## **New Communes Coming Together In America:**

While America Watches Jeffrey Shandler, 1999 In America where mediations have always provided most people with their primary encounter with the Holocaust television has helped transform watching into the morally charged act of witnessing the Holocaust By tracing the course of Holocaust television over the past half century *While America Watches* reveals how Americans have come to embrace this subject as a model for responding to other moral crises from domestic racial strife to ethnic cleansing operations in Bosnia BOOK JACKET

**Stephen Sondheim and the Reinvention of the American Musical** Robert L. McLaughlin, 2016-08-11 From *West Side Story* in 1957 to *Road Show* in 2008 the musicals of Stephen Sondheim 1930-2021 and his collaborators have challenged the conventions of American musical theater and expanded the possibilities of what musical plays can do how they work and what they mean Sondheim's brilliant array of work including such musicals as *Company* *Follies* *Sweeney Todd* *Sunday in the Park with George* and *Into the Woods* established him as the preeminent composer-lyricist of his if not all time Stephen Sondheim and the Reinvention of the American Musical places Sondheim's work in two contexts the exhaustion of the musical play and the postmodernism that by the 1960s deeply influenced all the American arts Sondheim's musicals are central to the transition from the Rodgers and Hammerstein style musical that had dominated Broadway stages for twenty years to a new postmodern musical This new style reclaimed many of the self-aware performative techniques of the 1930s musical comedy to develop its themes of the breakdown of narrative knowledge and the fragmentation of identity In his most recent work Sondheim who was famously mentored by Oscar Hammerstein II stretches toward a twenty-first century musical that seeks to break out of the self-referring web of language Stephen Sondheim and the Reinvention of the American Musical offers close readings of all of Sondheim's musicals and finds in them critiques of the operation of power questioning of conventional systems of knowledge and explorations of contemporary identity
