Renaissance Europe 1390 153:

The Longman Companion to Renaissance Europe, 1390-1530 Stella Fletcher, 2014-02-04 This new Companion is the ideal reference guide. It fills a gap by providing an authoritative but accessible reference on political, economic, religious, social, as well as cultural developments in this crucial period. It contains information on all major topics including the church, war and diplomacy, civic life, learning and letters, printing, the economy, science and technology, the arts across Europe and the wider world. *Humphrey, Duke of Gloucester (1390-1447) and the Italian Humanists* / by Susanne Saygin

Susanne Saygin, 2002 This study reconstructs the relations between the fifteenth-century English patron of Italian Renaissance humanism, Humphrey, Duke of Gloucester (1390-1447), his Italian middlemen and several Italian humanists with regard to the social and political context of their shared literary interests. *The Longman Companion to Renaissance Europe, 1390-1530*

Stella Fletcher, 2000 All the major topics including the church, diplomacy, civil life, learning and letters, printing, the economy, science and technology, and the arts. *Renaissance Europe, 1390-1530* Stella Fletcher, 2000 *Renaissance Architecture*

David Thomson, 1993 The author uses a range of published and unpublished sources and covers Italy, France, Britain, Spain, Germany, and The Netherlands to explore the ethics, aesthetics, and vanities of ambitious building. *Historical Outlook*

, 1921 **Encyclopedia of Renaissance Philosophy** Marco Sgarbi, 2022-10-27 Gives accurate and reliable summaries of the current state of research. It includes entries on philosophers, problems, terms, historical periods, subjects, and the cultural context of Renaissance Philosophy. Furthermore, it covers Latin, Arabic, Jewish, Byzantine, and vernacular philosophy and includes entries on the cross-fertilization of these philosophical traditions. A unique feature of this encyclopedia is that it does not aim to define what Renaissance philosophy is; rather, simply to cover the philosophy of the period between 1300 and 1650.

Renaissance Vision from Spectacles to Telescopes Vincent Ilardi, 2007 Deals with the history of eyeglasses from their invention in Italy ca. 1286 to the appearance of the telescope three centuries later. By the end of the 16th century, eyeglasses were as common in western and central Europe as desktop computers are in western developed countries today. Eyeglasses served an important technological function at both the intellectual and practical level, not only easing the textual studies of scholars but also easing the work of craftsmen. Small business: During the 15th century, two crucial developments occurred: the ability to grind convex lenses for various levels of presbyopia and the ability to grind concave lenses for the correction of myopia. As a result, eyeglasses could be made almost to prescription by the early 17th century. Illus. *The Allegory of Love in the Early Renaissance* James Calum O'Neill, 2023-07-31 Described as the most beautiful book ever printed, previous research has focused on the printing history of the *Hypnerotomachia* and its copious literary sources. This monograph critically engages with the narrative of the *Hypnerotomachia* and with Poliphilo as a character within this narrative, placing it within its European literary context. Using narratological analysis, it examines the journey of Poliphilo and the series of symbolic, allegorical, and metaphorical experiences narrated by him that are indicative of his metamorphosing interiority. It analyses

the relationship between Poliphilo and his external surroundings in sequences of the narrative pertaining to thresholds the symbolic architectural topographical and garden forms and spaces and Poliphilo's transforming interior passions including his love of antiquarianism language and Polia the latter of which leads to his elegiac description of lovesickness besides examinations of numerosophical symbolism in number form and proportion of the architectural descriptions and how they relate to the narrative

The Language of Space in Court Performance, 1400-1625 Janette Dillon, 2010-09-16 Using a set of detailed case studies this book analyses medieval and early modern court culture as inherently performative

Matthews-Grieco, 2017-07-05 In Renaissance and early modern Europe various constellations of phenomena ranging from sex scandals to legal debates to flurries of satirical prints collectively demonstrate at different times and places an increased concern with cuckoldry impotence and adultery This concern emerges in unusual events such as scatological rituals of house scorning appears in neglected sources such as drawings by Swiss mercenary soldier artists and engages innovative areas of inquiry such as the intersection between medical theory and Renaissance comedy Interdisciplinary analytical tools are here deployed to scrutinize court scandals and decipher archival documents Household recipes popular literary works and a variety of visual media are examined in the light of contemporary sexual culture and contextualized with reference to current social and political issues The essays in this volume reveal the central importance of sexuality and sexual metaphor for our understanding of European history politics and culture and emphasize the extent to which erotic presuppositions underpinned the early modern world Receptions of Hellenism in Early Modern Europe Natasha Constantinidou, Han Lamers, 2019-10-21 An investigation of modes of receiving and responding to Greek culture in diverse contexts throughout early modern Europe in order to encourage a more overarching understanding of the multifaceted phenomenon of early modern Hellenism and its multiple receptions **La eclesiología de Juan de Ragusa O.P. texts literature and contexts cultures The book's originality lies in its articulation of the importance and value of Shakespeare in the emerging landscape of global culture

(Un)Doing History Vanita Seth, 2025-03-31 Against the grain of much contemporary scholarship within medieval studies this work emphasizes the radical alterity and historical rupture that the Middle Ages represents in European history Through an engagement with three contentious debates in medieval studies historiography race and individuated subjectivity Vanita Seth's work employs postcolonial and postmodern theorizing to explore questions of ontology epistemology facial privileging and emotion and identity in the European Middle Ages and early modern period While the subject matter of this book is historical the stakes are contemporary and political Seth's contention is that it is the very alterity that the medieval represents that enables contemporary scholars and activists to recognize as historical that which is so often posited as natural Writing a history of absence while also engaging radically different ways of being in the world this book argues helps to disrupt the self-evident naturalization of the face to contest knee-jerk celebrations of individuality tethered to the human visage and to recognize racism not as an age-old nemesis but as a distinctly modern form of organizing power This work is interdisciplinary engaging scholarship in science studies philosophy feminist theory anthropology race studies and literature and postmodern and postcolonial theory It presumes no prior specialized knowledge in medieval studies and or history This book is an essential reading for scholars and students in the fields of medieval and early modern history race historiography identity and emotion studies

Fourteenth Century England IV J. S. Hamilton, 2000 This series provides a forum for the most recent research into the political social and ecclesiastical history of the 14th century

The Corrupter of Boys Dyan Elliott, 2020-11-27 In the fourth century clerics began to distinguish themselves from members of the laity by virtue of their augmented claims to holiness Because clerical celibacy was key to this distinction religious authorities of all stripes patristic authors popes theologians canonists monastic founders and commentators became progressively sensitive to sexual scandals that involved the clergy and developed sophisticated tactics for concealing or dispelling embarrassing lapses According to Dyan Elliott the fear of scandal dictated certain lines of action and inaction the consequences of which are painfully apparent today In *The Corrupter of Boys* she demonstrates how in conjunction with the requirement of clerical celibacy scandal-averse policies at every conceivable level of the ecclesiastical hierarchy have enabled the widespread sexual abuse of boys and male adolescents within the Church Elliott examines more than a millennium's worth of doctrine and practice to uncover the origins of a culture of secrecy and concealment of sin She charts the continuities and changes from late antiquity into the high Middle Ages in the use of boys as sexual objects before focusing on four specific milieus in which boys and adolescents would have been especially at risk in the high and later Middle Ages the monastery the choir the schools and the episcopal court *The Corrupter of Boys* is a work of stunning breadth and discomfiting resonance as Elliott concludes that the same clerical prerogatives and privileges that were formulated in late antiquity and the medieval era and the same strategies to cover up the abuses they enable remain
