Pitofsky, 2014-07-18 When boarding school fiction became popular in the 19th century it tended to be warm and nostalgic filled with sporting events practical jokes and schemes to get even with campus bullies All of that changed in the era discussed in this book Holden Caulfield the narrator of J D Salinger's *The Catcher in the Rye* drops out of one prep school and is expelled from two others The conflicts

between students in John Knowles's *Devon School* novels become so heated that two young men die. And in the controversial novel *Good Times Bad Times* James Kirkwood portrays the headmaster of a private academy as closeted, deeply neurotic and infatuated with an 18-year-old who has recently enrolled at his school. In spite of their unsettling images of anguish and cruelty, these and other American boarding school novels have attracted large audiences and influenced countless school narratives in fiction, drama, television, and film. Many books have been written about British school stories. This is the first study that explores the history of boarding school fiction in the United States.

A broad cultural history of the postwar US, this book traces how middle-class white Americans increasingly embraced figures they understood as outsiders and used them to re-imagine their own cultural position as marginal and alienated. The American Popular Novel After World War II David Willbern, 2013-04-05. Through the perspectives of selected best-selling novels from the end of World War II to the end of the 20th century, including *The Catcher in the Rye*, *To Kill a Mockingbird*, *The Godfather*, *Jaws*, *Beloved*, *The Silence of the Lambs*, and *Jurassic Park*, this book examines the crucial issues the US was experiencing during those decades. These novels represent the voices of popular conversations as Americans considered issues of family, class, racism, and sexism, feminism, economic ambition, sexual violence, war, law, religion, and science. Through the windows of fiction, the book surveys the Cold War and anti-communism, the prefeminist era of the 1950s and the sexual revolution of the 1970s, forms of corporate power in the 1960s and 1980s, the traumatic legacies of slavery and Vietnam, the American fascination with lawyers, cops, and criminals, alternate styles of romance in the era of late capitalism, our abiding distrust of science, and our steadfast wonder about the Great Mysteries.

The Search for Selfhood in Modern Literature M. Roston, 2001-09-05. The scientific achievements of the modern world failed to impress the leading writers of this century, leaving them instead profoundly disturbed by a sense of lost values and of the insignificance of the individual in a universe seemingly indifferent to human concerns. In *The Search for Selfhood in Modern Literature*, Roston explores the strategies adopted by such mid-century authors as Greene, Salinger, Osborne, Baldwin, and others in their attempt to cope with the spiritual vacuity. Strategies including the emergence of the anti-hero and of literary existentialism are offered in the course of the investigation, fascinatingly new insights into their work.
