Wisse, 2003-04-15 What makes a great Jewish book

In fact what makes a book Jewish in the first place Ruth R Wisse eloquently fields these questions in *The Modern Jewish Canon* her compassionate insightful guide to the finest Jewish literature of the twentieth century From Isaac Babel to Isaac Bashevis Singer Elie Wiesel to Cynthia Ozick Wisse's *The Modern Jewish Canon* is a book that every student of Jewish literature and every reader of great fiction will enjoy *Modern Orthodoxies* Lisa Mulman,2013-09-13 This study introduces a genuine provocative religious vocabulary into the discourse on Modernist art and literature Mulman looks at key texts and figures of the Modern period including Henry Roth Amedeo Modigliani James Joyce and Art Spiegelman revealing a significant engagement with the rituals of Jewish observance and the structure of Talmudic interpretation While critics often view the formal experimentation of High Modernism as a radical departure from conventional beliefs this book shows that these aspects of Modernist art are deeply entwined with and indebted to the very traditions that they claim to be writing against As such the book offers a unique and truly multidisciplinary approach to Modernist studies and a cogent analysis of the ways in which spirituality informs artistic production

[Harbors, Flows, and Migrations](#) Anna De Biasio,Gianna Fusco,2017-05-11 Poised between the land and the sea enabling the dynamic flow of people and goods while also figuratively representing a safe place of rest and refuge the harbor constitutes a liminal ambivalent space par excellence that has been central to the American imagination and history since the early colonial days From the mythical tales of discovery and foundation to the endless flows of migrants through the dark pages of the slave trade and the imperialistic dream of an ever expanding nation harbors both as a trope and as physical spaces powerfully signify the American experience Today at a time when ideas of border protection and policing gain political prominence in the U S and elsewhere harbors and the constellation of meanings they subsume have become an even more crucial object of critical inquiry In this

volume thirty two American Studies scholars from around the world interrogate the manifold significance of ports and of the exchanges they enable or restrain casting a decentered look onto the complex positioning of the United States in its political ideological and cultural relationships with the rest of the world This collection thus offers a cutting edge interdisciplinary investigation of the U S A engaging the most recent trends in American Studies and actively participating in the international and transnational reconfiguration of the field

Strangers at Home Rita Keresztesi,2005-01-01 Strangers at Home reframes the way we conceive of the modernist literature that appeared in the period between the two world wars This provocative work shows that a body of texts written by ethnic writers during this period poses a challenge to conventional notions of America and American modernism By engaging with modernist literary studies from the perspectives of minority discourse postcolonial studies and postmodern theory Rita Keresztesi questions the validity of modernism s claim to the neutrality of culture She argues that literary modernism grew out of a prejudiced racially biased and often xenophobic historical context that necessitated a politically conservative and narrow definition of modernism in America With the changing racial ethnic and cultural makeup of the nation during the interwar era literary modernism also changed its form and content Contesting traditional notions of literary modernism Keresztesi examines American modernism from an ethnic perspective in the works of Harlem Renaissance immigrant and Native American writers She discusses such authors as Countee Cullen Nella Larsen Zora Neale Hurston Anzia Yezierska Henry Roth Josephina Niggli Mourning Dove D Arcy McNickle and John Joseph Mathews among others Strangers at Home makes a persuasive argument for expanding our understanding of the writers themselves as well as the concept of modernism as it is currently defined

Trinity of Passion Alan M. Wald, 2011-04-01 The second of three volumes by Alan Wald that track the political and personal lives of several generations of U S left wing writers Trinity of Passion carries forward the chronicle launched in Exiles from a Future Time The Forging of the Mid Twentieth Century Literary Left In this volume Wald delves into literary emotional and ideological trajectories of radical cultural workers in the

era when the International Brigades fought in the Spanish Civil War 1936-39 and the United States battled in World War II 1941-45. Probing in rich and haunting detail the controversial impact of the Popular Front on literary culture, he explores the ethical and aesthetic challenges that pro-Communist writers faced. Wald presents a cross-section of literary talent from the famous to the forgotten, the major to the minor. The writers examined include Len Zinberg, Ed Lacy, John Oliver Killens, Irwin Shaw, Albert Maltz, Ann Petry, Chester Himes, Henry Roth, Lauren Gilfillan, Ruth McKenney, Morris U. Schappes, and Jo Sinclair. He also uncovers dramatic new information about Arthur Miller's complex commitment to the Left. Confronting heartfelt questions about Jewish masculinity, racism at the core of liberal democracy, the corrosion of utopian dreams, and the thorny interaction between antifascism and Communism, Wald re-creates the intellectual and cultural landscape of a remarkable era.

Ethnic Modernism Werner Sollors, 2008. Werner Sollors's monograph looks into how African American, European immigrant, and other minority writers gave the United States its increasingly multicultural self-awareness, focusing on their use of the strategies opened up by modernism.

The Cambridge Companion to Jewish American Literature Hana Wirth-Nesher, Michael P. Kramer, 2003-06-12. For more than two hundred years, Jews have played important roles in the development of American literature. The Cambridge Companion to Jewish American Literature addresses a wide array of themes and approaches to the distinct yet multifaceted body of Jewish American literature. Essays examine writing from the 1700s to major contemporary writers such as Saul Bellow and Philip Roth. Topics covered include literary history, immigration, and acculturation; Yiddish and Hebrew literature; popular culture; women writers; literary theory and poetics; multilingualism; the Holocaust; and contemporary fiction. This collection of specially commissioned essays by leading figures discusses Jewish American literature in relation to ethnicity, religion, politics, race, gender, ideology, history, and ethics, and places it in the contexts of both Jewish and American writing. With its chronology and guides to further reading, this volume will prove valuable to scholars and students alike.

Insider/Outsider David Biale, Michael Galchinsky, Susannah Heschel, 1998-03-25. Invaluable reading for anyone interested in multiculturalism. Julius Lester, author of *Lovesong*, I know of no other work that through numerous insights and useful distinctions, so alerts us to and comprehensively documents the ongoing constitutive role of Christian and anti-semitic perceptions of Jewish existence and the interactions between them. Whereas much contemporary historiography has become so specialized that historians have surrendered the larger picture, Biale's panoramic perspective reveals the great value and interest of this work.

Steven E. Aschheim, author of *Beyond the Border: The German Jewish Legacy Abroad*.

Members of the Tribe Rachel Rubinstein, 2010-03-15. A history of representations of American Indians in Jewish literature and popular media. In *Members of the Tribe: Native America in the Jewish Imagination*, author Rachel Rubinstein examines interventions by Jewish writers into an ongoing American fascination with the imaginary Indian. Rubinstein argues that Jewish writers represented and identified with the figure of the American Indian differently than their white counterparts, as they found in this figure a mirror for their own anxieties about tribal and national belonging.

Through a series of literary readings Rubinstein traces a shifting and unstable dynamic of imagined Indian Jewish kinship that can easily give way to opposition and especially in the contemporary moment competition In the first chapter *Playing Indian Becoming American* Rubinstein explores the Jewish representations of Indians over the nineteenth century through narratives of encounter and acts of theatricalization In chapter 2 *Going Native Becoming Modern* she examines literary modernism s fascination with the Indian poet and a series of Yiddish translations of Indian chants that appeared in the modernist journal *Shriftn* in the 1920s In the third chapter *Red Jews* Rubinstein considers the work of Jewish writers from the left including Tillie Olsen Michael Gold Nathanael West John Sanford and Howard Fast and in chapter 4 *Henry Roth Native Son* Rubinstein focuses on Henry Roth s complicated appeals to Indianness The final chapter *First Nations* addresses contemporary contestations between Jews and Indians over cultural and territorial sovereignty in literary and political discourse as well as in museum spaces As Rubinstein considers how Jews used the figure of the Indian to feel at home in the United States she enriches ongoing discussions about the ways that Jews negotiated their identity in relation to other cultural groups Students of Jewish studies and literature will enjoy the unique insights in *Members of the Tribe*
