Davies, 2008-11-20 This new reference book describes every aspect the English navy in the second half of the seventeenth century from the time when the Fleet Royal was taken into Parliamentary control after the defeat of Charles I until the accession of William and Mary in 1689 when the long period of war with the Dutch came to an end This is a crucial era which witnessed the creation of a permanent naval service in essence the birth of the Royal Navy Every aspect of the navy is covered naval administration ship types and shipbuilding naval recruitment and crews seamanship and gunnery shipboard life dockyards and bases the foreign navies of the period and the three major wars which were fought against the Dutch in the Channel and the North Sea Samuel Pepys whose thirty years of service did so much to replace the ad hoc processes of the past with systems for construction and administration is one of the most significant players and the navy which was by 1690 ready for the 100 years of global struggle with the French owed much to his tireless work This book is destined to become a major work for historians naval enthusiasts and indeed anyone with an interest in this colourful era of the seventeenth century

The Rise of the Cotton Factory in Eighteenth-century Renfrewshire Stuart Nisbet, 2008 A primarily historical account of the rise of Renfrewshire in western Scotland as a major force in the European textile industry

Qualities of Mercy Carolyn Strange, 2011-11-01 *Qualities of Mercy* deals with the history of mercy the remittance of punishments in the criminal law The writers probe the discretionary use of power and inquire how it has been exercised to spare convicted criminals from the full might of the law Drawing on the history of England Canada and Australia in periods when both capital and corporal punishment were still practised they show that contrary to common assumptions the past was not a time of unmitigated terror and they ask what inspired restraint in punishment They conclude that the ability to decide who lived and died through the exercise or denial of mercy reinforced the power structure The essays are an important contribution to current public policy debates If today's move towards unyielding and harsher punishment proceeds including campaigns to reinstate capital punishment mercy alone will fail to neutralize the inequities of criminal justice Only profound
