Movimientos Sociales En America Latina:

Estado, etnicidad y movimientos sociales en América Latina Víctor Bretón, Francisco García Pascual, 2003

Movimientos sociales en América Latina : el mundo otro en movimiento Raúl Zibechi, 2018-02 Handbook of Social Movements across Latin America Paul Almeida, Allen Cordero Ulate, 2015-07-14 This handbook covers social movement activities in Latin American countries that have had profound consequences on the political culture of the region It examines the developments of the past twenty years such as a renewed upswing in popular mobilization the ending of violent conflicts and military governments new struggles and a relatively more democratic climate It shows that from southern Chiapas to Argentina social movements in the 1990s and especially in the 2000s have reached new heights of popular participation There is a lack of research on the politics of this region in the contemporary era of globalization this volume partially fills the void and offers a rich resource to students scholars and the general public in terms of understanding the politics of mass mobilization in the early twenty first century The contributors each address social movement activity in their own nation and together they present a multidisciplinary perspective on the topic Each chapter uses a case study design to bring out the most prominent attributes of the particular social struggle s for instance the main protagonists in the campaigns the grievances of the population and the outcomes of the struggles This Handbook is divided into seven substantive themes providing overall coherence to a broad range of social conflicts across countries issues and social groups These themes include 1 theory of Latin American social movements 2 neoliberalism 3 indigenous struggles 4 women s movements 5 movements and the State 6 environmental movements and 7 transnational mobilizations Social Movements in Latin America Ronaldo Munck, 2020-10-22 Social movements are a key feature of the political and social landscape of Latin America Ronaldo Munck explores their full range emanating from different sections of Latin American society and motivated by many different concerns including worker organizations peasant and land reform movements Indigenous groups women s movements and environmental groups Although the mosaic of interlocking and connected issues and rights presents a complex map of social concerns and potentially a fragmented political force these movements are likely to be at the centre of any future progressive politics in Latin America As a result they require careful understanding and a more nuanced theoretical approach Drawing on insights from Latin American approaches to social movement theory the book offers a distinctive contribution to social movement literature The text incorporates detailed case studies and a methodological appendix for students wishing to develop their own research agendas in the field **Clases y movimientos sociales en América Latina** Fernando Calderón G., Elizabeth Jelin, 1987 *Clases y movimientos sociales en América Latina* Fernando Calderón G., Elizabeth Jelin, 1987 **The Oxford Handbook of Latin American Social Movements** Federico M. Rossi, 2023 Cover Page Half Title Series Page Title Page Copyright Dedication Contents About the Editor About the Contributors Introduction 1 Multiple Paradigms for Understanding a Mobilized Region Part I Theoretical Perspectives 2

Neoextractivism and Territorial Disputes in Latin America Penelope Anthias, Pabel C. López Flores, 2023-09-27 This book reflects on the continuing expansion of extractive forms of capitalist development into new territories in Latin America and the resistance movements that are trying to combat the ecological and social destruction that follows Latin American development models continue to prioritise extractivism the intensive exploitation and exportation of nature in its primary commodity form This constant expansion of the extractive frontier into new territories leads to forms of place based resistance negotiation and struggle in which competing territorial projects and claims are at stake This book uncovers the underlying trends and dynamics of these territorialities in dispute and the socio ecological resistance movements that are emerging as marginalized communities struggle to reclaim their territorial rights and defend and protect their right of access to the global commons A focus on territorialities in dispute renders visible the unsustainable expansion of extractivist territories and opens up new horizons to learn from these processes and to consider post extractivist post development imaginings of another world and alternate futures as well as the challenges to their realisation This book will be of interest to both students and researchers in the fields of international development political ecology critical geography social anthropology as well as to activists engaged in socio ecological eco territorial movements

Women's Activism in Latin America and the Caribbean Elizabeth Maier, Nathalie Lebon, 2010-05-06 Women's Activism in Latin America and the Caribbean brings together a group of interdisciplinary scholars who analyze and document the diversity vibrancy and effectiveness of women's experiences and organizing in Latin America and the Caribbean during the past four decades Most of the expressions of collective agency are analyzed in this book within the context of the neoliberal model of globalization that has seriously affected most Latin American and Caribbean women's lives in multiple ways Contributors explore the emergence of the area's feminist movement dictatorships of the 1970s the Central American uprisings the urban grassroots organizing for better living conditions and finally the turn toward public policy and formal political involvement and the alternative globalization movement Geared toward bridging cultural realities this volume represents women's transformations challenges and hopes while considering the analytical tools needed to dissect the realities understand the alternatives and promote gender democracy

The Dynamics of Social Change in Latin America Henry Veltmeyer, J. Petras, 1999-11-10 This study examines fundamental theoretical and conceptual issues of social change in Latin America in the context of detailed empirical analysis It challenges the major assumptions and propositions that underlie globalization theory reworking and fine tuning the concepts of imperialism and social class as relevant to understanding the new world order The study centers on the structural features of Latin America and the state policies reconcentrating power in the capitalist class at the expense of labor The study surveys the contradictory tendencies of concentrated wealth and power and the emergence of new socio political movements and alternative development strategies to the dominant

Historical and Future Global Impacts of Armed Groups and Social Movements: Emerging Research and Opportunities Baisotti, Pablo Alberto, Pozzi, Pablo, 2020-06-05 Resistance movements to economic measures and militaristic policies have been increasing in Latin America and the Caribbean since the 1960s Indigenous and peasant movements are advancing against the exploitation of their territories by mining oil and other companies as well as movements of migrants women and other popular rural and urban sectors Historical and Future Global Impacts of Armed Groups and Social Movements Emerging Research and Opportunities is an essential scholarly publication that examines resistance and alternative movements that protest existing government systems and political injustice Featuring a wide range of topics such as neoliberalism social movement and dictatorship this book is ideal for politicians historians diplomats sociologists international relations officers policymakers researchers professionals government officials academicians and students

Indigenous Political Representation in Latin America Adrian Albala, Alejandro Natal, 2023-07-19 This book presents a comparative analysis of the struggles of Latin American indigenous peoples for effective representation in national political systems in the region Through a detailed exploration of the political dynamics of indigenous groups and examples of mechanisms of political representation the studies in this book reveal how power relations cleavages and indigenous civil society organizations are essential to our understanding of indigenous political participation These studies closely inspect how collective action builds up at local level in grassroots organizations and how it then articulates or not with larger mechanisms of regional and national political representation providing a more comprehensive and comparative assessment of why and when representation works and fails for indigenous people This contributed volume is organized around one general and comparative chapter on indigenous political representation in Latin America followed by eight case studies divided into three main groups The first group includes cases with a more inclusive political environment such as Bolivia Ecuador and Guatemala The second group brings together cases with certain representation and or active indigenous elites Colombia Mexico and Paraguay The third group presents outlier cases with potential indigenous issues Peru and Chile Finally the last chapter brings together reflections on how mechanisms for effective political representation can be improved and how indigenous organizations can be fostered to ensure effective political representation Indigenous Political Representation in Latin America will be of interest to political scientists sociologists and anthropologists studying both indigenous collective action and political representation by presenting a discussion on how to structure representation mechanisms capable of politically integrate the ethnic diversity of Latin American countries in order to build a multicultural citizenship It will also help policy makers and activists by discussing the successes and failures of effective indigenous political representation in Latin America

The New Latin America Fernando Calderón, Manuel Castells, 2020-08-04 Latin America has experienced a profound transformation in the first two

decades of the 21st century it has been fully incorporated into the global economy while excluding regions and populations devalued by the logic of capitalism Technological modernization has gone hand in hand with the reshaping of old identities and the emergence of new ones The transformation of Latin America has been shaped by social movements and political conflicts The neoliberal model that dominated the first stage of the transformation induced widespread inequality and poverty and triggered social explosions that led to its own collapse A new model neo developmentalism emerged from these crises as national populist movements were elected to government in several countries The more the state intervened in the economy the more it became vulnerable to corruption until the rampant criminal economy came to penetrate state institutions Upper middle classes defending their privileges and citizens indignant because of corruption of the political elites revolted against the new regimes undermining the model of neo developmentalism In the midst of political disaffection and public despair new social movements women youth indigenous people workers peasants opened up avenues of hope against the background of darkness invading the continent This book written by two leading scholars of Latin America provides a comprehensive and up to date account of the new Latin America that is in the process of taking shape today It will be an indispensable text for students and scholars in Latin American Studies sociology politics and media and communication studies and anyone interested in Latin America today

Regional and International Cooperation in South America After COVID Melisa Deciancio, Cintia Quiliconi, 2022-07-22 This volume analyses South American regional and international cooperation during the COVID19 crisis started in 2020 Across thirteen chapters a collection of leading experts address how regional collaboration has developed evolved and recoiled The chapters explore the state of regionalism at the pandemic surge and the challenges and opportunities this situation has opened for regional and international cooperation Authors analyze the role of extra regional powers and traditional regional leaders during the pandemic identifying the extent to which regional cooperation has been possible across several policy agendas They argue that fragmented visions of regionalism ideological polarization and weak leadership has prevailed from before the pandemic which accompanied by adverse interactions among major powers has ensured that cooperation has remained bilateral rather than regional Ultimately all these factors have created a complex scenario in which disintegration dynamics have emerged darkening even more the South American regional panorama Regional and International Cooperation in South America After COVID will be an invaluable resource for students scholars and policy specialists of regionalism and regional integration Latin American studies international relations and international political economy

Antifascism and Sociology Ana Alejandra Germani, 1999-11-30 In this fascinating account of the master social scientist and policy innovator Gino Germani written by his daughter the reader will find a rich social and intellectual history Germani's life traversed Italy under Mussolini's fascism Argentina under Peronism and North America during the glorious days of the social sciences postwar expansion With high irony the biography concludes with Germani's return to Naples Italy as what Ana Germani correctly calls an outsider in the

homeland This is a volume that should be uniquely appealing to area specialists social psychologists and those concerned with the cross currents of politics and society From his youth in Italy which he left as a result of persecution by the Fascist authorities through his long and distinguished career in international social science and a career carved out in a series of exiles Germani maintained a unity of purpose based on a liberal world outlook in political terms and a struggle against totalitarianism Social science was the cement that bound Germani s affirmations of democracy and his opposition to dictatorship In Argentina Germani is recognized as the founder of modern scientific sociology There as elsewhere his work was grounded on the presumption that a biometric society was the ground on which all science develops Living and working during one of the most fertile periods in the development of social research in Argentina Germani was the central protagonist of its most fertile period Argentina served as a central focal point for discussion and debate on the practices of modern societies and the cultural forms Whether in Italy Argentina or the United States German s work took seriously the individual and transpersonal events that helped form social structures of modernization The book is rich in details providing a full bibliography of the works of Germani his relationships with foundations universities and personnel and brief profiles of individuals who worked with and knew him

Movimientos Sociales En America Latina Book Review: Unveiling the Power of Words

In a world driven by information and connectivity, the power of words has become more evident than ever. They have the capacity to inspire, provoke, and ignite change.
