The Matriarchs of Genesis David J. Zucker, Moshe Reiss, 2015-08-27 Sarah Hagar Rebekah Leah Rachel Bilhah Zilpah These are the Matriarchs of Genesis A people's self understanding is fashioned on their heroes and heroines Sarah Rebekah Leah and Rachel the traditional four Matriarchs are important and powerful people in the book of Genesis Each woman plays her part in her generation She interacts with and advises her husband seeking to achieve both present and future successes for her family These women act decisively at crucial points through their actions and words their family dynamics change irrevocably Unlike their husbands we know little of their unspoken thoughts or actions What the text in Genesis does share shows that these women are perceptive and judicious often seeing the grand scheme with clarity While their stories are told in Genesis in the post biblical world of the Pseudepigrapha their stories are retold in new ways The rabbis also speak of these women and contemporary scholars and feminists continue to explore the Matriarchs in Genesis and later literature Using extensive quotations we present these women through five lenses the Bible Early Extra Biblical Literature Rabbinic Literature Contemporary Scholarship and Feminist Thought In addition we consider Hagar Abraham's second wife and the mother of Ishmael as well as Bilhah and Zilpah Jacob's third and fourth wives **The New Jerusalem Bible** Doubleday Books, 1990-03-12 Translations of the Old and New Testaments are accompanied by detailed historical and theological notes

Lawson,2019-09-10 This book is the culmination of many years spent addressing two questions Why did Christ come when He did And what happened as a result The first question has exercised the minds of countless theologians philosophers and historians those who assume through faith that the Son of God could determine whence He appeared among humans Why during the Roman Empire Why during the reign of Herod the Great or his successor Herod Archelaus Why not centuries earlier or centuries later Why at this particular time two thousand years ago Such answers as have been proposed that He arrived as the Messiah to fulfill God s promise to the Jews that He arrived when the Pax Romana provided the stability and continuity necessary for the spread of Christianity throughout the Mediterranean region that He arrived when humans needed Him most are sufficient if not wholly satisfactory answers to the question One way to approach the question Why did Christ come when He did is to ask the corollary And what happened as a result which provides a host of new possibilities He came to establish the Church He came to replace the Old Testament Law the old covenant with a new covenant He came to inaugurate the Great Commission to spread His Word throughout the world He came to save the world He inaugurated the greatest revolution in thought culture and society the world has ever seen before and since Which one is true What is the answer **The Divine Matrix** Gregg Braden,2010 THE DIVINE MATRIX Are the miracles that we see in the quantum world actually showing us our greatest possibilities rather than our scientific limits Could the spontaneous healing of disease an instant connection with everyone and everything and even time travel be our true heritage in the universe There is a place where all things begin the place of pure energy that simply is In this quantum incubator for reality everything is possible In 1944 Max Planck the father of quantum theory shocked the world by saying that this matrix is where the birth of stars the DNA of life and everything between originates Recent discoveries reveal dramatic evidence that Planck s matrix The Divine Matrix is real It is this missing link in our understanding that provides the container for the universe the bridge between our imagination and our reality and the mirror in our world for what we create in our beliefs To unleash the power of this matrix in our lives we must understand how it works and speak the language that it recognizes For more than 20 years Gregg Braden a former senior aerospace computer systems designer has searched for the understanding to do just that From the remote monasteries of Egypt Peru and Tibet to the forgotten texts that were edited by the early Christian church the secret of the Divine Matrix was left in the coded language of our most cherished traditions It is verified in today s science In this paradigm shattering book Gregg shares what he s found Through 20 keys of conscious creation we re shown how to translate the miracles of our imagination into what is real in our lives With easy to understand science and real life stories Gregg shows us that we re

Ala Di Mma in Umuohiagu Gerald Chukwudi Njoku,2014 Among other relevant issues this book adds new insights to the proposed Igbo Christian rites of reconciliation Towards an inculturation the resolutorial equations of the Igbo cultural method of reconciliation oriko in ala di mma are balanced with the sacrament of reconciliation in operational life of the people who are pastorally concerned In this context the author refers to the Owerri archdiocesan working document on

emume nsacha na ndozi meaning a ritual of purification and peace as well as to the Igbo Christian rite of reconciliation proposed by Augustine Echema The method of these new rites is para liturgical in nature which highlights the importance of reconciliation of human beings with themselves their neighbours and God whenever sin has taken place Paradoxically this new method of reconciliation can broaden ecumenism and strengthens the social cultural political and religious lives of the people In this sense reconciliation can be seen as a natural spiritual cord that ties people to themselves and to God in a communal and Christian environment **Den guddommelige matrix** Gregg Braden,2018-02-26 De gamle
