New Color New Work Eighteen Photographic Essays:

New Color/new Work Sally Eauclore, 1984 Guiding *New Color New Work* was the premise that because photography propates images in a quantity and with a speed unknown to any other medium ideas are best realized in an extended series Often the full value or impact of a photographer s work depends upon such a context Accordingly these portfolios provide readers with a perception of the relationship of each image to others produced during the same period and make it possible to include photographs that function well as part of a group but less will in isolation Most important seeing an extensive body of work defuses speculation that single photographs might be the result of serendipity rather than an intentional summation of the photographer s ideas about life and art P 9 Visual Rhetoric Lester C. Olson, Cara A. Finnegan, Diane S.

Schwartz, 2020-02-21 A stunning look at the profound impact of the jet plane on the mid century aesthetic from Disneyland to Life magazine Vanessa R Schwartz engagingly presents the jet plane s power to define a new age at a critical moment in the mid 20th century arguing that the craft s speed and smooth ride allowed people to imagine themselves living in the future Exploring realms as diverse as airport architecture theme park design film and photography Schwartz argues that the jet created an aesthetic that circulated on the ground below Visual and media culture including Eero Saarinen s airports David Bailey s photographs of the jet set and Ernst Haas s experiments in color photojournalism glamorized the imagery of motion Drawing on unprecedented access to the archives of The Walt Disney Studios Schwartz also examines the period s most successful example of fluid motion meeting media culture Disneyland The park s dedication to people moving defined
