New Lesbian Criticism Literary And Cultural Readings:

New Lesbian Criticism Sally Munt, 1992 The 1990s has seen the growing consolidation of lesbian and gay studies as a key area of cultural theory particularly in relation to ideas about the construction of subjectivity and identity Lesbian theory specifically intersects with feminism and sexuality identity politics to critique both gender and heterosexuality while developments in lesbian criticism suggest a move towards a new textual practice This volume explores whether there can be a specific lesbian aesthetic juxtaposed against reading as a woman or as a heterosexual Contributors both explore the uses of recent theories such as post structuralism and offer a lesbian critique of such methodologies Close readings of contemporary lesbian fiction and popular culture focus on works such as *Zami* *Oranges Are Not the Only Fruit* *The Wanderground* and *Desert of the Heart* as well as on lesbian pornography Together the essays point to lesbian culture's ability to create new meanings for itself and to foreground the intertextuality of lesbian identities This important book which includes a reassessment of lesbian literary criticism by Bonnie Zimmerman contributes to a new and growing field of critical theory

Jeanette Winterson's Narratives of Desire Shareena Z. Hamzah-Osbourne, 2021-05-06 Putting forward a new theory of fetishism alternative fetishism this book provides an up to date examination of the work of Jeanette Winterson offering fresh perspectives and new insights on the topics of gender sexuality and identity in her writing Combining contemporary theories in psychoanalytical and cultural studies it proposes that a rethinking of fetishism allows Winterson's works to be brought into sharper critical focus by repositioning fetishism as a daily practice in society In so doing it argues that Winterson's work challenges orthodox normative and contemporary views of fetishism to reveal her own alternative version Containing the transcript of an email Q A with Winterson herself and covering the majority of Winterson's oeuvre from her first novel *Oranges Are Not the Only Fruit* 1985 up to the most recent *Frankissstein* 2019 the book is divided into three main chapters that each discuss a particular theme in Winterson's fiction bodily fetishism food fetishism and sexual fetishism While the book's focus is on Winterson the theoretical framework it proposes can be applied to other authors and disciplines in the Arts and Humanities such as theatre and film offering new ways of thinking about topics such as fetishism feminism psychoanalytical theory postmodernism gender and sexuality

Un/Popular Culture Kathleen Martindale, 1997-03-13 Offers a lucidly written analysis of the complex and provocative terrain of lesbian literary and cultural theory

Mulattas and Mestizas Suzanne Bost, 2010-02-25 In this broadly conceived exploration of how people represent identity in the Americas Suzanne Bost argues that mixture has been central to the definition of race in the United States Mexico and the Caribbean since the nineteenth century Her study is particularly relevant in an era that promotes mixed race musicians actors sports heroes and supermodels as icons of a new America Bost challenges the popular media's notion that a new millennium has ushered in a radical transformation of American ethnicity in fact this paradigm of the changing face of America extends throughout American history Working from literary and historical accounts of mulattas mestizas and creoles Bost analyzes a

tradition dating from the nineteenth century of theorizing identity in terms of racial and sexual mixture By examining racial politics in Mexico and the United States racially mixed female characters in Anglo American African American and Latina narratives and ideas of mixture in the Caribbean she ultimately reveals how the fascination with mixture often corresponds to racial segregation sciences of purity and white supremacy The racism at the foundation of many nineteenth century writings encourages Bost to examine more closely the subtexts of contemporary writings on the browning of America Original and ambitious in scope Mulattas and Mestizas measures contemporary representations of mixed race identity in the United States against the history of mixed race identity in the Americas It warns us to be cautious of the current millennial celebration of mixture in popular culture and identity studies which may contrary to all appearances mask persistent racism and nostalgia for purity

Going the Distance David R. Jarraway, 2003-01-01 This bold new theoretical study explores dissident subjectivity that is the struggle for unique authorial identity in American literary discourse that has existed according to David Jarraway since the Romantics From Emerson's Experience remarking upon the focal distance within the actual horizon of human life to Toni Morrison's Nobel Prize address sanctifying the artist's sophisticated privileged space American literature has continuously recognized a necessary distance the gap between culturally accepted ideas of selfhood and the intractable reality of the self's never completed construction in time Jarraway's fascinating examination of modernist poets shows that engaging with this artistic space or going the distance empowers writers and their readers to create and perceive identities that resist the frozen certainties of conventional gender sexual and social roles Employing this theory with grace and precision Jarraway ranges through the dissident process in Gertrude Stein the cultural criticism of William Carlos Williams the deferred racialism of Langston Hughes the queer perversities of Frank O'Hara and the spectral lesbian poetics of Elizabeth Bishop Bolstered further by insights from the pragmatism of William James through the cultural critique of Theodor Adorno to the queer theory of Judith Butler the author challenges his audience with politically engaged insistence on the life affirming potentialities of human subjectivity in literature His passionate conclusion demonstrates the liberating fluidity of self made possible by feminist chartings of modern identity's depths Lucidly composed theoretically sophisticated and up to the minute *Going the Distance* painstakingly recovers the dissident American subjective in modernist literary discourse within its fullest cultural context Jarraway's readings are a major contribution to poetry scholarship and to cultural studies that will provoke further investigations into the history of subjectivity in American literature as a whole

Freedom to Differ Diane Helene Miller, 1998-08-01 Many of us have grown up with the language of civil rights yet rarely consider how the construction of civil rights claims affects those who are trying to attain them Diane Miller examines arguments lesbians and gay men make for civil rights revealing the ways these arguments are both progressive in terms of helping to win court cases seeking basic human rights and limiting in terms of framing representations of gay men and lesbians Miller incorporates case studies of lesbians in the military and in politics into her argument She discusses in detail the experiences

of Colonel Margarethe Cammermeyer who was dishonorably discharged from the National Guard after 27 years of service when she revealed that she was a lesbian and Roberta Achtenberg who was nominated by Clinton for the job of Assistant Director of Housing and Urban Development and became the first gay or lesbian to face the confirmation process Drawing on these cases and their outcomes Miller evaluates the advantages and disadvantages of privileging civil rights strategies in the struggle for gay and lesbian rights

Over the Rainbow Michelle Ann Abate,Kenneth B. Kidd,2011

Significant essays on LGBTQ topics in children's literature *The Ashgate Research Companion to Queer Theory* Noreen Giffney, Michael O'Rourke, 2016-03-23 This interdisciplinary volume of thirty original essays engages with four key concerns of queer theoretical work: identity, discourse, normativity, and relationality. The terms queer and theory are put under interrogation by a combination of distinguished and emerging scholars from a wide range of international locations in an effort to map the relations and disjunctions between them. These contributors are especially attendant to the many theoretical discourses intersecting with queer theory, including feminist theory, LGBT studies, postcolonial theory, psychoanalysis, disability studies, Marxism, poststructuralism, critical race studies, and posthumanism, to name a few. This Companion provides an up-to-the-minute snapshot of queer scholarship from the past two decades and identifies many current directions queer theorizing is taking while also signposting several fruitful avenues for future research. This book is both an invaluable and authoritative resource for scholars and an indispensable teaching tool for use in the classroom.
