New Essays in Religious Naturalism Creighton Peden, Larry E. Axel, 1993 The essays in this volume were selected from those presented at a Conference on American Religious Thought sponsored by the Highlands Institute for American Religious Thought at Highlands North Carolina The Highlands Institute is a community of productive scholars with diverse theological and philosophical perspectives The Institute contributes to the academic study of religion through interpretive critical and constructive reflections whose principal focus is on distinctively American religious thought It fosters broad discussion of relevant options through its sponsorship of conferences seminars workshops and publications The work of the Institute emphasizes 1 the interface between theology and philosophy especially where theological efforts have utilized the American philosophical tradition 2 the history and development of liberal religious thought in America 3 themes pertinent to the Chicago School of theology and 4 naturalism in American theology and philosophy BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved In Face of Reality Thomas A. James, 2011-04-01 This study of the work of noted liberal theologian Gordon Kaufman tracks his career from his first published book *Relativism Knowledge and Faith* 1960 through his 2006 book *Jesus and Creativity* in light of recent conversations about divine action and modern scientific knowledge James interprets Kaufman's mature position as a sophisticated reconstruction of divine activity that makes use of recent scientific theory and its naturalistic assumptions in order to revitalize a theocentric frame of reference rooted in classical theological tradition Though there are costs to be paid in the construction of a theology of radical naturalism particularly with respect to the relation between divine action and the human good Kaufman's program offers a distinctive way forward After developing a critical analysis of the limitations and possibilities of Kaufman's mature position James suggests that a christological reconsideration of the meaning of human flourishing offers the prospect of an even more radically naturalistic and theocentric theology **Beyond the Impasse** Amos Yong, 2014-09-25 No one who cares about a theology that does justice to what the Bible tells us about the cosmic ministry of the Holy Spirit can afford to ignore this important work Amos Yong's book itself displays the robust sense of discernment that he asks all of us to exercise in our engagement with non-Christian religions RICHARD J. MOUW Fuller Theological Seminary Finally a Spirit-based theology of religions that takes the Spirit seriously Drawing on his Pentecostal roots Yong offers guidelines for discerning the voice of the Spirit in other traditions a voice that may call us to unexpected christological conclusions This is truly a pioneering work that opens new theological paths but modestly recognizes that there is still much to explore PAUL F. KNITTER Xavier University Few areas in theology are as complex controversial and urgent as theology of religions Amos Yong has advanced the discussion significantly with his creative and sophisticated proposal for a pneumatological theology of religions While undoubtedly controversial Yong's proposal frames the issues in fresh ways and suggests new options for an evangelical theology of religions Harold Netland Trinity Evangelical Divinity School With scholarly rigor and intellectual acumen Yong's

theology takes seriously and appreciatively the diversity of the work of the universal Spirit in the cultures and religious communities of the world His position is fully evangelical but is richly informed by his Pentecostal roots and context He sets this Pentecostal evangelical theology of religions in the center of the ongoing discussion not only among evangelicals but also in the whole church John B Cobb Jr Claremont School of Theology and Claremont Graduate Schools An insightful theological reflection on the place of world religions within the broader framework of Christian theology Yong provides a theological basis for everyday interaction with members of other religions and an understanding of other religious traditions in the providence of God This is an excellent book that ought to be widely read and discussed Irving Hexham University of Calgary

The Buddha-Christ as the Lord of the True Self Fritz Buri, 1997 This translation of a 1982 volume published in Bern Paul Haupt Verlag by a Swiss theologian with a longstanding interest in dialogue between Buddhism and Christianity features an examination of the Kyoto school of Japanese philosophers who attempted to engage with both Christianity and secular West *Spirit-Word-Community* Amos Yong, 2017-11-22 This title was first published in 2002 How does one go about doing Christian theology Yong explores this question by proposing a pneumatological trinitarian hermeneutic Its thesis is that interpretation and theological method is an ongoing dialogue of Spirit Word Community of interpretive subjects as imaginative obligated and relational agents of the horizons of the interpreter the biblical and ecclesial traditions and the world and of founding historical and ongoing communities of faith and inquiry Ecumenical perspectives on the topics of pneumatology the doctrine of the Spirit metaphysics foundational pneumatology epistemology the pneumatological imagination and trinitarian theology converge in this book to move forward the present discussion of theological method

Analytic Philosophy of Religion Robert G. Wolf, 1998 **The Constructive Theology of Bernard Meland** Tyron Inbody, 1995 This book offers a comprehensive introduction to the thought of Chicago Divinity School theologian Bernard Meland 1871-1993 Tyron Inbody places Meland's theology within the development of the liberal tradition He argues that Meland was a precursor of liberal developments in epistemology especially in his view of how experience language and culture are related Inbody explores the extent to which Meland was both representative and critical of process theology He concludes with an assessment of Meland's contribution to postliberal theology Inbody's work not only sheds light on the work of this important but neglected thinker but is in its own right a contribution to empirical theology theological epistemology process theology and the history of liberal theology in North America *The Radical American Judaism of Mordecai M. Kaplan* Mel Scult, 2013-11-29 An important and powerful work that speaks to Mordecai M Kaplan's position as perhaps the most significant Jewish thinker of the twentieth century Deborah Dash Moore coeditor of *Gender and Jewish History* Mordecai M Kaplan founder of the Jewish Reconstructionist movement is the only rabbi to have been excommunicated by the Orthodox rabbinical establishment in America Kaplan was indeed a radical rejecting such fundamental Jewish beliefs as the concept of the chosen people and a supernatural God Although he valued the Jewish community and was a committed Zionist

his primary concern was the spiritual fulfillment of the individual Drawing on Kaplan's 27 volume diary Mel Scult describes the development of Kaplan's radical theology in dialogue with the thinkers and writers who mattered to him most from Spinoza to Emerson and from Ahad Ha Am and Matthew Arnold to Felix Adler John Dewey and Abraham Joshua Heschel This gracefully argued book with its sensitive insights into the beliefs of a revolutionary Jewish thinker makes a powerful contribution to modern Judaism and to contemporary American religious thought An interesting stimulating and well done analysis of Kaplan's life and thought All students of contemporary Jewish life will benefit from reading this excellent study Jewish Media Review The book is highly readable at times almost colloquial in its language and style and is recommended for anybody with a familiarity with Kaplan but who wants to understand his thought within a broader context AJL Reviews
