Looking At Iran:

Iran Looking East Annalisa Perteghella, 2020-01-12 In February 2018 anticipating the US withdrawal from the JCPOA Iran's Supreme Leader Ayatollah Ali Khamenei declared a policy of preferring East over West thus paving the way for deeper cooperation with Asian powers such as China Russia and India Differently from the Look East policy promoted during the presidency of Ahmadinejad 2005-2013 the current Iranian strategy is not only functional to escape the US led isolation but it rather seems devoted to the consolidation of a block of power which can commit to security and economic schemes in alternative to the Western dominated ones This ISPI report aims to answer few crucial questions Which are the major initiatives promoted within Iran's Look East 2020 strategy To what extent will Tehran succeed in creating a solid Eastern block What will be the influence of the wider geopolitical context And finally what role is left for the EU

Iran and China Shirzad Azad, 2017-02-09 Because of their historical roles and politico economic significance in contemporary international politics Iran and China have perpetually been in the crosshairs of both policy circles and interested observers in almost every other part of the world Crucial interactions touching upon any aspect of Tehran Beijing ties from diplomatic and military links to economic and cultural connections have especially been in the limelight of such riveting inquisitiveness which has often given rise to a flurry of rash comments sensational claims and impetuous conclusions But a detached probe into critical developments involving Iran and China however elucidates this rather inconvenient eventuality that the relations between the two important countries are not essentially based on pivotal principles and clear cut commitments nor do their ties really rest on tenuous thoughts and flimsy foundations devoid of any common interests in short term or well conceived objectives in long run In the same way the two political systems in Tehran and Beijing may ultimately end up each contributing to a separate pole of power regionally and internationally rather than moving faithfully and steadfastly in lockstep with what it requires them to truly materialize their more recent aspiration and design to move toward achieving a very close strategic partnership

Iran's Great Invasion and Why It's Next in Bible Prophecy Mark Davidson, 2017-02-24 What would you do What if you stumbled across a message a simple interpretation of scripture much simpler than scholars had been telling us and it opened your eyes and completely transformed your perspective of the end times What if you knew in your heart and mind it was true because news coming from the Middle East confirmed this message every day What if millions of lives were about to be deeply affected and someone had to say something And what if that someone had to be you What would you do If you want to know the truth regarding present day events in the Middle East and how they will affect you and your family you need to get this book A major fire has been lit and few are paying attention Dr Sonny Payne founder of New Gate Ministries and host of the international television program Jerusalem Chronicles What Mark has done is create a very quick read for those Christians who can feel something coming but can't put their finger on it who know that God is in control but in a world spiraling into chaos don't know where to go scripturally Chris Mantei Northeast Region Community Voice Voice of the Martyrs The message in this book needs to be heard today I wholeheartedly and enthusiastically recommend this book It will change the way you face the future Carl Sutter senior pastor Foundations Church Loveland Colorado

Iran's Relation With Pakistan Dr. Satyanarayan Pattanayak, 2011-08-17 Both Iran and Pakistan represent two distinct patterns of political systems and navigating their relationship is a very difficult task indeed However new developments between them in recent years have created salutary interest among scholars of international relations to focus on their long term relationship This book focuses on various facets of this relationship in a long term perspective by analyzing them under various phases The period from 1947 to 2010 has been chosen to analyse this relationship particularly from an Iranian angle in the context of different ruling systems such as monarchy and theocracy so as to understand the overall state pattern of Iranian foreign policy The book traces the Iranian independence in a modern state system the entire gamut of Iranian foreign policy towards Pakistan followed under a monarchical system an analysis of the relationship of the Islamic Republic of Iran with Pakistan from 1979 to 1989 an in depth study that covers the period from 1990 till the current regime to understand the tone and tenor of a modified theocratic foreign policy pursued under various Iranian Presidents and its approach towards Pakistan and finally leading on to a total assessment of the relationship between the two states with some fresh and prognostic thoughts

Westoxification discourses adopted by the Pahlavi State Union Jason Dowdeswell,2023-02-07 When a military tyrant named Waxman receives covert communications from an agent believed lost in deep space he prepares his army of giant soldiers for war with a faceless deadly enemy known as the Shrie Shrie and an elusive driver named Cal Believing he has the upper hand Waxman dispatches his own army of giant soldiers to lay down a path for annihilation But his trust begins to waver when two of his strongest soldiers in Kayanai Blu and Iran Crowne begin to show signs of possible desertion or worse treason As Kayanai wrestles with his own conscience Waxman must entrust Jevan Khiran another waxen soldier whose prodigal return has made her his confidant to keep both Kayanai and Iran to the task at hand Yet with her own unique ability to fly the enemy ships that can travel the distance of space with the speed of a mere thought she too finds herself cast under the quantum guise of being untrustworthy For like herself in this ability to fly alien technology endures Cal the one responsible for the ceasefire to the lost war Waxman so desperately wants restored And now Waxman will finish it **East**

Asia and Iran Sanctions Shirzad Azad,2022-05-17 This book explores how international sanctions on Iran reshaped the contours of East Asia s interactions with the Middle Eastern state Almost all East Asian political entities from the industrialized and developed nations of Japan and South Korea to the communist and developing countries of China and North Korea have become major international partners of Iran over the past several decades In addition East Asian states were by and large thought to be among leading foreign beneficiaries of Iran sanctions and the overall impacts of sanctions in transforming both the scope and size of their rather multifaceted connections to the Middle Eastern country have been consequential Despite its significance academic studies about this topic have remained sparse and scattered This book aims to partially fill that research lacuna by surveying all relevant information and data available in the archives of several languages including Chinese English Japanese Korean and Persian While the book strives to cover the entire sanctions period most of the analysis focuses on the past one and a half decades when Iran came under the severest sets of international sanctions It was during this particular time period that international quandary over the Iranian nuclear program led to a slew of far reaching penalties and stringent restrictions levied against Iranians by the United Nations and the United States These recent waves of international sanctions and limitations transformed many quintessential characteristics of East Asia s interactions with Iran Such sanctions induced critical developments and changes moreover are bound to play an instrumental role in the direction and volume of exchanges between East Asian states and Iran in the coming years and decades

Hijabs, Hitchhiking and Hangovers: Lessons from Iran Rose Carmichael,2024-03-28 Are you foreign Why would you come to Iran Please tell your friends back home that we are nothing like the Western media These were among the phrases that Rose would hear almost daily in Tehran Hijabs Hitchhiking and Hangovers Lessons from Iran is a coming of age travel adventure At the age of 20 Rose was part of the first group of Cambridge students to study in Iran after Iran re opened its borders to the West Navigating Foreign Office warnings and nuclear sanctions she was at first a rather reluctant traveller

overwhelmed by the culture clashes language barriers and Islamic law Through a collection of short stories Rose tells of how she makes a home in Iran experiences unexpected kindness and gets to grips with the Farsi language At times amusing and at others tragically telling of the harsh realities of Iranian society Hijabs Hitchhiking and Hangovers is a gripping account of self reliance and the often dangerous impact of politics on travel abroad Iran's Destabilizing Role in the Middle East United States. Congress. House. Committee on Foreign Affairs,2014 **Misadventure in the Middle East** Henry Hemming,2010-11-26 Experience the tale of a hapless young artist Yasmine the pick up and an extraordinary journey across the world Ceasefire! Ivan Molloy,2020-02-27 This is a true story On one level it is part my autobiography On another it deals with three generations of my family s active involvement in war terrorism political and social conflict and the tragic emotional and psychological consequences my family endured as a result In 2009 as an Australian academic with expertise in global terrorism and a one time aspiring federal politician I fled to France to try and deal with clinical depression and associated Post Traumatic Stress Disorder PTSD I was fleeing the nightmare of a destroyed career and a shattered family As I tried to battle the Black Dog of depression suicide was a very real option for me But first I decided to write a book about my research and involvement with Muslim terrorists and revolutionary guerrilla groups in the Philippines It was a way of combating a public media campaign that had destroyed my professional and private life But to do this I needed to retrace both my own and my family s earlier experiences with conflicts elsewhere which influenced me to choose such research In so doing I discovered new realities about the psychological condition I was battling and how it impacted on and haunted my own extended family over generations and all due to war and social conflict with horrific human consequences Ultimately I have concluded I m certainly not alone in my struggle I m merely another casualty of a brutal primeval human phenomenon which continually infects the psychology of the next generation It is the phenomenon of the subconscious human struggle for the survival of the fittest Now with a greater understanding of my condition I have at least so far managed a stand off with the Black Dog I realise it wasn t spawned by any particular condition of my own but rather the very nature of human society So far society still fails to take responsibility for generating such a condition and instead still promotes our innate species drive to achieve the survival of the fittest an endgame which usually results in warfare In the 21st century if we do not challenge and change our notion of what is needed to survive then forget the Koreas ISIS nuclear warfare etc human kind will eventually psychologically and then physically self destruct How did I come to this realisation It all played out in a small village called Ouroux En Morvan in France
