BAUMGARTNER

# Longing For The End A History Of Millennialism In Western Civilization

**Carl Olson**

## **Longing For The End A History Of Millennialism In Western Civilization:**

*Longing for the End* Frederic J. Baumgartner, 1999 Jonestown Waco and Heaven's Gate resonate deeply in contemporary America while Munster Masada or Mount Tabor were no less potent for their eras as long as 1900 years ago All were movements that believed the endtime was close and their members had to act through violence or suicide to ensure that it happened *Longing for the End* explores the long often violent history of millennialism as it has affected Western civilization From the ancient Zoroastrians to the Concerned Christians of 1998 a belief in the imminent end of the present world and coming of the new age has motivated hundreds of sects and cults some of which burned out in an orgy of violence while others endured as did Christianity itself to become a permanent part of Western society Millennialism has also been part of the motivation behind the Crusades Columbus's voyages Marxism and the Third Reich In this work Baumgartner shows why the year 2000 has so powerful a place in the Western imagination

**A Brief History of the End of the F\*cking World** Tom Phillips, 2025-02-27 Superb entertaining Phillips traverses this sprawling terrain with energy and charm Telegraph Exceptionally funny from cover to cover it is not only an entertaining read but also deeply researched and thoughtful Irish Independent Fans of Phillips's earlier books *Humans* and *Truth* will be pleased that the ex BuzzFeed editor is on form not letting the grimness of his subject spoil his gagsmithery Guardian A great read Phillips fills his timeline of unfilled apocalypses with wry humour New Scientist Do you feel like we're living in the end times Does it seem like everything is on fire That one disaster follows another Here's some comforting news you're not the first to feel that way If there's one thing that people throughout history have agreed on it's that the end of the world has always been very f\*cking nigh This book is about the apocalypse and the many ways we've incorrectly predicted that the world would end From ancient times to the modern day it's a tale of weird cults failed prophets and bored suburbanites waiting for aliens to rescue them plus one very unfortunate chicken But why are we obsessed with a prediction that hasn't ever come true Yet And after 3 000 years of getting it wrong how can we learn to live in a world which feels like it could all burn down tomorrow Praise for the Brief History series Uproarious Abundant good humour The Times Witty entertaining and slightly distressing You should probably read it Sarah Knight author of *The Life Changing Magic of Not Giving a F\*ck* Brilliant Utterly utterly brilliant Jeremy Clarkson Very funny Mark Watson Both readable and entertaining Telegraph

**Catastrophic Thinking** David Sepkoski, 2020-09-24 A history of scientific ideas about extinction that explains why we learned to value diversity as a precious resource at the same time as we learned to think catastrophically about extinction We live in an age in which we are repeatedly reminded by scientists by the media by popular culture of the looming threat of mass extinction We're told that human activity is currently producing a sixth mass extinction perhaps of even greater magnitude than the five previous geological catastrophes that drastically altered life on Earth Indeed there is a very real concern that the human species may itself be poised to go the way of the dinosaurs victims of the most recent mass extinction some 65 million years ago How we

interpret the causes and consequences of extinction and their ensuing moral imperatives is deeply embedded in the cultural values of any given historical moment And as David Sepkoski reveals the history of scientific ideas about extinction over the past two hundred years as both a past and a current process is implicated in major changes in the way Western society has approached biological and cultural diversity It seems self evident to most of us that diverse ecosystems and societies are intrinsically valuable but the current fascination with diversity is a relatively recent phenomenon In fact the way we value diversity depends crucially on our sense that it is precarious that it is something actively threatened and that its loss could have profound consequences In *Catastrophic Thinking* Sepkoski uncovers how and why we learned to value diversity as a precious resource at the same time as we learned to think catastrophically about extinction

### **American Exceptionalism**

**Vol 1** Timothy Roberts,2017-07-05 American exceptionalism the idea that America is fundamentally distinct from other nations is a philosophy that has dominated economics politics religion and culture for two centuries This collection of primary source material seeks to understand how this belief began how it developed and why it remains popular

### **Tracing the**

**Jerusalem Code** Ragnhild Johnsrud Zorgati,Anna Bohlin,2021-05-10 With the aim to write the history of Christianity in Scandinavia with Jerusalem as a lens this book investigates the image or rather the imagination of Jerusalem in the religious political and artistic cultures of Scandinavia through most of the second millennium Volume 3 analyses the impact of Jerusalem on Scandinavian Christianity from the middle of the 18 century in a broad context Tracing the Jerusalem Code in three volumes Volume 1 The Holy City Christian Cultures in Medieval Scandinavia ca 1100 1536 Volume 2 The Chosen People Christian Cultures in Early Modern Scandinavia 1536 ca 1750 Volume 3 The Promised Land Christian Cultures in Modern Scandinavia ca 1750 ca 1920

### **The Postmodern Sacred**

Emily McAvan,2012-10-25 From The Matrix and Harry Potter to Stargate SG 1 and The X Files recent science fiction and fantasy offerings both reflect and produce a sense of the religious This work examines this pop culture spirituality or postmodern sacred showing how consumers use the symbols contained in explicitly unreal texts to gain a secondhand experience of transcendence and belief Topics include how media technologies like CGI have blurred the lines between real and unreal the polytheisms of Buffy and Xena the New Age Gnosticism of The DaVinci Code the Islamic Other and science fiction s response to 9 11 and the Christian Right and popular culture Today s pervasive saturated media culture this work shows has utterly collapsed the sacred profane binary so that popular culture is not only powerfully shaped by the discourses of religion but also shapes how the religious appears and is experienced in the contemporary world

### **A Peddler's Tale**

Kristine Wirts,2024-03-13 In 1685 the revocation of the Edict of Nantes made Catholicism the only recognized religion in France and criminalized the practice of Calvinism throwing the minority Protestant population into crisis A Peddler s Tale personifies these events in the story of Jean Giraud a Protestant merchant peddler and his various communities Drawing on Giraud s account book municipal parish and consistory records and death inventories Kristine Wirts ably reconstructs Giraud s familial commercial and religious circles She provides a

detailed description of the persecution of Giraud and his fellow church members in La Grave France as well as their flight across the Alps to Vevey Switzerland The town s residents did not welcome all refugees equally often expelling Huguenots without social connections or financial resources Those allowed to stay worked diligently to reestablish their lives and fortunes Once settled in Vevey Giraud and his extended family supported themselves by moneylending and peddling books watch parts and lace products In contrast to past studies on the Huguenot diaspora that often depicted those fleeing France in heroic terms A Peddler s Tale exposes the harsh economic realities many exiles faced as well as the importance of social relationships and the necessity of having financial means to secure passage and sanctuary Wirts contends that Huguenotrefugees who succeeded in obtaining permanent residency in Vevey shared one important element many derived their livelihood from the burgeoning economic ties and social bonds that emerged with the rise of capitalist markets A compelling microhistory A Peddler s Tale ultimately illustrates the role and power of informal networks in sustaining and fostering early modern communities

**The Heirs of Archimedes** Brett D. Steele,Tamera Dorland,2005 Essays analyze the connections between science and technology and military power in the late medieval Renaissance and Enlightenment periods The integration of scientific knowledge and military power began long before the Manhattan Project In the third century BC Archimedes was renowned for his research in mechanics and mathematics as well as for his design and coordination of defensive siegecraft for Syracuse during the Second Punic War This collection of essays examines the emergence during the early modern era of mathematicians chemists and natural philosophers who along with military engineers navigators and artillery officers followed in the footsteps of Archimedes and synthesized scientific theory and military practice It is the first collaborative scholarly assessment of these early military scientific relationships which have been long neglected by scholars both in the history of science and technology and in military history From a historical perspective this volume investigates the deep connections between two central manifestations of Western power examining the military context of the Scientific Revolution and the scientific context of the Military Revolution Unlike the classic narratives of the Scientific Revolution that focus on the theories of and conflicts between Aristotelian and Platonic worldviews this volume highlights the emergence of the Archimedean ideal in which a symbiosis exists between the supply of mechanistic science and the demand for military capability From a security studies perspective this work presents an in depth study of the central components of military power as well as their dynamic interactions in the political acquisitional operational and tactical domains The essays in this volume reveal the intellectual and cultural struggles to enhance the capabilities of these components an exercise in transforming military power that remains relevant for today s armed forces The volume sets the stage by examining the innovation of gunpowder weaponry in both the Christian and the Islamic states of the late medieval and Renaissance eras It then explores such topics as the cultural resistance to scientific techniques and the relationship between early modern science and naval power particularly the intersecting developments in mathematics and oceanic navigation Other essays

address the efforts of early practitioners and theorists of chemistry to increase the power and consistency of gunpowder The final essays analyze the application of advanced scientific knowledge and Enlightenment ideals to the military engineering and artillery organizations of the eighteenth century The volume concludes by noting the global spread of the Archimedean ideal during the nineteenth century as an essential means for resisting Western imperialism *Will Catholics Be Left Behind?* Carl Olson, 2009-09-03 This powerful and timely book written by a former Fundamentalist is a thorough critique of the popular Fundamentalist notion of the Rapture the belief that Christians will be removed from earth prior to a time of Tribulation and the Second Coming It examines the theological historical and Biblical basis for premillennial dispensationalism the belief system based around the Rapture and popularized in the best selling Left Behind books and taught by Bible prophecy writers Tim LaHaye Hal Lindsey Jack Van Impe and many others Written for both the lay person and the serious student this book combines an engaging popular approach with detailed footnotes and exhaustive research Beginning with the big picture it focuses first on key concepts such as eschatology the Parousia and the relationship between the Kingdom and the Church It then examines the Book of Revelation providing insights into the nature and purpose of that difficult final book of the Bible Another chapter looks at the concept of the millennium and how it has been understood by various Christians over the centuries Olson then shows how Left Behind creator LaHaye's many works on Bible prophecy are filled with attacks on Catholicism and often rely on sensationalism shaky scholarship and subjective interpretations of Scripture Olson a former dispensationalist who now edits Envoy magazine also presents a history of apocalyptic belief and theology beginning with the Early Church Fathers and including the Montanists St Augustine Joachim of Fiore the Protestant Reformers and the American Puritans He shows how John Nelson Darby an ex Anglican priest developed the premillennial dispensationalist system which hinges on the Rapture in the 1830s and how Darby relied upon faulty assumptions about Jesus Christ the Church and the Bible The second part of the book *A Catholic Critique of Dispensationalism* focuses on three important topics the relationship between Israel the Church and the Kingdom the interpretation of Scripture and the nature of the Rapture event Filled with a wealth of information drawn from both Protestant and Catholic sources this section provides a complete rebuttal to the premillennial dispensationalist system and the left behind theology The book concludes with a reflection on the Catholic understanding of the end times salvation history and the final judgement Glossaries of key persons and terms are also included A strong but fair critique of a dangerous and popular belief *Will Catholics Be Left Behind* provides Catholics and Protestants lay people and clergy and students and scholars with important answers and information about the roots and meaning of the Rapture Millions of Americans believe the Lord will snatch them up any day now leaving the rest of us to the horrors of a seven year tribulation The hitch is that the Rapture has no pedigree As Carl Olson shows no Catholic or Protestant believed in it prior to the nineteenth century It is an authentic Fundamentalist invention Karl Keating Author *Catholicism and Fundamentalism* In this extraordinary book Carl Olson uses a surgeon's scalpel to cut through the

mass of confusion that dominates contemporary reflection on the Last Things Achieving far more than a refutation of millennialist errors and other disordered apocalyptic theories he illumines the Church's majestic vision of time and eternity and demonstrates that Jesus Christ is the Lord of History and its end Michael O'Brien Author Father Elijah **Israel, the Church, and Millenarianism** Steven D. Aguzzi, 2017-07-28 Since the calls of the Second Vatican Council Roman Catholic theologians have sought to overcome an overarching problem facing Jewish Christian relations the concept of supersessionism the idea that God has revoked the spiritual and historical promises made to the Jewish people in favour of granting those same privileges to a predominantly Gentile Church Israel the Church and Millenarianism breaks new ground by applying an ancient principle to the problem of Israel's replacement the early Church's promotion of millennialism Utilizing the best in Patristic research Aguzzi argues that these earliest Christian traditions made room for the future of Israel because Christ's reign in the Church was viewed as provisional to his historical reign on earth Israel's role in salvation history was and is not yet complete Aguzzi's research also opens the door for a greater Catholic understanding of the millennial principle not shying away from its validity and relevance for understanding the importance of safeguarding Jewish particularity while concluding that the Synagogue and the Church are indeed on a parallel trajectory what will their Israel's acceptance be but life from the dead Romans 11:15 Ultimately the divine will is fulfilled through both Christian and Jewish means in history while each community is dependent in different ways upon the unfolding of God's future and the coming Parousia of Christ **An Introduction to the New Testament and the Origins of Christianity** Delbert

Burkett, 2002-07-10 Publisher Description **Islam and Good Governance** M. A. Muqtedar Khan, 2019-04-08 This book advances an Islamic political philosophy based on the concept of Ihsan which means to do beautiful things The author moves beyond the dominant model of Islamic governance advanced by modern day Islamists The political philosophy of Ihsan privileges process over structure deeds over identity love over law and mercy and forgiveness over retribution The work invites Muslims to move away from thinking about the form of Islamic government and to strive to create a self-critical society that defends national virtue and generates institutions and practices that provide good governance American

Missionaries in the Ottoman Empire Hami Inan Gümüş, 2017-06-15 This book is a metaphor-based analysis of the texts produced by the missionaries of the American Board of Commissioners for Foreign Missions in the Ottoman Empire between 1820-1898 It explores the conceptual metaphor networks inherent to the official missionary discourse The explication of these networks uncovers how the missionaries defined and depicted themselves and what they encountered Being a synthesis of literary studies linguistics cultural history and religious studies the work analyzes the missionary narrative in its historical context by applying literary narratological and linguistic tools **Poverty, Heresy, and the Apocalypse** Jerry B

Pierce, 2012-03-29 This is the first study to examine the rise and fall of a medieval religious group the Order of Apostles that began with orthodox support but ended in the fires of heresy Originating in 1260 in Parma the group was founded by Gerard

Segarelli who believed that a life of apostolic poverty was the true path of Christian devotion Segarelli was initially supported by the Church but as his cohort grew in number and fame he was charged with heresy by the powerful Franciscans was tried and burnt as a heretic The Order's control was assumed by Fra Dolcino who led the Apostles into direct opposition to the Roman Church and was himself executed in 1307 This is an important study presenting new findings in the history of medieval heresy as well as placing the Order of Apostles within the larger context of political economic and social history By examining the rise and fall of the Apostles Pierce shows the dramatic consequences of the transformation of European society during the high Middle Ages

*Apocalypse* John R. Hall, 2013-05-02 Winner of the American Sociological Association's Distinguished Book Award in the Religion category For most of us Apocalypse suggests the cataclysmic end of the world Yet in Greek apocalypse means revelation and the real subject of the Book of Revelation is how the sacred arises in history at a moment of crisis and destiny With origins in ancient religions the apocalyptic has been a transformative force from the time of the Crusades through the Reformation the French Revolution and modern communism all the way to the present day Islamic Jihad and War on Terror In *Apocalypse* John R Hall explores the significance of apocalyptic movements and the role they have played in the rise of the West and The Empire of Modernity This brilliant cross disciplinary study offers a novel basis for rethinking our social order and its ambivalent relations to sacred history *Apocalypse* will attract general readers seeking new understandings of the world in challenging times Scholars and students will find a compelling synthesis that draws them into conversation with others interested in religion theology culture philosophy and phenomenology as well as sociology social theory western civilization and world history

*Historical Dictionary of Radical Christianity* William H. Brackney, 2012-05-03 There are several eras in the history of Christianity radical forms of the tradition are obvious the early church of the first five centuries the medieval era the age of reform the early modern era and the contemporary era Radical Christian activity and experience may reflect either a primary or a derived level of spirituality New converts may join a sect or movement with radical characteristics or they may become dissatisfied with their initial Christian experiences and desire a different or deeper Christian spirituality usually closely parallel to that seen in the New Testament The *Historical Dictionary of Radical Christianity* covers the history of this movement and includes an introductory essay and a bibliography The dictionary section has over 400 cross referenced entries The dictionary entries selected reflect the leading groups movements and sects from each major era of Christian history Especially in the contemporary period the great proliferation of radical thinkers and groups has necessitated a selection process with those selected exhibiting sustained group activity possessing an identifiable following and demonstrating a significant cultural impact This book is an excellent access point for students researchers and anyone wanting to know more about Radical Christianity

**Prophecy in the New Millennium** Suzanne Newcombe, Sarah Harvey, 2016-04-15 Secular and spiritual prophets of doom abound in the information rich twenty first century as they have for millennia But there has yet to be worldwide floods meteor impact global computer failure

obvious alien contact or direct intervention from God to end the world as we know it Considering the frequency with which prophecy apparently fails why do prophecies continue to be made and what social functions do they serve This volume gives a concise but comprehensive overview of the rich diversity of prophecy its role in major world religions as well as in new religions and alternative spiritualities its social dynamics and its impact on individuals lives Academic analyses are complimented with contextualized primary source testimonies of those who live and have lived within a prophetic framework The book argues that the key to understanding the more dramatic apocalyptic and millenarian aspects of prophecy is in appreciating prophecy s more mundane manifestations and its role in providing meaning and motivation in everyday life

The Altar at Home Claudia Stokes,2014-09-15 Displays of devout religious faith are very much in evidence in nineteenth century sentimental novels such as Uncle Tom s Cabin and Little Women but the precise theological nature of this piety has been little examined In the first dedicated study of the religious contents of sentimental literature Claudia Stokes counters the long standing characterization of sentimental piety as blandly nondescript and demonstrates that these works were in fact groundbreaking assertive and highly specific in their theological recommendations and endorsements The Altar at Home explores the many religious contexts and contents of sentimental literature of the American nineteenth century from the growth of Methodism in the Second Great Awakening and popular millennialism to the developing theologies of Mormonism and Christian Science Through analysis of numerous contemporary religious debates Stokes demonstrates how sentimental writers rather than offering simple depictions of domesticity instead manipulated these scenes to advocate for divergent new beliefs and bolster their own religious authority On the one hand the comforting rhetoric of domesticity provided a subtle cover for sentimental writers to advance controversial new beliefs practices and causes such as Methodism revivalism feminist theology and even the legitimacy of female clergy On the other hand sentimentality enabled women writers to bolster and affirm their own suitability for positions of public religious leadership thereby violating the same domestic enclosure lauded by the texts The Altar at Home offers a fascinating new historical perspective on the dynamic role sentimental literature played in the development of innumerable new religious movements and practices many of which remain popular today

*Battleground: Religion* Daniel L. Smith-Christopher,2008-12-30 Is there a controversial issue in the contemporary world that does not involve religion Whether it s a debate over the beginning of life or on sexuality and family life or on the stewardship of humans over the environment almost all of the most contentious matters that impact today s society involve people s deeply held religious beliefs Battleground Religion helps clarify these complex topics by examining how various religious beliefs and practices impact current political social and cultural debates Each of the approximately 100 entries examines a hot button issue from war and peace to the culture wars and discusses in a balanced and objective way the points of view on these topics from all parts of the religious spectrum Students will come away from Battleground Religion with a better understanding of the issues that they will be encountering for years to come Each entry includes a

bibliography or resources for further information      The Bible and the American Future Robert Jewett, Wayne Alloway, John G. Lacey, 2010-01-01 What does the Bible say about the American future Does it contain an apocalyptic vision in which conflicts are to be resolved by war Or does it contain a vision of coexistence under some system of conflict management While both visions have biblical foundations the apocalyptic alternative has dominated public discussion in the past generation Most people are not even aware that another vision can be derived from the same Bible and that it transcends the usual definitions of liberal conservative or evangelical politics The essays in this book written by distinguished scholars from various sectors of the theological spectrum throw surprising new light on these questions They were presented as lectures at an extraordinary theological conference sponsored by a large Methodist church in Lincoln Nebraska in October 2009 In contrast to the usual shouting matches between partisans this conference and this book featured liberal and conservative Protestant and Catholic scholars who calmly unearthed new insights about the Bible s relevance for the future of America and the world Readers will be astonished to see these differing viewpoints on the pages of a single book and even more amazed at the new common ground that is prepared by these fresh and profound furrows

### **Longing For The End A History Of Millennialism In Western Civilization Introduction**

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Longing For The End A History Of Millennialism In Western Civilization PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and

innovation in various fields. It is worth noting that while accessing free Longing For The End A History Of Millennialism In Western Civilization PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Longing For The End A History Of Millennialism In Western Civilization free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

### **FAQs About Longing For The End A History Of Millennialism In Western Civilization Books**

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Longing For The End A History Of Millennialism In Western Civilization is one of the best book in our library for free trial. We provide copy of Longing For The End A History Of Millennialism In Western Civilization in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Longing For The End A History Of Millennialism In Western Civilization. Where to download Longing For The End A History Of Millennialism In Western Civilization online for free? Are you looking for Longing For The End A History Of Millennialism In Western Civilization PDF? This is definitely going to save you time and cash in something you should think about.
