Religion In Exile A Spiritual Vision For The Homeward Bound:

Religion in Exile Diarmuid Ó Murchú, 2000 This volume follows on from Diarmuid O Murchu's earlier work *Reclaiming Spirituality*. He continues to offer insights into the changing and evolving spiritual awareness of our time, one that is rapidly outgrowing the time-honoured but exhausted vision of formal religion. [International Handbook of the Religious, Moral and Spiritual Dimensions in Education](#) Marian de Souza, Gloria Durka, Kathleen Engebretson, Robert Jackson, Andrew McGrady, 2007-06-04 Traditionally spirituality has resided and been contained within religious frameworks but while the links between the two areas are still acknowledged by many in the contemporary world spirituality is perceived by some as an aspect of human life that is distinct from religion. Consequently many are searching for meaning within and without religious traditions today and seeking answers to ethical and moral questions that have been generated by the knowledge and technological explosion. One outcome is the renewed interest in the religious, spiritual and moral dimensions of education throughout the life cycle. This *International Handbook* presents the research and professional practice of scholars who are daily engaged in the consideration of these dimensions in education. The result is a collection of essays which reflects the discipline in all of its internationality as it is today. Embedded within the chapters is also an agenda for the future where the religious, moral and spiritual dimensions in education are proposed as an exciting and challenging way forward for educators at all levels in society. As well, it offers a vision for the emergence of a peaceful and just world. [Popular Spiritualities](#) Lynne Hume, 2018-05-08 In our contemporary post-modern world popular forms of spirituality are increasingly engaging with notions of re-enchantment of self and community. Not only are narratives of re-enchantment appearing in popular culture at the personal and spiritual level but also they are often accompanied by a pragmatic approach that calls for political activism and the desire to change the world to incorporate these new ideas. Drawing on case studies of particular groups including pagans, witches, radical faeries, post-modern tourists and queer and goddess groups, contributors from Australia, the UK and North America discuss various forms of spirituality and how they contribute to self-knowledge, identity and community life. The book documents an emerging engagement between new quasi-religious groups and political action, eco-paganism, post-colonial youth culture and alternative health movements to explore how social change emerges. **Convergent Knowing** Simon Appolloni, 2018-11-16 A compelling exploration of a new epistemic framework for Christian ethical thinking. **The Religious Life of Dress** Lynne Hume, 2013-10-24 From clothing to the painted and scarified nude body through overt public display or esoteric symbols known only to the initiated, dress can convey information about beliefs, faith, identity, power, agency, resistance and fashion. Taking a senses approach, Hume's engaging account takes into consideration the look, smell, feel, touch and sound of religious apparel, the smells and bells of dress and its accoutrements as well as the emotions evoked by donning religious garb. The book's global perspective provides wide-ranging yet detailed coverage of religious dress from the history and meaning of the simple no-frills attire of the Anabaptists to the power structure displayed in the elaborate fabrics and

colours of the Roman Catholic Church Hume examines the 2 500 year old tradition of Buddhist robes the nudity of India s holy men and much more With chapters on Sufism Vodou modern Pagans as well as painted and tattooed indigenous and modern Western bodies the reader is swept along on a sensual journey of the sight sound smell and feel of wearing religion Unique in its field this intriguing and informative anthropological approach to the body and dress is an essential read for students of Anthropology Anthropology of Dress Sociology Fashion and Textiles Culture and Dress Body and Culture and Cultural Studies

Christian Life and Practice Owen C. Thomas, 2009-01-01 This book is a study of the Christian life and the practice of Christians and the church from an Anglican perspective It begins with an analysis and explication of the structure and process of the Christian life before God in the church and the world involving a five fold rule of life and the relation of this to spiritual direction This is followed by an analysis and critique of the current spirituality movement which arose in the 1970s and which has come to dominate and mislead the churches A sequel to the latter explains the origin of the spirituality movement in the current Romantic movement that arose in the 1960s and has influenced all aspects of our culture with ambiguous results Next there is a critique of contemporary parish ministry as practiced in residential parishes that at best ministers only to the private lives of its members followed by a fictional story of such a residential parish that suggests a new departure in parish ministry Then there is a critique of preaching in the Episcopal Church that is generally considered to be poor and a proposal of a way to overcome this The concluding three chapters treat a fundamental problem in our approach to private prayer and a way to resolve this a proposal for a way to overcome the current impasse in the Anglican Communion concerning homosexuality and a meditation on the responsibility of Christians in public life

The Subjective Eye Richard Valantasis, Deborah J. Haynes, James D. Smith, Janet F. Carlson, 2006-05-15 One of the great joys of the academic life is to pay homage in a Festschrift to a scholar who has influenced both colleagues and students over years of interaction and friendship both professional and personal This volume honors a scholar and theologian of historical theology a theorist and a practitioner of religion and the arts and a keen analyst of cultural trends both ancient and modern Margaret R Miles s prodigious production as a scholar has legendary qualities Her dozen plus books alone explore history patristics ancient philosophy art and art history spiritual formation and religious

practice critical theory film ethics and values personal growth gender and women s studies as well as her true academic loves Augustine and Plotinus The breadth and depth of her own work and her influence upon others demands an expansive volume which the editors of this Festschrift unfortunately had to restrict to four categories Historical Theology Religion and Culture Religion and Gender and Religion and the Visual Arts in order to capture the heart of our appreciation for her from the Introduction

Cosmic Prayer and Guided Transformation Robert Govaerts, 2012-08-29 This book presents a realistic and thoroughly spiritual outlook upon the entire created reality It lets us envisage that various created entities are participant in a relationship with God that becomes increasingly one of an intimate personal quality that is a relationship of love It thus invites discernment that the universal reality is valuable in its own right and not only as a good for the use of humanity Drawing mainly upon Scripture ancient writers especially Maximus the Confessor as well as contemporary natural sciences this book encourages the reader to perceive human salvation not as a lifting of humanity out of creation but as a transformation into God s presence in the midst of the wider created order It shows that Christian faith at its best does not exclude the wider creation but provides us with insight and hope for a harmonious being in God that is inclusive of creation It shows that Christian faith can be a resource that helps overcome the ecological crisis

Religions, espiritualitat i valors Francesc Torralba Rosselló, 2021-03-19 La crisi de transmissió de valors característica de les societats postmodernes ha comportat la irrupció d una generació de ciutadans que desconeixen l univers religiós dels seus avantpassats els seus mites i els seus símbols cosa que ha provocat l eclipsi de valors

que en el passat estaven arrelats en l'imaginari col·lectiu Paral·lelament la hiperactivitat de la societat d'avui ha comportat una impressió d'acceleració i de saturació mental i emocional Així ha desvetllat una fam d'espiritualitat la necessitat d'aturar-se i meditar els valors que mouen la pròpia existència i ha fet créixer l'interès en molts religiosos sapiencials i espirituals molt allunyats de la tradició occidental En una societat on cadascú es fabrica la seva biografia de bricolatge el ciutadà apropa a les tradicions religioses fent-se seu all que considera que li pot ser beneficiós per al seu desenvolupament vital Francesc Torralba relata el naixement d'aquesta nova espiritualitat laica i es planteja si obrir la porta a descobrir nous valors i a recuperar-ne d'antics

Jesus hoje Albert Nolan, 2012-11-30 O autor na primeira parte analisa a fome de espiritualidade que se vive em nosso tempo e a interpreta como verdadeiro sinal dos tempos Mostra depois na segunda parte como o perfil que chegou até nós de Jesus o revela como iniciador de um movimento que contrasta com o clima religioso reinante na sua época dando origem a uma espiritualidade de redirecionamento do mundo abrangendo toda a vida desde a cura até a plena realização do ser humano e a realização de um mundo de justiça e de paz Na terceira parte insiste na importância central para Jesus da transformação pessoal em vista da comunhão perfeita com Deus de que trata na quarta e última parte Traz a ampla bibliografia em inglês

Pilgrimage as Moral and Aesthetic Formation in Augustine's Thought Sarah Stewart-Kroeker, 2017-07-26 Augustine's dominant image for the human life is peregrinatio which signifies at once a journey to the homeland a pilgrimage and the condition of exile from the homeland For Augustine all human beings are in the earthly life exiles from their true homeland heaven Some but not all become pilgrims seeking a way back to the heavenly homeland a return mediated by the incarnate Christ Becoming a pilgrim begins with attraction to beauty The return journey therefore involves formation both moral and aesthetic in loving rightly This image has occasioned a lot of angst in ethical thought in the last century Augustine's vision of Christian life as a pilgrimage his critics allege casts a pall of gloom and longing over this life in favor of happiness in the next Augustine's eschatological orientation robs the world of beauty and ethics of urgency In *Pilgrimage as Moral and Aesthetic Formation in Augustine's Thought* Sarah Stewart-Kroeker responds to Augustine's critics by elaborating the Christological continuity between the earthly journey and the eschatological home Through this cohesive account of pilgrimage as a journey toward the right ordering of the desire for beauty and love for God and neighbour Stewart-Kroeker reveals the integrity of Augustine's vision of moral and aesthetic vision From the human desire for beauty to the embodied practice of Christian sacraments Stewart-Kroeker develops an account of the relationship between beauty and morality as the linchpin of an Augustinian moral theology
