Religion For Our Time:

Christian Foundations Kathleen R. Fischer, Thomas N. Hart, 1995 I found myself praying from Christian Foundations in new ways Of course like most academics I had heard it all before But I haven't not this way at least It was truly an experience of talking to God while thinking about God not a bad way to do theology Needless to say I will use it with my undergraduates Dr Thomas Groome Boston College A Religion for Our Time Louis Évely, 1968 **Religion in Our Times** Gaius Glenn Atkins, 1932 **The Complete Works of Count Tolstoy** graf Leo Tolstoy, 1904 The Complete Works of Leo Tolstoy: Novels, Short Stories, Plays, Memoirs, Letters & Essays on Art, Religion and Politics Leo Tolstoy, 2024-01-11 The Complete Works of Leo Tolstoy is an expansive collection that encapsulates the literary genius of one of the greatest novelists in history This anthology includes a rich tapestry of Tolstoy's novels short stories plays memoirs and profound essays that explore the human condition morality art and spirituality Recognized for his intricate narrative style and philosophical depth Tolstoy's works are imbued with a meticulous realism that reflects the social and political contexts of 19th century Russia challenging readers to confront ethical dilemmas and existential questions Leo Tolstoy a pivotal figure in literature and a moral thinker experienced profound personal transformations throughout his life leading to his exploration of faith pacifism and social justice His extensive travels and engagement with diverse cultures informed his worldview enabling him to address universal themes of suffering love and redemption These themes are interwoven throughout his writings providing insight into his evolution from aristocratic life to a profound expression of humanitarian ideals Readers are invited to delve into this remarkable compendium to embrace the enduring power of Tolstoy's thought provoking narratives Whether exploring the moral complexities in *War and Peace* or reflecting on the intimate struggles in his short stories this collection is indispensable for those seeking to understand the intricate dynamics of human nature and the philosophical underpinnings of modern society Twentieth Century Theories of Art James M. Thompson, 1990-01-15 This ambitious volume provides a general introduction to the major approaches in this century to art theory and criticism from the Expression Theory to Poststructuralism For readers with little or no background clearly written introductions are provided The writings collected here are by leaders in each area such as Freud Barthes Heidegger and Derrida The collection is valuable for students of art history literature and philosophy **Sermons Upon Religious and Practical Subjects** John Hume, 1775 *Albert Schweitzer's Ethical Vision A Sourcebook* Predrag Cicovacki, 2009-02-02 Albert Schweitzer's leading philosophical idea was reverence for life good consists in maintaining and perfecting life evil in destroying and obstructing life For Schweitzer all life is sacred and ethics deals with human attitudes and behavior toward all living beings Unlike most other moral philosophers Schweitzer argues that knowledge of human nature does not lead to any unique moral theory For that reason he bases his ethics on much broader foundations articulated in his philosophy of civilization and philosophy of religion His central idea is that the material element of our civilization has become far more important than its spiritual counterpart Even

organized religion has put itself in the service of politics and economics thereby losing its vitality and moral authority Schweitzer's ethics of reverence for life argues Predrag Cicovacki offers a viable alternative at a time when traditional ethical theories are found inadequate Collecting fifteen of Schweitzer's most effective essays this volume serves as a compelling introduction to this remarkable thinker

What is Art? Leo Tolstoy, 2024-05-09 Art is not pleasure comfort or amusement art is a great work Art is the organ of the life of mankind translating the rational consciousness of men into feeling In our time the common religious consciousness of men is the consciousness of the brotherhood of men and of their good in mutual unity True science must indicate the various ways of applying this consciousness to life Art must translate this consciousness into feeling What is Art was completed in Russian in 1897 but first published in English due to Russian censorship issues Tolstoy's work delves deeply into the considerable investment of time effort public funds and societal respect for art and artists as well as navigating the nebulousness of collective views on art as a motivation for writing the book In his own words he mentions that it is difficult to say what is meant by art and especially what is good useful art art for the sake of which we might tolerate such sacrifices as are offered at its shrine The book as a whole illustrates Tolstoy's unyielding moralism judging works of art through the lens of his radical Christian ethics and showing a willingness to reject recognized masters such as Wagner Shakespeare and Dante as well as a significant part of his own literary output Avoiding the use of beauty as a means of defining art Tolstoy formulates a concept of art as a medium that conveys emotion This critical reader's edition presents a modern translation of the original manuscript crafted for the modern reader with clean contemporary language and simplified sentence structures that clarify his complex Russian phrasing and specific antiquated references Supplementary material enriches the text with autobiographical historical and linguistic context including an afterword by the translator on Tolstoy's personal history impact and intellectual legacy an index of the philosophical concepts he employs emphasizing Existentialism and influence by Schopenhauer a comprehensive chronological list of his published writings and a detailed timeline of his life highlighting the personal relationships that shaped his philosophy
