Religion Democracy In Latin America

Charles S. Liebman

Religion Democracy In Latin America:

Religion and Democracy in Latin America William H. Swatos, Drawn from the pages of Sociological Analysis Sociology of Religion this collection of original essays demonstrates the complexity of the religious structure of Latin America discussing interactions among Protestant and Roman Catholic religious movements and democratic as well as antidemocratic political agendas Evangelical Christianity and Democracy in Latin America Paul Freston, 2008-04-11 This series offers a comparative perspective on a critical issue the often combustible interaction of resurgent religion and the developing world's unstable politics This volume considers the case of Latin America where evangelical Protestantism is increasingly challenging the historical Catholic hegemony **Religion and Democracy in Latin America** William H. Swatos, 1995 Drawn from the pages of Sociological Analysis Sociology of Religion this collection of original essays demonstrates the complexity of the religious structure of Latin America discussing interactions among Protestant and Roman Catholic religious movements and democratic as well as antidemocratic political agendas Politics, Religion, and Society in Latin America Daniel H. Levine, 2012 Long assumed to be an unchanging and unquestioned bulwark of established power and privilege religion in Latin America has diversified and flourished while taking on new social and political roles in more open societies How did this change occur Why did churches in the region embrace new ideas about rights sponsor social movements and become advocates for democracy Are further changes on the horizon Daniel Levine explores these issues uniquely situating the Latin American experience in a rich theoretical and comparative context **The Church, Dictatorships, and Democracy in Latin America** Jeffrey Klaiber, 2009-09-01 No book in any language equals *The Church Dictatorships and Democracy in Latin America* for its comparative breadth Historians social scientists and general readers will cull from it the conditions needed for the church to play a positive and creative role in furthering human rights and democracy John A Coleman SJ Loyola Marymount University Jeffrey Klaiber's book offers a wonderfully informative history of the Church's role in Latin American struggles to defend human rights and achieve democracy Anyone who has followed with concern and interest these recent struggles from military dictatorships in Brazil and Chile through the violent conflicts in Central America to the most recent struggles in Chiapas Mexico will find this remarkably comprehensive study of eleven different nations an invaluable text Arthur F McGovern SJ University of Detroit This volume provides readers with the first comprehensive view of the church during a defining period of Latin American history This is an invaluable study by a longtime and astute observer Edward L Cleary OP Providence College A compelling account of the role of the church during the dictatorships and internal wars in eleven countries of Latin America by an eminent historian Gerald H Anderson Director of Overseas Ministries Study Center Religion, Democracy and Democratization Dr. John Anderson, John Anderson, 2006 This work previously published as a special issue of the journal *Democratization* brings together essays that offer theoretical and empirical insights into the relationship between religion and democracy *Religious Pluralism, Democracy, and the Catholic Church in Latin America*

Frances Hagopian, 2009 The essays in this volume assess the ways in which the Catholic Church in Latin America is dealing with these political religious and social changes *Religion, Democracy and Democratization* John Anderson, 2013-09-13 A new exploration of the troubled relationship between religion and democracy focusing in on two key questions how has religion engaged with the democratization processes that have taken place over the last thirty years how can it contribute towards democracy in the future These questions are tackled with clarity and rigour Select chapters explore the ways in which religious ideas have been used to undermine authoritarian regimes and how religious institutions have provided the basis for resistance to such regimes The reader is This book was previously published as a special issue of the leading journal Democratization Religion and Politics in Latin America Edward A. Lynch, 1991-04-30 What drives religious people to act in politics In Latin America as in the Middle East religious belief is a primary motivating factor for politically active citizens Edward Lynch questions the frequent pitfall of Latin American scholarship categorizing religious belief as a veil for another interest or as a purview just of churchmen thereby ignoring its hold over lay people Challenging this traditional view Lynch concludes that religious motivations are important in their own right and raises important questions about the relationship between religion and politics in Latin America Looking at the two most important Catholic lay movements Liberation Theology and Christian Democracy Lynch uses Nicaragua and Venezuela as case studies of how religious philosophy has fared when vested with political power This timely study describes the motivations driving many important political actors Divided into two parts Ideologies In Theory and Ideologies In Practice this volume features a discussion of the theoretical background of two Catholic philosophies Using Nicaragua and Venezuela as case studies Lynch finds that Liberation Theology and Christian Democracy are not as different as many scholars think in fact there are many parallels He concludes that both philosophies face their strongest challenge from a revitalized orthodox Catholic social doctrine *Religious Pluralism, Democracy, and the Catholic Church in Latin America* Frances Hagopian, 2022-09-30 The essays in this volume assess the ways in which the Catholic Church in Latin America is dealing with these political religious and social changes

Latin America's Neo-Reformation Eric Patterson, 2013-10-11 The purpose of this study is to focus on the intersection of religion and politics Do different religions result in different politics More specifically are there significant contrasts between the political attitudes and behavior of Catholics and Protestants in Latin America **Religion and the Global Politics of Human Rights** Thomas Banchoff, Robert Wuthnow, 2011-05-04 Are human rights universal or the product of specific cultures The contributors to this volume address this and many other questions as they examine through a bottom up approach the interaction of human rights and religion in practice and the challenges they pose for national and international policymakers Religion and Democracy Carsten Ankar, 2021-11-29 This fully updated new edition empirically assesses the relationship between religion and democracy looking at global regional and individual countries perspectives Using a wide range of quantitative data the author tests the validity of Huntington s claim that democracy and religion are tightly

connected and that western Christianity is the only religion capable of supporting democratic institutions He evaluates both the broader assumptions that the introduction and the stability of a democratic form of government is dependent on the dominating religion in the country at the macro level and the suggestion that at the individual level religious adherence is related to pro democratic values Examining religions including Christianity Islam Buddhism Hinduism Chinese folk religion and Judaism this book demonstrates that geographical and political contexts are more important than religious affiliation for explaining levels of and attitudes towards democracy As well as offering a broad empirical picture of the relationship between religion and democracy this new edition delves deeper into the religion state nexus focusing particularly on events that have taken place during the last decade The author explores how religion is used instrumentally by political leaders in different parts of the world He also discusses the extent to which religious minorities are under increasing pressure in secularized environments prospects for democracy in the MENA region a decade after the Arab Spring the growing influence of evangelical Christianity in Latin America and how increasing levels of religious conflict in Asia and the Pacific as well as in Sub Saharan Africa pose a threat to the emergence and survival of democracy This book will be of great interest to students academics and researchers within the field of comparative politics as well as journalists and various theological associations

The ^AOxford Handbook of Latin American Christianity David Thomas Orique,Susan Fitzpatrick-Behrens,Virginia Garrard,2020-03-23 Latin America where 90% of the population is Christian and where nearly 40% of the world s Catholics reside has its own unique brand of Christianity The Oxford Handbook of Latin American Christianity offers a survey of Latin American Christianity from thirty three leading scholars The volume systematically introduces and examines dramatic shifts in Catholic and Protestant Christianity over the course of several centuries Its four sections explore the emergence of colonial Christianity its institutional and popular evolution and its dynamic role the region s contemporary developments

Religion and Politics: New Developments Worldwide Roy C. Amore,2019-09-17 Religion and Politics New Developments Worldwide features ten articles about recent developments in the interaction of Religion and Politics in various countries of Asia Africa Europe and both North and South America Most articles focus on one country and including China South Korea India Nigeria Malaysia France and Cuba Others address issues across regions such as Latin America Southeast Asia or the Middle East The fifteen contributors are scholars from diverse disciplines as well as diverse regions of Asia Europe Africa and the Americas Subjects include the Indian government s favoritism for Hinduism over rival religions the way the Sikhs of India avoid the religion politics divide the way the Western media fails to fully understand the Chinese government s policies on religious minorities the aftermath of the Charlie Hebdo demonstrations in France religious attitudes toward tax politics in South Korea as well as among Christians compared to Muslims how to lessen the radicalization of Muslims in Southeast Asia whether Nigeria should encourage its Muslims to be active in the Organisation of Islamic Cooperation the spiritual role played by the permaculture movement in Cuba and how the former tendency of scholars to polarize religion and politics is no

longer viable especially in Latin America *Islam, Gender, and Democracy in Comparative Perspective* Jocelyne Cesari, José Casanova, 2017 This collection reframes the debate around Islam and women's rights within a broader comparative literature that examines the complex and contingent historical relationships between religion secularism democracy law and gender equality **Religion, Democracy and Israeli Society** Charles S. Liebman, 2012-11-12 First Published in 1997 The essays in this volume are revisions in some cases substantial to the 1995 Sherman Lectures which the author delivered at SOAS the School of Oriental and African Studies of the University of London **The Resilience of the Latin American Right** Juan Pablo Luna, Cristóbal Rovira Kaltwasser, 2014-09 Students and scholars of both Latin American politics and comparative politics will find *The Resilience of the Latin American Right* of vital interest **Latin America's Neo-Reformation** Eric Patterson, 2013-10-11 The purpose of this study is to focus on the intersection of religion and politics Do different religions result in different politics More specifically are there significant contrasts between the political attitudes and behavior of Catholics and Protestants in Latin America *Democratic Latin America* Craig L. Arceneaux, 2020-10-26 The third edition of *Democratic Latin America* retains its classic institutional approach to understand contemporary Latin American politics Each chapter focuses on a different institution and compares how they are constructed differently across countries Placing a premium on accessibility the chapters open with a story and end with a detailed country case study making use of contemporary examples to feed student interest in current events with comparison based tables and box features interspersed throughout to stimulate analysis Every chapter finishes with a set of questions and recommended readings This approach allows for a very practical approach to politics that encourages critical analysis Updates to this new edition include updated comparison based tables and box features to stimulate analysis new Country in the Spotlight to include developments unique to each country and discussions on political change in Cuba indigenous peoples and political power neopopulism impeachment procedures transitional justice the 2019 protests the new militarism the mobilization of women against violence LGBT rights the evangelical movement and the Colombian peace process A clear eyed look at political institutions to provide a roadmap to the political activity in a country *Democratic Latin America* continues to offer an original way of teaching and learning about Latin American politics
