Organization Theory and Governance for the 21st Century Sandi Parkes Pershing, Eric K. Austin, 2014-08-21 Applying organization theory to public and governance organizations Organization Theory and Governance for the 21st Century presents readers with a conscious and thoughtful awareness of the history and evolving nature of organizations Authors Sandra Parkes Pershing and Eric Austin address emerging theories rarely touched upon in competing titles and take a deeper look into assumed theories to give the student a chance to critically consider the consequences these embedded assumptions have for organizational practice By providing a consistent theoretical grounding and a clear focus on post traditionalist thinking the book gives students the background they need to analyze organizational settings and take effective action in the unique setting of contemporary governance

The Problem with Survey Research George Beam, 2017-09-08 The Problem with Survey Research makes a case against survey research as a primary source of reliable information George Beam argues that all survey research instruments all types of asking including polls face to face interviews and focus groups produce unreliable and potentially inaccurate results Because those who rely on survey research only see answers to questions it is impossible for them or anyone else to evaluate the results They cannot know if the answers correspond to respondents actual behaviors objective phenomena or to their true beliefs and opinions subjective phenomena Reliable information can only be acquired by observation experimentation multiple sources of data formal model building and testing document analysis and comparison In fifteen chapters divided into six parts Ubiquity of Survey Research The Problem Asking Instruments Asking Settings Askers and Proper Methods and Research Designs The Problem with Survey Research demonstrates how asking instruments settings in which asking and answering take place and survey researchers themselves skew results and thereby make answers unreliable The last two chapters and appendices examine observation other methods of data collection and research designs that may produce accurate or correct information and shows how reliance on survey research can be overcome and must be

Responses to Governance John C. Dixon, 2003-04-30 Dixon and his colleagues provide a behaviorist perspective on governance Their concern is with the governed s responses to those who seek to govern them their governors and the counter responses that they induce from the governors They take as axiomatic that the governed are not a homogenized and amorphous them in the them us dichotomy reduced to what Carlyle called a dead logic formula thereby for the purpose of this analysis leave begging all the relevant questions The governed are not a disembodied abstraction they are an aggregate of men and women of flesh and blood In a corporation they are corporate directors whose governors are those who own or perhaps have a stake in that corporation corporate managers whose governors are the corporate directors corporate employees whose governors are the corporate managers In a society they are individuals or groups of individuals perhaps in corporations located within its jurisdiction whose governors are the members of societal political and administrative elites At the global level they are individuals or

groups of individuals in countries and corporations within the jurisdiction of international governmental organizations and international regimes whose governors are those who seek to control those global governance mechanisms Whether the governed s response to their governors processs is one of compliance or antagonism and how the governors response to any antagoism has implications for governance capacity good governance and governability A provocative study that will be of interest to students and scholars of political theory international relations and management and organizational theory as well as those who are concerned with issues of goverance at all levels corporate societal and global
