context of the Republic's total history Dowdey shows the eternal relevance of this tragic figure to the American heritage With access to hundreds of personal letters Dowdey brings fresh insights into Lee's background and personal relationships and examines the factors which made Lee that rare specimen a complete person In tracing Lee's reluctant involvement in the sectional conflict Dowdey shows that he was essentially a peacemaker very advanced in his disbelief in war as a resolution Lee had never led troops in combat until suddenly given command of a demoralized hodgepodge force under siege from McClellan in front of Richmond In a detailed study of Lee's growth in the mastery of the techniques of war he shows his early mistakes the nature of his seemingly intuitive powers the limitations imposed by his personal character and physical decline and the effect of this character on the men with whom he created a legendary army It was after the fighting was over that Dowdey believes Lee made his most significant and neglected achievement As a symbol of the defeated people he rose above all hostilities and in the wreckage of his own fortunes advocated rebuilding a New South for which he set the example with his progressive program in education The essence of Lee's tragedy was the futility of his efforts toward the harmonious restoration of the Republic with the dissensions of the past forgotten Skyhorse Publishing along with our Arcade Good Books Sports Publishing and Yucca imprints is proud to publish a broad range of biographies autobiographies and memoirs Our list includes biographies on well known historical figures like Benjamin Franklin Nelson Mandela and Alexander Graham Bell as well as villains from history such as Heinrich Himmler John Wayne Gacy and O J Simpson We have also published survivor stories of World War II memoirs about overcoming adversity first hand tales of adventure and much more While not every title we publish becomes a New York Times bestseller or a national bestseller we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home
