**The Bureaucratization of the World in the Neoliberal Era** B. Hibou, 2015-05-06 Contemporary bureaucracy is a set of norms, rules, procedures, and formalities which includes administration, business, and NGOs. Where Max Weber meets Michel Foucault, B. Hibou analyzes the political dynamics underlying this process. Neoliberal bureaucracy is a vector of discipline and control, producing social and political indifference.

*Research Methods in Accounting* Professor Malcolm Smith, 2003-04-24 Malcolm Smith's *Research Methods in Accounting* provides a useful addition to the limited number of books on research methods that are addressed specifically to the area of accounting. For students taking DBA degrees in the area, it is probably an ideal companion. The *European Accounting Review* Research in accounting is concerned with solving problems, investigating relationships, and building a body of knowledge. With this in mind, this book will provide a clear and concise overview of the conduct of applied research studies in accounting. It provides the principal building blocks of how to implement research in accounting and related fields. This book provides students with an understanding of contemporary research ideas in accounting so that readers can identify and define research problems and prepare strategies for their solution, an awareness of alternative research methods to facilitate the selection of the most appropriate method for addressing particular research questions, an ability to review existing research and to offer critiques of articles published in refereed journals, an appreciation of the ethical constraints on the conduct of accounting research. This book will be essential for students and academics in the fields of accounting and management.

**The Political Economy of Evaluation in Greece** Panagiotis E. Petrakis, Paraskevi V. Boufounou, Pantelis C. Kostis, 2024-08-19 This contributed volume explores the relationships between politics, economics, and evaluation. With a special focus on Greece, it addresses how evaluations within different sectors impact policymaking and explains what this means for sustainable development. Featuring interdisciplinary perspectives on economic policy evaluation for inclusive and future-forward public policy, the chapters rethink and reform evaluation to meet modern economic challenges. The book outlines the concept and principles of resource allocation in evaluation, offering a framework for economic transformation. It highlights the role of evaluation in achieving sustainable development. It provides a new way to measure the quality of public policy governance and economic policy.

*Accounting and Finance: Understanding and Practice* Neeta Shah, Danny Leiwy, Robert Perks, 2025-02-17 Now in its fifth edition, *Accounting and Finance: Understanding and Practice* has been fully updated to align with the latest International Financial Reporting Standards.
