Watkins,2019-09-30 We are living in the last days as described in the Bible We are constantly surrounded by threats of war There are starving people throughout the world Across the globe Christians are being murdered and tortured for their faith Devastation from natural disasters seems to be becoming more commonplace and less shocking These are the days before the end times During the tribulation Christians will be tested like never before God wants us to be able to survive both physically and spiritually

Millennial Ranger Spiritual Survival while Surviving examines both end times prophecy and how to survive by implementing an adapted version of the US military's survival plan. This is not just a book about how to build fires and find food. This is a book about finding yourself in Christ and being able to do the will of God. Your mission is to harvest souls for Christ. Survival will not matter if you do not accept Jesus into your life and repent of your sins. For the wages of sin is death, but the gift of God is eternal life in Christ Jesus our Lord. Romans 6:23

A Catholic Engagement with Latter-day Saints Francis Beckwith, Richard Sherlock, 2024-12-09. In this unique work, a collection of Catholic scholars address several theological topics about which Latter-day Saints and Catholics hold contrary beliefs: the Great Apostasy, the papacy, the Eucharist, the Trinity, the Incarnation, the nature of God, justification, sainthood, liturgy, and deification. The contributors, some of whom are converts to Catholicism from Mormonism, offer a respectful though critical analysis of the beliefs of the Church of Jesus Christ of Latter-day Saints. Catholics have done very little thinking about or interaction with Latter-day Saint theological beliefs. The Catholic Church has focused virtually all its ecumenical efforts on the ecclesial communities that arose from the Reformation: the Orthodox Churches and Judaism. Left out of these discussions has been the LDS church, even though by 2016 it had grown to nearly sixteen million members internationally from its modest beginnings in 1830. This work examines the LDS faith as an important and serious challenge to the Catholic narrative of the origin and development of the gospel of Jesus Christ. Absent the ad hominem attacks and lurid historical details that are often found in popular Christian assessments of the LDS church, this book is intended by its editors to lead to further dialogue and better understanding.

Demolishing Supposed Bible Contradictions Ken Ham, 2010. A bold defense of the accuracy of scripture. Ken Ham leads a powerful team of contributors in providing core truths to refute claims regarding biblical inaccuracies.

Is God Still Coming? Shion O'Connor, 2022-07-19. There are worldwide concerns that the planet is on the brink of extinction, but just how close are we to the end? Is there a prophetic significance of Brexit, for example? What about climate change? Since the earth was created thousands of years ago, why was there no concern of a global extinction before now? What is it about now that worries climatologists and meteorologists and for that matter, epidemiologists and virologists? Is there a prophetic significance in the timing of the Covid-19 pandemic or the rise in global social unrests like BLM? Did the Bible prophets foresee the rise of Silicon Valley, the explosion of Artificial Intelligence, or the break-neck speed in information technology? If so, what is their prophetic utility in decoding the timetable?
