Remains of a Revolution Anthony Burton, 1975 Daughters of the American Revolution Magazine ,1900 **New Perspectives on the Chinese Revolution** Tony Saich, Hans J. Miriam Leonard Natasha Saunders William Smith and Shiyu Zhang **Beverly Privateers in the American Revolution** Octavius Thorndike Howe,1922 Writers, Writing, and Revolution R. G. Williams,2022-07-13 This book is a study of the role of writers in social revolutions It explores how writing and writers have shaped revolutions and how they continue to do so It also investigates the connection between writers and radicals outlining some of the historical political social and intellectual connections between writers and revolution Overall this is a book of political theory literary theory and political action it is a call for writers to work towards Socialism **Performance art and revolution** Sanja Perovic,2023-10-31 Stuart Brisley is a pioneering multi media and performance artist who developed performance art as a form of social action in the 1960s and 1970s This book assesses his seminal influence on British art through a focus on his lifelong engagement with the histories and imaginaries of revolution Linking revolutionary history with material from a critical dialogue established with Brisley over the last decade the book recognises Brisley s corpus as a fascinating stage for addressing important questions about the relationship of art politics and history How do we make sense of politically committed art in a contemporary context where revolution has supposedly died or is deemed impossible What can the afterlives of performance art tell us about the historical past including the promises and contradictions of revolutionary time **Radicals, Revolutionaries, and Society** R. G. Williams,2025-04-17 This book is a study of radicals revolutionaries and society Specifically it tries to look at the historical social and political struggles of radicals in modern politics since the emergence of modern politics after the French Revolution of 1789 While the book is a political study the main focus is that of a socialist study as a Socialist argument for the vital political role of radicals and revolutionaries in creating modern society The main focus of the book is on how radicals and revolutionaries usually change modern society for the better through their struggle for democracy freedom and socialism **Origins of Stalinism: From Leninist Revolution to Stalinist Society** Pavel Campeanu,2016-07-08 By adopting the ecological process as their major theme the contributors of this volume show how the process of human interaction with the natural environment unfolded in the past and offer perspective on the ecological crises in our world at the beginning of the 21st century *A Text Book of Theory of Machines* J. S. Brar,R. K. Bansal,2004

Revolution Beyond the Event Charlotte Al-Khalili,Narges Ansari,Myriam Lamrani,Kaya Uzel,2023-05-02 Revolution Beyond the Event brings together leading international anthropologists alongside emerging scholars to examine revolutionary legacies from the MENA region Latin America and the Caribbean It explores the idea that revolutions have varied afterlives that complicate the assumptions about their duration pace and progression and argues that a renewed focus on the temporality of radical politics is essential to our understanding of revolution Approaching revolution through its relationship to time the book is a critical intervention into attempts to define revolutions as bounded events that act as sequential transitions from one political system to another It pursues an ethnographically driven rethinking of the temporal horizons that are at stake in revolutionary processes arguing that linear views of revolution are inextricably tied to notions of

progress and modernity Through a careful selection of case studies the book provides a critical perspective on the lived realities of revolutionary afterlives challenging the liberal humanist assumptions implicit in the modern idea of revolution and reappraising the political agency of people caught up in revolutionary situations across a variety of ethnographic contexts

West Point History of the American Revolution Clifford J. Rogers, Ty Seidule, Samuel J. Watson, 2017-11-21 Warfare in colonial North America paths to revolution Samuel J Watson The origins of the American Revolution and the opening moves Edward G Lengel From defeat to victory in the north 1777 1778 Edward G Lengel The war in Georgia and the Carolinas Stephen Conway Yorktown the peace and why the British failed Stephen Conway To the Constitution and beyond creating a national state Samuel J Watson

Historicizing the French Revolution Antonino De Francesco, 2022-03-24 This book provides a critical examination of over 300 historical works about the French Revolution published in Europe in particular in France Great Britain Germany Italy and Russia as well as in the United States between 1789 and 1989 It also goes on to examine recent trends in French Revolution historiography and consider where histories of this landmark event may go in the future By emphasizing the elements which have been valued or hidden exalted or silenced Historicizing the French Revolution shows how reflections on 1789 are always fundamentally tied to the times in which they are formulated Antonino De Francesco looks at the ways in which these historical accounts can be seen to support and at times contrast with the formation of political modernity both in national and international contexts as it has taken shape in the hundreds of years that have followed this key moment in world history

Haitian Revolutionary Fictions Marlene L. Daut, Grégory Pierrot, Marion C. Rohrleitner, 2022-01-25 The Haitian Revolution 1791 1804 was the first antislavery and anticolonial uprising led by New World Africans to result in the creation of an independent and slavery free nation state The momentousness of this thirteen year long war generated thousands of pages of writing This anthology brings together for the first time a transnational and multilingual selection of literature about the revolution from the beginnings of the conflicts that resulted in it to the end of the nineteenth century With over two hundred excerpts from novels poetry and plays published between 1787 and 1900 and depicting a wide array of characters including Anacaona Makandal Boukman Toussaint Louverture Jean Jacques Dessalines and Henry Christophe this anthology provides the perfect classroom text for exploring this fascinating revolution its principal actors and the literature it inspired while also providing a vital resource for specialists in the field This landmark volume includes many celebrated authors such as Alexandre Dumas Victor Hugo Heinrich von Kleist Alphonse de Lamartine William Wordsworth Harriet Martineau and William Edgar Easton but the editors also present here for the first time many less well known fictions by writers from across western Europe and both North and South America as well as by nineteenth century Haitian authors refuting a widely accepted perception that Haitian representations of their revolution primarily emerged in the twentieth century Each excerpt is introduced by contextualizing commentary designed to spark discussion about the ongoing legacy of slavery and colonialism in the Americas Ultimately the publication

of this capacious body of literature that spans three continents offers students scholars and the curious reader alike a unique glimpse into the tremendous global impact the Haitian Revolution had on the print culture of the Atlantic world New World Studies

Patriots and Spies in Revolutionary New York A.J. Schenkman, 2021-11-15 Spies Loyalists Tories Conspiracy Strange messages Codes in invisible ink The American Revolution was first and foremost a civil war that tore at the very fabric of families as well as society Patriots were determined to separate from England while Loyalists were just as determined to defeat what they saw as a rebellion Many do not know that during several critical periods the war was almost fatally undermined by English sympathizers or in some cases opportunistic Patriots Patriots and Spies in Revolutionary New York is a compilation of twelve stories regarding important moments in New York State's history during the American Revolution

Revolutionary Romanticism Max Blechman, 1999-10 Revolutionary Romanticism draws on almost two centuries of intertwined traditions of cultural and political subversion In this rich collection of writings by artists scholars and revolutionaries the transgressions of the past are recaptured and transvalued for the benefit of the struggles of today and tomorrow Along the way new light is shed on the radical sensibilities of Novalis Friedrich Holderlin and Friedrich Schlegel while the poetics of Percy Bysshe Shelley John Keats Lord Byron and William Blake are revealed to be profoundly oppositional to the reigning culture The social romanticism of Jules Michelet the nineteenth century historian of the French Revolution is acclaimed for its visionary quasi religious breadth The Paris Commune is figured by the arch Romantics Karl Marx Jules Valles and Arthur Rimbaud The all but forgotten Bavarian Council Republic of 1919 is recalled a milieu steeped in Expressionism and anarchism the matrix out of which B Traven author of The Treasure of the Sierra Madre emerged by the skin of his teeth The romantic outlook of Walter Benjamin and Herbert Marcuse both strongly influenced by Surrealism the prehensile tail of Romanticism is relocated in their absolute negation of the social order And at the end of the twentieth century there's Guy Debord and the Situationist International the passionate detournement of the Romantic project Max Blechman writes When today aesthetic life is increasingly defined by advertising and corporate culture and democracy has more to do with the power of private interests than the power of the public imagination the romantic insistence on the liberatory dimension of aesthetics and on radical democracy may yet prove crucial to contemporary efforts to envision a new political freedom Revolutionary Romanticism includes Blechman's investigation of the German idealist roots of European Romanticism Annie Le Brun on the possibility of romantic women Peter Marshall on William Blake Maurice Hindle on the political language of the early English Romantics Arthur Mitzman on Jules Michelet Christopher Winks on the Paris Commune Miguel Abensour on William Morris Peter Lamborn Wilson on the 1919 Bavarian Workers Council Michael Lowy on Walter Benjamin and Herbert Marcuse Marie Dominique Massoni on Surrealism and Daniel Blanchard on his youthful friendship with Guy Debord
