## **Looking Within The Misleading Tendencies Of Looking Backward Made Manifest:**

*Looking Within* J. W. Roberts, 1893      **Looking Within: The Misleading Tendencies of Looking Backward Made Manifest** J. W. (John W. ). Roberts, 2022-10-27      *Moving Forward, Looking Back* Sarah M. Misemer, 2010 Many critical shifts in concepts of time and society's consciousness of modernity were derived from the railway and World Standard Time in the nineteenth century. These innovations restructured the way people viewed the world and dealt with public and private time. The forward projectile motion along a linear track mimicked the passage of public chronological time. Conversely, the train also invoked a private nostalgic view of time as the traveler was yanked from his/her traditional view of the space-time continuum via the train's velocity. Travelers observed the landscape disappear in their backward glance from the window although the landscape and interior compartment's space remained stagnant. This optical illusion caused passengers to perceive the world in new ways. Thus, the train unveils a conflictive blend of nostalgia and progress in the River Plate as these countries move forward but look back.      *The Struggle for America's Promise* Claire Goldstone, 2014-04-17 In *The Struggle for America's Promise* Claire Goldstone seeks to untangle one of the enduring ideals in American history that of economic opportunity. She explores the varied discourses about its meaning during the upheavals and corporate consolidations of the Gilded Age. Some proponents of equal opportunity seek to promote upward financial mobility by permitting more people to participate in the economic sphere thereby rewarding merit over inherited wealth. Others use opportunity as a mechanism to maintain economic inequality. This tension embedded with the idea of equal opportunity itself and continually reaffirmed by immigrant populations animated social dissent among urban workers while simultaneously serving efforts by business elites to counter such dissent. Goldstone uses a biographical approach to focus on key figures along a spectrum of political belief as they struggled to reconcile the inherent contradictions of equal opportunity. She considers the efforts of Booker T. Washington in a post-Civil War South to ground opportunity in landownership as an attempt to confront the intersection of race and class. She also explores the determination of the Knights of Labor to define opportunity in terms of controlling one's own labor. She looks at the attempts by Samuel Gompers through the American Federation of Labor as well as by business elites through the National Association of Manufacturers and the National Civic Federation to shift the focus of opportunity to leisure and consumption. *The Struggle for America's Promise* also includes such radical figures as Edward Bellamy and Emma Goldman who were more willing to step beyond the boundaries of the discourse about opportunity and question economic competition itself.      **Catalogue of English Prose Fiction, Including Juveniles and Translations** Brooklyn Public Library, 1894      *Utopian Audiences* Kenneth M. Roemer, 2003 How do readers transform Utopia? How do they manipulate imaginary worlds to gain new perspectives of their own worlds? In order to answer these and other questions, this study employs a wide spectrum of reader response approaches to define the nature and impact of utopian literature.      **Looking Within. Inhaling the inspiring breath of the new life which invigorates the nation so lately struggling in the toils of a lingering death and cheered by the resurrection of all industries from the grave in which they were being utterly buried we hail the dawn of a new era of progress with unspeakable gladness How it was possible for a people once so full of energy to become willing slaves selling their royal birthright for a mess of pottage is a mystery as yet unexplained That such a people could endure bondage of mind and body for three generations is still more astonishing and inexplicable The object of this work is to throw light upon this enigmatical problem warn fellow citizens of the danger that threatens them from the alluring delusion which like an ignis fatuus is leading them along the slippery path of ruin and prevent any such catastrophe ever overtaking our beloved country in the future Let the stern and hard facts speak for themselves as they are uttered by those who relate their own sad experiences in these pages Let the truth cut its onward way and all delusions and sophistries perish at its touch About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works     *The School Review* ,1893     Science Fiction and Fantasy Literature, Vol 1 R.
