Eisenhower,2024-01-21 If you aren't living your most authentic self you can't realize universal and personal truth If we compromise and waver in our integrity how on Earth will we successfully navigate life or our relationships We become vulnerable to distortions and imbalances that attract archonic attachments and AI signals that keep us in a lower existence of reality We have lost touch with our connection to our higher mind and intuitive abilities and its integration into our daily life The quickest way to heal is for Awakening the Truth Frequency to embody our highest self Our bodies thrive in this energy not the distortions or programs And now more than ever before we live in times when our energies are supported by spiritual forces like never before We must be humble enough to allow this alignment and let go of the ego attachments about what other people think and not be afraid to admit where we have been misled Claiming our truth eases our journey Into the Unified Field

Introduction to Modern Spiritualism Rev, Ronald Koch, Bouquet of Flowers in a Vase, by Van Gogh Douglas Smith,2016-11 Maroch ex CIA reluctantly agrees to coach a beautiful young woman remote viewer in a scheme to locate lost paintings But the woman who bears an uncanny resemblance to his dead wife has her own secrets Together they set off a chain of events that may alter the past and destroy both their lives The piece de resistance of the collection and one of the best and most moving novellas I have read in a while Haunting and evocative Just astounding Fantasy Book Critic This is one of those heady and ambitious stories

that throw so many different elements into the narrative mix that one wonders whether the author is going to be able to pull it off In fact Smith does so very skillfully so that the plot arc character development and denouement come off feeling effortless and elegant and quite satisfying Dead Reckonings review magazine a beautiful and haunting tale of love loss and remote viewing Hellnotes *Impossibilia (Short Story Collections, #1)* Douglas Smith, 2016-11 Aurora Award Finalist We all have things we hide inside secrets fears aspects of ourselves we keep locked away Or try to In that respect the characters we meet in IMPOSSIBILIA are like any of us They have things inside them too Only their things are a little different A dead wife that won't leave A wolf with a past The secret to being the luckiest man alive And through all the stories these characters share one more thing beyond what they hold inside In the decisions they face in the choices they make they do what they do out of love Lost love found love the love of their child But love So maybe they aren't that different from us after all Doug Smith is quite simply the finest short story writer Canada has ever produced in the science fiction and fantasy genres His stories are a treasure trove of riches that will touch your heart while making you think Robert J Sawyer Hugo Award winning author One of Canada's most original writers of speculative fiction Library Journal A great storyteller with a gifted and individual voice Charles de Lint World Fantasy Award winner **The Trump Code** Troy Anderson, 2024-09-17 Could the Trump family's connections to time travel esoteric knowledge and secret societies hold clues to unlocking the mysteries of our past and future By the end of this book you will be able to connect the uncanny parallels between the novels Lockwood penned over a century ago and the Trump family legacy Additionally you will be able to solve the mystery to the upcoming 2024 election season In the annals of American presidential history there is no more peculiar tale than the eerie similarities between former President Donald Trump and a series of novels called The Baron Trump Collection penned by the obscure yet seemingly prophetic hand of American lawyer and novelist Ingersoll Lockwood in the late 1800s The Trump Code delves into the connections between the Baron Trump novels and the enigmatic Trump family legacy asking whether this nineteenth century novelist foresaw the future of not only Trump but America and the world It also uncovers a web of historical events and divine providence Drawing from biblical passages about Enoch Elijah the Apostle John the Mount of Transfiguration and a mysterious verse in Ephesians on how Christ's followers are seated in heavenly places along with theories of time travel by Albert Einstein Nikola Tesla and others The Trump Code connects the pieces of this riveting puzzle posing the question of whether truth is stranger than fiction as Mark Twain famously said As we peel back the layers of history The Trump Code confronts questions that defy easy answers Could this fictional novel hold clues to the upcoming 2024 presidential election with all its division and chaos Is there a divine hand guiding the course of human events as suggested by the parallels in these novels between fiction and reality Or are we witnessing the machinations of darker forces hinted at by the curious numerology surrounding Lockwood's name Pathfinders' Dawn of Understanding Elle Travis, 2023-01-31 It is the year 2030 Six best friends discover a magical world under the earth where time stands still A messenger fairy takes the teens

through an education unlike anything they know She transports them through historic ages and helps them remember truths found deep in their DNA The teens hear wisdom from the giant whales that nature was never a competition or struggle of survival of the fittest but rather all life plants trees animals insects fish microorganisms and humans living in mutual cooperation As the teens get a new education from Light Feather another equally important mission is being carried out Ms Cheryl a trailblazer and friend of the teens is hard at work holding ceremonies at ancient sites where an energy grid crisscrosses the earth It is being restored for the first time since the collapse of Atlantis We learn how it mirrors a grid 60 miles above the earth which is under control of dark forces and has been for thousands of years If Ms Cheryl is successful light forces from far away galaxies will be able to flip the grid and regain control This will further accelerate the awakening of humanity to new possibilities for peace Once their education is complete they take next steps for their initiation or rite of passage from childhood to adulthood Upon completion they attend a graduation ceremony on the other side of the earth in the Great Pyramid of Giza where they experience many surprises They step into character as superheroes in waiting as they meet their mentors and practice perfecting their superpowers They each tackle a different aspect of nature Over time the teens crusade makes big changes to help people heal and that helps Mother Earth get better
