Rodríguez O., 1997 This clearly written and informative book explores effects of race and culture factors in the US Mexican relations **Publishing Modernist Fiction and Poetry** Lise Jaillant, 2019-02-06 Publishing houses are nearly invisible in modernist studies Looking beyond little magazines and other periodicals this collection highlights the importance of book publishers in the diffusion of modernism It also participates in the transnational turn in modernist studies demonstrating that book publishers created new markets for modernist texts in the United States Europe and the rest of the world **Thomas Merton and James Laughlin** Thomas Merton, James Laughlin, 1997 Cloistered in a remote Kentucky monastery Thomas Merton struggled as a young man to reconcile his preferred contemplative life and his public passion for writing Here is the remarkable development of Thomas Merton monk poet and social critic as documented in nearly 30 years of correspondence with his mentor and publisher James Laughlin

Kennedy-Andrews,2014-08-18 Through discussion of the ways in which major Northern Irish poets such as John Hewitt Seamus Heaney Michael Longley Louis MacNeice and Derek Mahon have been influenced by America this study shows how Northern Irish poetry overflows national borders complicating and enriching itself through cross cultural interaction and hybridity Denise Levertov Audrey T. Rodgers,1993 Through careful analysis of Levertov s social verse she demonstrates that there is a consistency and pattern in what the artist herself has termed the poems of engagement Denise Levertov began her career in England as a lyric poet in the Romantic mode but even then was touched by the reductive nature of war revealed in her first published poem Listening to Distant Guns During the mid 1960s Levertov s social conscience notably her strong antiwar sentiment was reawakened by the Vietnam War This reawakening resulted in several volumes of poetry that mirrored her concerns with the war and political activism at home and her perplexity at the nature of human beings often great and compassionate but at times cruel and insensitive There exists a common thread in Levertov s pilgrimage from her beginning as a lyric poet to her status as an artist definitively in the world she has always responded to everything within the compass of her experience American Beauty Stephen Tapscott,1984 Home to the New York

Yankees the Bronx Zoo and the Grand Concourse the Bronx was at one time a haven for upwardly mobile second generation immigrants eager to leave the crowded tenements of Manhattan in pursuit of the American dream Once hailed as a wonder borough of beautiful homes parks and universities the Bronx became during the 1960s and 1970s a national symbol of urban deterioration Thriving neighborhoods that had long been home to generations of families dissolved under waves of arson crime and housing abandonment turning blocks of apartment buildings into gutted graffiti covered shells and empty trash filled lots In this revealing history of the Bronx Evelyn Gonzalez describes how the once infamous New York City borough underwent one of the most successful and inspiring community revivals in American history From its earliest beginnings as a loose cluster of commuter villages to its current status as a densely populated home for New York s growing and increasingly more diverse African American and Hispanic populations this book shows how the Bronx interacted with and was affected by the rest of New York City as it grew from a small colony on the tip of Manhattan into a sprawling metropolis This is the story of the clattering of elevated subways and the cacophony of crowded neighborhoods the heady optimism of industrial progress and the despair of economic recession and the vibrancy of ethnic cultures and the resilience of local grassroots coalitions crucial to the borough s rejuvenation In recounting the varied and extreme transformations this remarkable community has undergone Evelyn Gonzalez argues that it was not racial discrimination rampant crime postwar liberalism or big government that was to blame for the urban crisis that assailed the Bronx during the late 1960s Rather the decline was inextricably connected to the same kinds of social initiatives economic transactions political decisions and simple human choices that had once been central to the development and vitality of the borough Although the history of the Bronx is unquestionably a success story crime poverty and substandard housing still afflict the community today Yet the process of building and rebuilding carries on and the revitalization of neighborhoods and a resurgence of economic growth continue to offer hope for the future

locates Pound and Williams firmly in the Jeffersonian tradition and examines their epic poems as manifestations of a Jeffersonian ideology in modernist terms The modernist poets William Carlos Williams and Ezra Pound were latter day Jeffersonians whose politics and poetry were strongly marked by the populism of the late 19th century They were sharply aware of the social contradictions of modernization and were committed to a highly politicized often polemical poetry that criticized finance capitalism and its institutions notably banks in the strongest terms Providing a history of the aesthetics of Jeffersonianism and its collision with modernism in the works of Pound and Williams Alec Marsh traces the money question from the republican period through the 1940s Marsh can thus read two modernist epics Pound s Cantos and Williams s Paterson as the poets hoped they would be read as attempts to break the hold of false financial values on the American imagination Marsh argues that Pound s and Williams s similar Jeffersonian outlooks were the direct result of the political battles of the 1890s concerning the meaning of money Although Pound s interest in money and economics is well known few people are aware that both poets were active in the Social Credit monetary reform movement of the 1930s and 1940s a movement shown by Marsh to have direct links to Jeffersonianism via American populism Ultimately the two poets took divergent paths with Pound swerving toward Italian fascism as exemplified in his Jefferson and or Mussolini and Williams becoming deeply influenced by the American pragmatism of John Dewey Thus Marsh concludes Pound embraced the fascist version of state capitalism whereas his old friend proclaimed a pragmatic openness to the new selves engendered by corporate capitalism Money and Modernity exemplifies the best of recent literary criticism in its incorporation of American studies and cultural studies approaches to bring new insight to modern masterworks **Fever Vision** Gene Hayworth,2007 From his birth in rural Kentucky during the Great Depression to his suicide in Manhattan in 1985 Coleman Dowell played many roles He was a songwriter and lyricist for television He was a model He was a Broadway playwright He served in the U S Army both abroad and at home And most notably he was the author of novels that Edmund White among others has called masterpieces But Dowell was deeply troubled by a depression that hung over him his entire life Pegged as both a Southern writer and a gay writer he loathed such categorization preferring to be judged only by his work Fever Vision describes one of the most tormented talented and inventive writers of recent American literature and shows how his eventful life contributed to the making of his incredible art
