Remembering Tomorrow:

The Collected Sermons of Fred B. Craddock Fred B. Craddock, 2011-04-04 This collection of more than fifty of Fred Craddock's sermons provides a glimpse of a master preacher at work. Amazingly, only one of the sermons was preached from a manuscript written in advance as Craddock considered a sermon to be an event in the world of sound. As a result, the selections here wonderfully reflect and preserve Craddock's voice and engage readers with all the immediacy of the spoken word. *Remembering Tomorrow* Patricia Weber, 2000 **Your Faith, Your Life** Jenifer Gamber, Bill Lewellis, 2017-11-01

Popular Music in the Classroom David Whitt, 2020-06-04 Popular music has long been a subject of academic inquiry with college courses taught on Elvis Presley, Bob Dylan, and the Beatles, along with more contemporary artists like Beyoncé and Outkast. This collection of essays draws upon the knowledge and expertise of instructors from a variety of disciplines who have taught classes on popular music. Topics include the analysis of music genres such as American folk, Latin American, protest music, and Black music, exploring the musical catalog and socio-cultural relevance of specific artists and discussing how popular music can be used to teach subjects such as history, identity, race, gender, and politics. Instructional strategies for educators are provided. **Trickbox of Memory** Felicitas Macgilchrist, Rosalie Metro, 2020 Reach into this trickbox of memory and rummage around; you may find a tiny spaceship or perhaps a signpost, a parade, a raised fist, an entire museum. The essays in *Trickbox of Memory* draw on literary criticism, post-qualitative inquiry, new materialism, and political activism to dismember and reanimate the field of memory studies. In the trickbox, concepts rub up against each other, pieces chip off, things leak, glitter gets everywhere. Things are damaged, their edges are ragged. Some show the potential for repair in the future. The chapters in this volume respond to the observation that in today's moment of political danger, expected pasts can easily be instrumentalized in the service of fascism. *Trickbox of Memory* interrupts the expected to throw history into disarray by focusing on the subtlety of how power relations are enacted and contested in reference to the past, assembling a transnational constellation of scholars and practitioners who offer new tricks for working critically with disorderly pasts.

The Art of Is Stephen Nachmanovitch, PhD, 2019-04-09 A MASTERFUL BOOK ABOUT BREATHING LIFE INTO ART AND ART INTO LIFE. Stephen Nachmanovitch's *The Art of Is* is a philosophical meditation on living, living fully, living in the present. To the author, an improvisation is a co-creation that arises out of listening and mutual attentiveness out of a universal bond of sharing that connects all humanity. It is a product of the nervous system, bigger than

the brain and bigger than the body it is a once in a lifetime encounter unprecedented and unrepeatable Drawing from the wisdom of the ages The Art of Is not only gives the reader an inside view of the states of mind that give rise to improvisation it is also a celebration of the power of the human spirit which when exercised with love immense patience and discipline is an antidote to hate Yo Yo Ma cellist

The Spirit of Dialogue Aaron T. Wolf,2017-09-14 Over more than twenty years as a mediator Aaron T Wolf has learned that successful conflict resolution is shaped by complicated dynamics from how comfortable the meeting room is to the participants deepest senses of self Bridging seemingly intractable issues means addressing multiple layers of needs Wolf s approach may be surprising to Westerners who are accustomed to separating rationality from spirituality and science from religion The Spirit of Dialogue draws lessons from a diversity of faith traditions to transform conflict from identifying

the root cause of anger to aligning with an energy beyond oneself what Christians call grace to the true listening practiced by Buddhist monks Whether atheist or fundamentalist Muslim or Jewish Quaker or Hindu any reader involved in difficult dialogue will find concrete steps towards a meeting of souls *Modern Love A Spiritual Journey* Andrew J. Wearable technology whether a Walkman in the 1970s an LED illuminated gown in the 2000s or Google Glass today makes the wearer visible in a technologically literate environment Twenty years ago wearable technology reflected cultural preoccupations with cyborgs and augmented reality today it reflects our newer needs for mobility and connectedness In this book Susan Elizabeth Ryan examines wearable technology as an evolving set of ideas and their contexts always with an eye on actual wearables on clothing dress and the histories and social relations they represent She proposes that wearable technologies comprise a pragmatics of enhanced communication in a social landscape Garments of paradise is a reference to wearable technology s promise of physical and mental enhancements Ryan defines dress acts hybrid acts of communication in which the behavior of wearing is bound up with the materiality of garments and devices and focuses on the use of digital technology as part of such systems of meaning She connects the ideas of dress and technology historically in terms of major discourses of art and culture and in terms of mass media and media culture citing such thinkers as Giorgio Agamben Manuel De Landa and Gilles Deleuze and Félix Guattari She examines the early history of wearable technology as it emerged in research labs the impact of ubiquitous and affective approaches to computing interaction design and the idea of wearable technology as a language of embodied technology and the influence of open source ideology Finally she considers the future as wearing technologies becomes an increasingly naturalized aspect of our social behavior

The Lost Promise Ellen Schrecker, 2024-05-31 The Lost Promise is a magisterial examination of the turmoil that rocked American universities in the 1960s with a unique focus on the complex roles played by professors as well as students The 1950s through the early 1970s are widely seen as American academia s golden age when universities well funded and viewed as essential for national security economic growth and social mobility embraced an egalitarian mission Swelling in size schools attracted new types of students and professors including radicals who challenged their institutions calcified traditions But that halcyon moment soon came to a painful and confusing end with consequences that still afflict the halls of ivy In The Lost Promise Ellen Schrecker our foremost historian of both the McCarthy era and the modern American university delivers a far reaching examination of how and why it happened Schrecker illuminates how US universities explosive growth intersected with the turmoil of the 1960s fomenting an unprecedented crisis where dissent over racial inequality and the Vietnam War erupted into direct action Torn by internal power struggles and demonized by conservative voices higher education never fully recovered resulting in decades of underfunding and today s woefully inequitable system As Schrecker s magisterial history makes blazingly clear the complex blend of troubles that disrupted the university in that pivotal period haunts the ivory tower to this day

Insights in California Maria Theresa Pantaleon, 2018-01-16 Insights in California 2003 is the authors way of thinking about the future recording memories and coping with the daily stress of adjusting to her new life in America as a newcomer from the Philippines Culture shock social adjustment widening perspective on different subjects deepening reflections heightened faith and conviction these are some of the topics in this book of poems Some of them are addresses to

real people whom the author got acquainted with or talked with The style is a marriage of free verse and blank verse though sometimes there is still the attempt to construct patterns of rhythm and rhyme and to follow structure and metrical patterns such as in Haikus on November In general however the writer set herself free from the norms of conservative poetry And she enjoyed the liberating experience as she did in journalism
