large issues By providing us with a living sense of the other America she helps us to realize that their America is no other than ours Stark penetrating and unflinching this work challenges our cherished myths of justice and democracy **Sylvia Plath** Linda Wagner-Martin,2013-04-15 This set comprises 40 volumes covering 19th and 20th century European and American authors These volumes will be available as a complete set mini boxed sets by theme or as individual volumes This second set compliments the first 68 volume set of *Critical Heritage* published by Routledge in October 1995 **Mother, Home, and Heaven** George Edward Jelf,1891
